Area Code 202

Published daily, Monday through Friday (no publication on Saturdays, Sundays, or on official Federal holidays), by the Office of the Federal Register, National Archives and Records Service, General Services Administration, Washington, D.C. 20408, under the Federal Register Act (49 Stat. 500, as amended; 44 U.S.C., Ch. 15) and the regulations of the Administrative Committee of the Federal Register (1 CFR Ch. I). Distribution is made only by the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

The FEDERAL REGISTER provides a uniform system for making available to the public regulations and legal notices issued by Federal agencies. These include Presidential proclamations and Executive orders and Federal agency documents having general applicability and legal effect, documents required to be published by Act of Congress and other Federal agency documents of public interest. Documents are on file for public inspection in the Office of the Federal Register the day before they are published, unless earlier filing is requested by the issuing agency.

The FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for \$5.00 per month or \$50 per year, payable in advance. The charge for individual copies is 75 cents for each issue, or 75 cents for each group of pages as actually bound. Remit check or money order, made payable to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

There are no restrictions on the republication of material appearing in the FEDERAL REGISTER.

## Title 3—The President

PROCLAMATION 4500

### National Defense Transportation Day and National Transportation Week, 1977

*By the President of the United States of America*

#### A Proclamation

Our nation's transportation network provides us with the goods and services we need and the mobility in work and play that we want.

While our transportation systems have improved in recent years, they can still be made more efficient, accessible, and responsive to the needs of the nation. The Federal Government should take the lead in establishing and carrying out policies to help reduce energy consumption, curtail environmental abuses, and increase competition.

In recognition of the importance of reliable transportation to our economy and defense, and to encourage continued work on the problems that face our cities, roads, rail, air and water ways, the Congress has requested the President to proclaim annually the third Friday in May as National Defense Transportation Day, and the week in which that day falls as National Transportation Week (71 Stat. 30, 36 U.S.C. 160; 76 Stat. 69, 36 U.S.C. 166).

NOW, THEREFORE, I, JIMMY CARTER, President of the United States of America, do hereby designate Friday, May 20, 1977, as National Defense Transportation Day, and the week beginning May 15, 1977, as National Transportation Week.

I urge the Governors of our States and the Commonwealth of Puerto Rico, the Mayor of the District of Columbia, and local officials to issue similar proclamations. I call upon individuals and organizations concerned with transportation, educators, the communications media, and the American people to join with the Department of Transportation in observing this day and week with appropriate ceremonies and activities.

IN WITNESS WHEREOF, I have hereunto set my hand this thirteenth day of April, in the year of our Lord nineteen hundred seventy-seven, and of the Independence of the United States of America the two hundred and first.

This section of the FEDERAL REGISTER contains regulatory documents having general applicability and legal effect most of which are keyed to and codified in the Code of Federal Regulations, which is published under 50 titles pursuant to 44 U.S.C. 1510. The Code of Federal Regulations is sold by the Superintendent of Documents. Prices of new books are listed in the first FEDERAL REGISTER issue of each month.

## Title 7—Agriculture

### CHAPTER IX—AGRICULTURAL MARKETING SERVICE (MARKETING AGREEMENTS AND ORDERS; FRUITS, VEGETABLES, NUTS), DEPARTMENT OF AGRICULTURE

[Navel Orange Reg. 409]

#### PART 907—NAVEL ORANGES GROWN IN ARIZONA AND DESIGNATED PART OF CALIFORNIA

##### Limitation of Handling

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Final Rule.

SUMMARY: This regulation establishes the quantity of California-Arizona navel oranges that may be shipped to fresh market during the weekly regulation period April 15-21, 1977. This regulation is needed to provide for orderly marketing of fresh navel oranges for the regulation period because of the production and marketing situation confronting the navel orange industry.

EFFECTIVE DATE: April 15, 1977.

FOR FURTHER INFORMATION CONTACT:

Charles R. Brader, Deputy Director, Fruit and Vegetable Division, Agricultural Marketing Service, U.S. Department of Agriculture, Washington, D.C. 20250, (202) 447-3545.

#### SUPPLEMENTARY INFORMATION:

(a) *Findings.* (1) Pursuant to the amended marketing agreement and Order No. 907, as amended (7 CFR Part 907), regulating the handling of navel oranges grown in Arizona and designated part of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674, and upon the basis of the recommendations and information submitted by the Navel Orange Administrative Committee, established under the amended marketing agreement and order, and upon other available information, it is found that the limitation of handling of such navel oranges, as provided in this regulation will tend to effectuate the declared policy of the act.

(2) The need for this regulation to limit the quantity of navel oranges that may be marketed during the specified week stems from the production and marketing situation confronting the navel orange industry.

(i) The committee has submitted its recommendation for the quantity of navel oranges it considers advisable to be handled during the specified week. The recommendation resulted from con-

sideration of the factors covered in the order. The committee further reports the demand for navel oranges is very strong for first grade fruit, but choice grade and all larger sized fruit is being discounted. Average f.o.b. price was \$3.77 per carton on a reported sales volume of 1,168 cartons last week, compared to \$3.84 per carton on sales of 1,225 cartons a week earlier. Track and rolling supplies at 584 cars were up 55 cars from last week.

(ii) Having considered the recommendation and information submitted by the committee, and other available information, the Secretary finds that the quantity of navel oranges which may be handled should be established as provided in this regulation.

(3) It is further found that it is impracticable and is contrary to the public interest to give preliminary notice, engage in public rulemaking procedure, and postpone the effective date until 30 days after publication in the FEDERAL REGISTER (5 U.S.C. 553), because the time intervening between the date when information upon which this regulation is based became available and the time when it must become effective to effectuate the declared policy of the act is insufficient. A reasonable time is permitted, for preparation for the effective time; and good cause exists for making the regulation effective as specified. The committee held an open meeting during the current week, after giving due notice, to consider supply and market conditions for navel oranges and the need for regulation. Interested persons were afforded an opportunity to submit information and views at this meeting. The recommendation and supporting information for regulation during the period specified were promptly submitted to the Secretary after the meeting was held, and information concerning the provisions and effective time has been provided to handlers of navel oranges. It is necessary, to effectuate the declared policy of the act, to make this regulation effective as specified. The committee meeting was held on April 12, 1977.

§ 907.709 Navel Orange Regulation 409.

(b) *Order.* (1) The respective quantities of navel oranges grown in Arizona and designated part of California which may be handled during the period April 15, 1977, through April 21, 1977, are hereby fixed as follows:

- (i) District 1: 1,200,000 cartons;
- (ii) District 2: Unlimited Movement;
- (iii) District 3: Unlimited Movement.

(2) As used in this section, "handled," "District 1," "District 2," "District 3," and "carton" have the same meaning as

when used in said amended marketing agreement and order.

(Secs. 1-19, 48 Stat. 31, as amended; 7 U.S.C. 601-674.)

Dated: April 13, 1977.

Deputy Director, Fruit and  
Vegetable Division, Agricultural  
Marketing Service.

## Title 8—Aliens and Nationality

### CHAPTER I—IMMIGRATION AND NATURALIZATION SERVICE, DEPARTMENT OF JUSTICE

#### PART 211—DOCUMENTARY REQUIREMENTS: IMMIGRANTS; WAIVERS

##### PART 223a—REFUGEE TRAVEL DOCUMENT

#### Removal of Restrictions on Travel by Aliens

AGENCY: Immigration and Naturalization Service, Justice.

ACTION: Final rule.

SUMMARY: The amendments contained in this order remove the restrictions on travel to certain communist and communist dominated countries specified or referred to in Immigration and Naturalization Service regulations. These restrictions apply to aliens lawfully admitted to the United States for permanent residence and to aliens who are applicants for or holders of Refugee Travel Documents which are issued under those regulations. These amendments will give aliens the same freedom to travel as is enjoyed by citizens. These restrictions are being removed in furtherance of President Carter's human rights objectives.

EFFECTIVE DATE: April 14, 1977.

FOR FURTHER INFORMATION CONTACT:

James G. Hoofnagle, Jr., Instructions Officer, Immigration and Naturalization Service, 425 Eye Street, N.W., Washington, D.C. 20536. 202-376-8373.

SUPPLEMENTARY INFORMATION: Existing 8 CFR 211.1(b) and 22 CFR 46.3 (k) and (l) contain restrictions on travel by aliens who have been lawfully admitted into the United States for permanent residence. Also, existing 8 CFR 223a.3 and 223a.5(b) (2) contain similar travel restrictions on aliens who are applicants for or holders of Refugee Travel Documents issued under 8 CFR Part 223a. In order to provide aliens the same freedom to travel as is enjoyed by citizens of the United States, the Acting Secretary of State, by order concurred in by

the Attorney General (published elsewhere in this issue of the *FEDERAL REGISTER*) has deleted the restrictions on travel by lawful permanent residents set forth in 22 CFR 46.3 (k) and (l).

In accordance with the objectives of the President, and in conformity with the joint order of the Department of State and Department of Justice deleting 22 CFR 46.3(k) and (l), the Service will amend 8 CFR 211.1(b), and 8 CFR 223a.3 and 223a.5(b) (2) to remove the travel restrictions therein applicable to aliens lawfully admitted for permanent residence and to aliens who are applicants for or holders of Refugee Travel Documents issued under 8 CFR Part 223a.

In the light of the foregoing, the following amendments are hereby prescribed to Parts 211 and 223a of Title 8 of Chapter I of the Code of Federal Regulations:

In Part 211, §§ 211.1(b) (1), (2), and (3), are revised to read as follows:

§ 211.1 Visas.

(b) *Aliens returning to an unrelinquished lawful permanent residence*—(1) *Form I-151 or I-551 Alien Registration Receipt Card*. An immigrant alien returning to an unrelinquished lawful permanent residence in the United States after a temporary absence abroad not exceeding one year may present an Alien Registration Receipt Card (Form I-151 or I-551) duly issued to him in lieu of an immigrant visa. An alien regularly serving as a crewman in any capacity required for normal operation and services aboard an aircraft or vessel of American registry who is returning to an unrelinquished lawful permanent residence in the United States after a temporary absence abroad not exceeding one year may present an Alien Registration Receipt Card (Form I-151 or I-551) duly issued to him in lieu of an immigrant visa. A spouse or a child of a member of the Armed Forces of the United States or of a civilian employee of the United States Government stationed foreign pursuant to official orders may present an Alien Registration Receipt Card (Form I-151 or I-551) when returning to an unrelinquished lawful permanent residence in the United States after a temporary absence abroad: *Provided*, Such spouse or child resided abroad while such member of the Armed Forces or such civilian employee was on overseas duty and is preceding or accompanying the member or employee or is following to join the member or employee within four months of the member's or employee's return to the United States.

(2) *Reentry permit*. An immigrant alien returning to an unrelinquished lawful permanent residence in the United States after a temporary absence abroad may present a valid unexpired reentry permit duly issued to him in lieu of a immigrant visa. A refugee travel document issued to a lawful permanent resident pursuant to Part 223a of this chapter shall be regarded as a reentry permit.

(3) *Waiver of visas*. An immigrant

alien returning to an unrelinquished lawful permanent residence in the United States after a temporary absence abroad who satisfies the district director in charge of the port of entry that there is good cause for his failure to present an immigrant visa, Form I-151 or I-551, or reentry permit may, upon application on Form I-193, be granted a waiver of that requirement. If the returning resident alien is not presenting Form I-151 or I-551 because he has lost it, a Form I-90 (application for a replacement Form I-151) in duplicate may be filed with the district director having jurisdiction over the port of entry who may in his discretion grant or deny without appeal a waiver of the required immigrant visa, reentry permit or Form I-151 or I-551, by an immigrant alien who is returning to an unrelinquished lawful permanent residence in the United States after a temporary absence abroad not exceeding one year; filing the I-90 will serve not only as an application for replacement but also as an application for waiver of passport and visa without the necessity of a separate filing of Form I-193. An alien who is granted a waiver under this part upon presentation of Form I-90 shall, after admission into the United States, comply with the requirements of § 264.1(c) of this chapter.

In Part 223, § 223a.3 is revised by deleting the fourth sentence thereof, and as revised § 223a.3 reads as follows:

§ 223a.3 Eligibility.

Any alien physically present in the United States may apply for a refugee travel document if he believes he is a refugee. A refugee travel document shall be issued to a refugee whose presence in the United States is lawful unless compelling reasons of national security or public order otherwise require; lawful presence, as used herein, does not include brief presence as a transit or crewman, or any other presence so brief as not to signify residence even of a temporary nature. A refugee travel document may be issued, in the exercise of discretion, to any other refugee unless reasons of national security or public order otherwise require; sympathetic consideration shall be given to such an application unless the Service intends to expel or exclude the alien from the United States. An alien who is a lawful permanent resident and who is in possession of a reentry permit issued pursuant to section 223 of the Act and Part 223 of this chapter may be issued a refugee travel document only if he surrenders the reentry permit to the Service.

Section 223a.5(b) is revised by revoking paragraph (b) (2) *Area restrictions* in its entirety, and by redesignating existing paragraphs (b) (3) and (4) as (b) (2) and (3) respectively. As revised, § 223a.5(b) reads as follows:

§ 223a.5 Validity of refugee travel document.

(b) *Invalidity*—(1) *False application*. A refugee travel document shall be in-

valid if the alien obtained it by making a material false representation or concealment in his application.

(2) *Exclusion or deportation proceedings*. A refugee travel document shall be invalid if the alien is ordered excluded or deported.

(3) *Aliens who are no longer refugees*. A refugee travel document shall be invalid if the United Nations Convention of July 28, 1951, shall cease to apply or shall not apply to the alien as provided in Article 1 C, D, E, or F of the Convention.

(Secs. 103, 215, 223, Immigration and Nationality Act (8 U.S.C. 1103, 1185, 1203); Proc. No. 3004 of January 17, 1953).

The above amendments are issued pursuant to section 552 of Title 5 of the United States Code (80 Stat. 383), as amended by Pub. L. 93-502 (88 Stat. 1561) and the authority contained in section 103 of the Immigration and Nationality Act (8 U.S.C. 1103), 28 CFR 0.105 (b) and 8 CFR 2.1. Compliance with section 553 of Title 5 of the United States Code as to notice of proposed rule making and delayed effective date is unnecessary in this instance because the amendments contained in this order relieve restrictions on the persons affected thereby.

*Effective date*: The amendments prescribed in this order become effective on April 14, 1977.

Dated: April 11, 1977.

PART 7—TEMPORARY INCOME TAX REGULATIONS UNDER THE TAX REFORM ACT OF 1976

Investment Credit for Movie and Television Films Placed in Service in a Taxable Year Beginning Before January 1, 1975, Which Are Subject to the Forty-Percent Election

AGENCY: Internal Revenue Service, Treasury.

ACTION: Temporary regulations.

SUMMARY: This document contains an amendment to temporary regulations

providing rules for taxpayers to use in electing the forty-percent method of determining investment credit for movie and television films placed in service in a taxable year beginning before January 1, 1975. This election is provided for under section 804(c) (2) of the Tax Reform Act of 1976. These regulations affect certain taxpayers desiring to make the forty-percent election and provide them with the guidance needed to make the election.

DATE: Taxpayer action to make the election must be made by April 25, 1977.

FOR FURTHER INFORMATION CONTACT:

Lawrence M. Axelrod of the Legislation and Regulations Division, Office of the Chief Counsel, Internal Revenue Service, 1111 Constitution Avenue NW., Washington, D.C. 20224 (Attention: CC:LR:T) (202-566-4454).

SUPPLEMENTARY INFORMATION:

This Treasury decision amends temporary regulations under section 804(c) (2) of the Tax Reform Act of 1976 that were published in the FEDERAL REGISTER for Thursday, March 31, 1977 (42 FR 17122). Those regulations provide that certain action must be made by April 4, 1977, by taxpayers that wish to make the election provided by section 804(c) (2) for a tax investment credit for certain movie and television films. This Treasury decision amends the regulations to provide that taxpayers are given to April 25, 1977, to take the necessary action.

DRAFTING INFORMATION: The principal author of this regulation was Robert A. Bley of the Legislation and Regulations Division of the Office of Chief Counsel, Internal Revenue Service. However, personnel from other offices of the Internal Revenue Service and Treasury Department participated in developing the regulation, both on matters of substance and style.

ADOPTION OF AMENDMENT TO THE REGULATIONS

Accordingly, paragraphs (b) (1) and (b) (5) of § 7.48-2 (26 CFR Part 7), as published in the FEDERAL REGISTER for Thursday, March 31, 1977 (42 FR 17122) are amended by striking out "April 4, 1977" and inserting in lieu thereof "April 25, 1977".

There is a need for immediate guidance with respect to the provisions contained in this Treasury decision. For this reason, it is found impracticable to issue it with notice and public procedure under subsection (b) of section 553 of Title 5 of the United States Code or subject to the effective date limitation of subsection (d) of that section.

(Sec. 7805, Internal Revenue Code of 1954 (68A Stat. 917; 26 U.S.C. 7805), sec. 804(c)

(2) (C) and (D), Tax Reform Act of 1976 (80 Stat. 1535).)

<sup>1</sup> Copies of the Complaint and Decision and Order filed with the original document.

<sup>1</sup> Copies of the Complaint and Decision and Order filed with the original document.

The order to cease and desist, including further order requiring report of compliance therewith, is as follows:

ORDER

It is ordered, That respondents Everseal Waterproofing Corporation, a corporation, Everseal Waterproofing of New Hampshire, Inc., a corporation, and Everseal Corporation of Maine, a corporation, their successors and assigns, and their officers, and Irving Silverstein, individually, and William A. Epner, individually and as an officer of the corporations, (hereinafter referred to as "respondents"), and respondents' agents, representatives and employees, directly or through any corporation, subsidiary, division, franchisee, licensee or other device, in connection with the advertising, offering for sale, sale and distribution of residential and commercial waterproofing products or services, or other products or services, in or affecting commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

1. Representing, directly or by implication, that respondents employ an exclusive, patented process.

2. Representing, directly or by implication, that respondents' waterproofing process will seal all types of basement walls, floors, and foundations against water seepage.

3. Using the words "permanently", "completely", "perpetually", "once and for all", or other words or phrases of similar import, to describe respondents' waterproofing products, services or methods or misrepresenting in any manner the nature and effectiveness of such products, services or methods.

4. Failing to disclose in writing on the face of every contract for the pressure pumping process, in bold print, on an easily detachable form which shall be executed by the customer and retained by the seller and orally, prior to the signing of any contract, and in ten point bold face type in all advertisements, promotional materials and similar documents, the following notice:

Everseal provides two kinds of waterproofing services: channeling water away from the basement and pressure pumping a bentonite mixture against walls and footings. The bentonite material used in the pressure pumping process will not prevent leaks in your basement under certain types of soil and water table conditions. If you have not had engineering tests conducted on your property by a qualified engineer, you cannot be sure the process you have contracted for will work on your home.

4a. Failing to disclose in radio and other electronic media advertisements the following notice:

The bentonite material used in the pressure pumping process will not prevent leaks in your basement under certain types of soil and water table conditions. If you have not had engineering tests conducted on your

property by a qualified engineer, you cannot be sure this process will work.

5. Representing, directly or by implication, orally, visually or in writing, that any of said products or services are guaranteed unless the nature, extent and duration of the guarantee, the identity of the guarantor, and the manner in which the guarantor will perform thereunder are clearly and conspicuously disclosed, and unless respondents promptly and scrupulously fulfill all of their obligations and requirements directly or impliedly represented by the terms of the guarantee.

6. Representing, directly or by implication, that an office is maintained by respondents in any city or town other than that in which a fully staffed sales, service and installation office or place of business is, in fact, maintained, occupied and used by respondents; and from misrepresenting in any manner the size or volume of respondents' business.

7. Representing, directly or by implication, that respondents will, by means of their pressure pumping process or in any other manner, waterproof basements without digging, without damage to walks or driveways, or without the necessity of having waterproofing work done inside the basement.

8. Making any claim or representation, orally, visually or in writing, relating to the efficacy, nature and performance characteristics of respondents' waterproofing products or services unless, at the time such claim or representation is made, respondents have a reasonable basis for such claim or representation which shall consist of competent engineering or other similar objective material.

9. Failing to maintain accurate records which may be inspected and copied by Commission staff members upon reasonable notice:

(a) Which consist of documentation to support any and all claims or representations made after the effective date of this order in advertising or sales promotion material relating to the efficacy, nature and performance of any waterproofing process marketed by the respondents.

(b) Which provided the basis upon which respondents relied as of the time those claims or representations were made; and

(c) Which shall be maintained by respondents for a period of three (3) years from the date such advertising or sales promotion material was last disseminated.

10. Using in any manner a sales plan, scheme or device wherein false, misleading or deceptive statements or representations are made, directly or by implication, in order to obtain leads or prospects for the sale of, or to induce purchases of goods or services.

11. Representing, directly or by implication, orally, visually, or in writing that

any price for the products or services sold by respondents is a special or reduced price unless respondents can affirmatively show that such price constitutes a significant reduction from the price at which respondents have sold such products and services for a reasonably substantial period of time in the recent regular course of their business.

12. Failing to maintain adequate records (a) which disclose the facts upon which any savings claim, including former pricing claims and comparative value claims is based; and (b) from which the validity of any savings claim, including former pricing claims and similar representations can be determined

13. (a) Failing to maintain a customer relations department to which purchasers of said products and services may refer complaints, requests for maintenance, or replacement of faulty products or services as promised under the terms of said contract and guarantee; and failing to furnish to each customer at the time of the purchase of said products or services, the current name, address and telephone number of such customer relations representative to which requests for service and/or maintenance may be directed by such customers.

(b) Failing to respond to customers' requests for service within seven (7) days from the date of receipt thereof.

(c) Failing to maintain for a period of three (3) years, records of customers' service and maintenance requests and related documents in connection with the implementation of Paragraph Thirteen (a) and (b) above.

14. Furnishing or otherwise placing in the hands of others the means and instrumentalities by and through which the public may be misled or deceived in the manner, or by the acts and practices prohibited by this order.

15. Failing to maintain and produce for inspection and copying, for a period of three (3) years, copies of all advertisements, brochures, sales contracts, salesmen's manuals and sales bulletins, and all other promotional material utilized in the advertising, promotion and sale of such products or services.

16. Contracting for any sale of such products or services in the form of a sales contract or other agreement which shall become binding on the buyer prior to midnight of the third day, excluding Sundays and legal holidays, after the date of execution of the contract or other agreement.

17. Failing to furnish the buyer with a fully completed receipt or copy of any contract pertaining to such sale at the time of its execution which shows the date of the transaction and contains the name and address of the seller, and in immediate proximity to the space reserved in the contract for the signature of the buyer or on the front page of the receipt if a contract is not used and in bold face type of a minimum size of 10

points, a statement in substantially the following form:

"You the buyer, may cancel this transaction at any time prior to midnight of the third business day after the date of this transaction. See attached notice of cancellation form for an explanation of this right.

18. Failing to furnish each buyer, at the time he signs the sales contract or otherwise agrees to buy consumer goods or services from the seller, a completed form in duplicate, captioned "NOTICE OF CANCELLATION", which shall be attached to the contract or receipt and easily detachable, and which shall contain in ten point bold face type the following information and statements:

NOTICE OF CANCELLATION

(enter date of transaction)  
(Date)

You may cancel this transaction, without any penalty or obligation, within three (3) business days from the above date.

To cancel this transaction, mail or deliver a signed and dated copy of this cancellation notice or any other written notice, or send a telegram, to (Name of Seller), at (Address) not later than midnight of (Date).

I hereby cancel this transaction.

(Date)

(Buyer's signature)

19. Failing to inform each buyer orally, at the time he signs the contract or purchases the goods or services, of his right to cancel.

20. Failing or refusing to honor any valid notice of cancellation by a buyer and within three (3) business days after the receipt of such notice, to (i) refund all payments made under the contract or sale, (ii) cancel and return any negotiable instrument executed by the buyer in connection with the contract or sale.

1. *It is further ordered, That:* (a) Respondents herein deliver, by registered mail, a copy of this Decision and Order to each of its present and future franchisees, licensees, employees, salesmen, agents, solicitors, independent contractors or to any other person who advertises, promotes, offers for sale, sells or distributes such products or services offered by respondents.

(b) Respondents herein provide each person so described in paragraph (a) above with a form returnable to the respondents clearly stating his intention to be bound by and to conform his business practices to the requirements of this order; retain said statement during the period said person is so engaged; and make said statement available to the Commission's staff for inspection and copying upon request.

(c) Respondents herein inform each person so described in paragraph (a) above that the respondents will not use or engage or will terminate the use or engagement of any such party, unless such party agrees to and does file notice with the respondents that he will be bound by the provisions contained in this order.

(d) If such party as described in paragraph (a) above will not agree to so file

the notice set forth in paragraph (b) above with the respondents and be bound by the provisions of this order, the respondents shall not use or engage or continue the use or engagement of, such party to promote, offer for sale, sell or distribute such products or services included in this order;

(e) Respondents herein inform the persons described in paragraph (a) above that the respondents are obligated by this order to discontinue dealing with or to terminate the use or engagement of persons who continue on their own the deceptive acts or practices prohibited by this order;

(f) Respondents herein institute a program of continuing surveillance adequate to reveal whether the business practices of each said person described in paragraph (a) above conform to the requirements of this order;

(g) Respondents herein discontinue dealing with or terminate the use or engagement of any person described in paragraph (a) above, as revealed by the aforesaid program of surveillance, who continues on his own any act or practice prohibited by this order.

2. *It is further ordered, That* the respondent corporations shall forthwith distribute a copy of this order to each of their operating divisions.

3. *It is further ordered, That* respondents notify the Commission at least thirty (30) days prior to any proposed change in the corporate respondents such as dissolution, assignment or sale resulting in the emergence of a successor corporation, the creation or dissolution of subsidiaries or any other change in the corporations which may affect compliance obligations arising out of the order.

4. *It is further ordered, That* the individual respondents named herein notify the Commission of the discontinuance of their present business or employment and of their affiliation with a new business or employment. Such notice shall include respondents' current business address and a statement as to the nature of the business or employment in which they are engaged as well as a description of their duties and responsibilities.

5. *It is further ordered, That* in the event that the corporate respondents merge with another corporation or transfer all or a substantial part of their business or assets to any other corporation or to any other person, said respondents shall require such a successor or transferee to file promptly with the Commission a written agreement to be bound by the terms of this order: *Provided, That* if said respondents wish to present to the Commission any reason why said order should not apply in its present form to said successor or transferee, they shall submit to the Commission a written statement setting forth said reasons prior to the consummation of said succession or transfer.

6. *It is further ordered, That* the respondents herein shall within sixty (60) days after service upon them of this order, file with the Commission a report,

in writing, setting forth in detail the manner and form in which they have complied with this order.

A. "Idea" shall mean any idea, invention or product;

B. "Client" shall mean any party that has entered into an agreement with respondents for the "promotion" of an "idea";

C. "Financial gain" shall mean an amount of money derived by a "client", from a respondent's "promotion" of the client's "idea".

D. "Promotion" shall mean the evaluation, development, manufacturing, marketing or otherwise contributing to the success or growth of an "idea".

E. "Future services", shall include any arrangement whereby one party pays or contracts to pay a sum of money in the belief that he may receive, as a result of such arrangement, the delivery or performance, at least partly in the future, of any service, benefit, promotion, sum of money, or similar thing of value; the term shall include, but shall not be limited to,

## RULES AND REGULATIONS

ited to, any arrangement whereby one party pays or contacts to pay a sum of money in the belief that he may receive a financial gain as a result of such arrangement.

## II.

*It is ordered.* That respondents, Idea Research and Development, Inc., a corporation, and its officers, and Kellis Blakely Shanks and Jack Earnest Trout, individually and as officers of said corporation and Walter Glenn Ford, individually and as a former employee of said corporation, their successors and assigns, and respondents' agents, representatives and employees, directly or through any corporation, subsidiary, division or other device, in connection with the advertising, offering for sale or sale of contracts for future services in the promotion of ideas, or any other future services, in or affecting commerce as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

1. Representing, directly or indirectly, by any means, that:

A. Respondents possess ability in the field of engineering unless they retain a licensed engineer who shall provide a written evaluation of each client's idea. Respondents shall provide a copy of said evaluation which the client may retain.

B. A client may or can obtain legal protection for his idea unless respondents retain an attorney or agent licensed by the United States Patent Office who renders a written opinion on such client's idea. Respondents shall provide a copy of said opinion which the client may retain.

C. Any party may or will receive a financial gain as a result of contracting with respondents except as allowed by Subparagraphs A and B of Paragraph 4 of this order.

2. Representing, directly or indirectly, by any means, that respondents possess the ability to promote ideas that will or may result in financial gains for their clients.

3. Failing to prominently display the following notice in two or more locations in those portions of respondents' business premises most frequented by prospective clients and in each location where clients sign contracts or other binding instruments. Such notice shall be considered prominently displayed only if so positioned as to be easily observed and read by respondents' clients and prospective clients:

## NOTICE

By proceeding without the advice of an independent patent attorney, you may lose any rights you might have in your idea, invention or product or expose yourself to a costly patent infringement lawsuit. Therefore, prior to signing any agreement with us you should and are encouraged to consult an independent patent attorney.

4. Failing to make the following disclosures on the contract or other binding instrument to be executed by prospective clients. Said disclosures shall be in more conspicuous print than all other lan-

guage in said instrument, but in no case shall they be smaller than 12 point upper case type. Said disclosures and instrument shall be delivered to prospective clients at least 10 days prior to the time prospective clients execute said instrument. The disclosures shall be in the following form set off from the text of the instrument by a black border and immediately above the line for the prospective clients' signatures:

## NOTICE

(A) Since we began doing business, we have contracted to promote ideas, inventions, or products for (number) clients. Since July 1, 1975, we have contracted with (number) clients. As a result of our services:

1. (Number) of our clients earned nothing.  
2. (Number) of our clients earned \$100-\$499.

3. (Number) of our clients earned \$500-\$1,000.

4. (Number) of our clients earned over \$1,000.

(B) Without patent protection recognized by the United States Patent Office, you may lose the opportunity to obtain financial benefit from your idea. We do not provide any legal protection recognized by the United States Patent Office.

(C) Because there will be no patent protection for your idea, serious consequences could result from your contracting with us, including:

(1) When we disclose information concerning your idea to persons/manufacturers/marketers outside our company, such disclosure may be interpreted by the United States Patent Office as a "publication" of your idea.

(2) "Publication" for a period of one year or more of an idea which has no legal protection recognized by the United States Patent Office will result in the loss of any patentable rights you may have.

(D) You should treat your idea as a confidential subject in order to avoid losing any patent rights you may have.

(E) By proceeding without the advice of an independent patent attorney you may lose any rights you might have in your idea, invention or product or expose yourself to a costly patent infringement lawsuit. You should and are encouraged to consult an independent patent attorney before you sign this agreement.

(F) Today is (date). We cannot ask you to sign an agreement until 10 business days have elapsed which will be on (month/day/year).

I, (name of customer), hereby acknowledge receipt of a copy of this agreement on the date specified below.

Customer's signature Date

5. Executing contracts or other agreements with a client prior to expiration of the 10-day period disclosed in accordance with Paragraph 4 herein.

6. Failing to retain executed copies of all disclosures required by Paragraph 4 of this order for a period of three (3) years after such disclosure is made regardless of whether prospective clients ultimately execute contracts. Respondents shall make accurate statistical disclosures required by this paragraph and maintain records for a period of five (5) years sufficient to verify the accuracy of each disclosure. Accurate disclosures, given without comment, as required by

Paragraph 4 of this order, shall not be deemed a violation of Paragraph 1 of this order.

7. Failing, in all pamphlets, brochures and other promotional materials to make the following disclosures in the manner and form provided for herein.

A. In all printed advertisements, the notice shall be conspicuously placed in print at least as large as the largest print in the advertising material other than respondent's name and shall state:

(Number) percent of our clients have earned at least \$100 as a result of our efforts to promote their ideas.

B. In all advertisements broadcast by radio, or television, the above-required notice shall be read at the end of the advertisement at a rate of speed at least as slow as the slowest part of the advertisement.

C. At the time respondents submit advertising to any newspaper or other written medium, they shall provide a copy of the following notice to each such medium:

## NOTICE

(Name of respondent) has entered into a Consent Agreement with the Federal Trade Commission. A copy of the Commission's News Release is available from (name of respondent) upon request.

D. At the time respondents submit advertising to any radio or television station, they shall provide a copy of the following notice to each such station:

## NOTICE

(Name of respondent) has entered into a consent Agreement with the Federal Trade Commission. A copy of the news release is available on request. Your attention is directed to an agreement between the Federal Trade Commission and the Federal Communications Commission dated April 27, 1973.

8. Failing to maintain for a period of three (3) years after any of their advertisements are disseminated:

A Records disclosing the date or dates each such advertisement was published;

B Records disclosing the name and address of the newspapers, other publications or broadcast media disseminating said advertisement; and

C Copies or scripts of all their advertisements published or disseminated by any media.

9. Failing to utilize one written contract or other binding instrument which shall constitute the entire agreement between the parties. In addition to the disclosures required under Paragraph 4 herein each such instrument shall contain the following provision:

(Name of respondent) agrees to present to the client all materials due to the client pertaining to the promotion of said client's idea within 90 days of the date this agreement is executed, and it is hereby further agreed that time is of the essence. If such materials are not presented to the client within the 90 day period it is hereby mutually agreed between (name of respondent) and the client whose signature appears below that this agreement is rescinded in its entirety.

10. *It is further ordered.* That respondents cease and desist from: A. Including

in any contract or other document any waiver, limitation or condition on the right of a client to rescind an agreement under any provision of this order.

B. Misrepresenting the right of a client to rescind an agreement under any provision of this order or any applicable statute or regulation.

C. Making any representations or taking any action which is inconsistent with or detracts from the effectiveness of this order.

11. *It is further ordered*, That respondents shall make all disclosures required by this order accurately, making such disclosures or copies thereof available to the Federal Trade Commission on request, and comply with all contract provisions required by this order.

12. *It is further ordered*, That neither the corporate respondent nor the individual respondents engage in any course of conduct which contravenes the rights of clients or prospective clients provided by this order.

13. *It is further ordered*, That respondents, upon receipt of a complaint from a client alleging facts that indicate this order may have been violated, rescind the contract where respondents determine, after a good faith investigation, that one or more of the paragraphs of this order may have been violated in connection with such client's transaction with respondents.

14. *It is further ordered*: A. That respondents deliver, by hand or by certified mail, a copy of this order to each of their present or future salesmen, independent brokers, employees or any other person who sells or promotes the sale of respondents' contracts;

B. That respondents provide each person so described in sub-paragraph A above with a form returnable to respondents, clearly stating an intention to conform sales practices to the requirements of this order and retain such form for a period of three (3) years after it is executed by said persons;

C. That respondents inform each person described in sub-paragraph A above that respondents shall not use any such person, or the services of any such person, until such person agrees to and files notice with respondents to be bound by the provisions contained in this order;

D. That in the event such person will not agree to file such notice with respondents and be bound by the provisions of this order, respondents shall not use such person, or the services of such person;

E. That respondents institute a program of continuing surveillance adequate to reveal whether the sales practices of each of said persons described in sub-paragraph A conform to the requirements of this order; and

F. That respondents discontinue dealing with any person described in sub-paragraph A of this order who engages in the acts or practices prohibited by this order.

15. *It is further ordered*, That any respondent may accept compensation from a client for the promotion of the client's

idea only as a percentage of royalties or other financial gain derived through a respondent's efforts. A respondent may not accept any other fee or monetary consideration from a client.

16. *It is further ordered*, That no respondent sell, lease, exchange, or otherwise alienate a client's idea or disclose a client's name, address, telephone number or other personal data to any party which will or may request such client to pay a fee or other monetary consideration for the promotion of that client's idea.

17. *It is further ordered*, That in the event the Federal Trade Commission promulgates a Trade Regulation Rule applicable to respondents' business that this order shall be deemed modified to the extent it contravenes said Rule.

18. *It is further ordered*, That in the event that corporate respondent merges with another corporation or transfers all or a substantial part of its business, respondents shall require said successor or transferee to file within thirty (30) days with the Commission a written agreement to be bound by the terms of this order; *Provided*, That if respondents wish to present to the Commission any reason why said order should not apply in its present form to said successor or transferee, they shall submit to the Commission a written statement setting forth said reasons prior to the succession or transfer.

19. *It is further ordered*, That the individual respondents named herein promptly notify the Commission of the discontinuance of their employment with Idea Research and Development, Inc., and of their affiliation with a new business or employment. In addition, the individual respondents named herein shall promptly notify the Commission of their affiliation with a new business or employment whose principal activities include the advertising, offering for sale or sale of contracts for future services and their affiliation with a new business or employment in which their own duties and responsibilities involve the advertising, offering for sale or sale of contracts for future services in the promotion of ideas, or any other future services. Such notice shall include respondents' current business address and a statement as to the nature of the business or employment in which they are engaged as well as a description of their duties and responsibilities.

20. *It is further ordered*, That respondents notify the Commission at least thirty (30) days prior to any proposed change in the corporate respondent, such as dissolution, assignment or sale resulting in the emergence of a successor corporation, the creation or dissolution of subsidiaries or any other change in the corporation which may affect compliance obligations arising out of the order.

21. *It is further ordered*, That each respondent shall, within sixty (60) days after service of this order upon it, file with the Commission a report in writing

setting forth in detail the manner and form of its compliance with the order to cease and desist.

The order to cease and desist, including further order requiring report of compliance therewith, is as follows:

#### ORDER

*It is ordered*, That Respondents Paramedical Services, Inc., and C.R.O., Ltd., corporations, their successors and assigns, and their officers, and Robert C. Stearns, individually and as an officer of said C.R.O., Ltd., and Respondents' agents, representatives and employees, directly or through any corporation, subsidiary, division or other device, or through their "Distributors" as herein-after defined, in connection with the advertising, offering for sale or rental, contracting, sale or rental, or other promotion of any device or service for the cure, mitigation or treatment of nocturnal enuresis in or effecting commerce, as "commerce" is defined in the Federal Trade Commission Act, as amended, do forthwith cease and desist from:

1. Representing directly or by implication that the mechanical device utilized by Respondents is unlike all other mechanical devices utilized in treatment for nocturnal enuresis.

2. Failing to disclose the following verbatim to all persons executing any agreement or other binding obligation to pay money or other consideration to Respondents or Respondents' distributors, or paying any money or other consideration to Respondents or Respondents' distributors:

Our treatment method for nocturnal enuresis consists of: (1) A mechanical device of a type similar to those sold or rented elsewhere, which is designed to awaken the enuretic by sounding an alarm at the time bedwetting occurs; and (2) a training and consulting service to assist you in utilizing the device to treat the enuretic.

Said disclosure shall be furnished in a single disclosure statement in no less than 10 point bold type, which shall not contain any promotional claims or other information not required by this order, at least three (3) business days prior to either the execution by any consumer of any agreement or any other binding obligation to pay money or other consideration to Respondents or Respondents' distributors, or the payment by such person of money or other consideration to Respondents or Respondents' distributors, whichever occurs first. Respondents shall retain for two years dated and signed acknowledgements (or return receipts for mailed disclosures) of receipt by consumers of said disclosure statement: *Provided however*, That said disclosure statement may be furnished at the time of the execution of an agreement with a consumer, where said agreement contains a three day cooling-off period provision in compliance with the Federal Trade Commission's Trade Regulation Rule Regarding Cooling-Off Period for Door-to-Door Sales, 16 CFR Part 429.

*It is further ordered*, That Respondents:

1. Deliver, or cause to be delivered, a copy of this order to each Distributor. A "Distributor," as that term is used throughout this order, is defined as: Any present or future dealer, franchisee, licensee, employee, salesman, agent, solicitor, independent contractor or other representative, who purchases from, or receives commissions or other income on purchases from, Respondents.

2. Inform all Distributors that the Respondents are obligated by this order to discontinue dealing with those Distributors who fail to comply with this order, under the circumstances set forth in Subparagraph 4 of this paragraph.

3. Institute a program of continuing surveillance to reveal whether the business operations of each of said Distributors conform to the requirements of this order.

4. Upon receiving actual knowledge from any source (including but not limited to Respondents' program of surveillance, and representatives of the Federal Trade Commission) of facts indicating a Violation of any provision of this order by any Distributor, or by any of such Distributor's present and future dealers, franchisees, licensees, employees, salesmen, agents, solicitors, independent contractors, or other representatives, Respondents shall within 24 hours notify such Distributor by certified mail, return receipt requested, that such Violation of this order has occurred ("Notice"), and that Respondents will discontinue dealing with said Distributor upon receipt by Respondents of actual knowledge of two (2) or more further Violations of this order by such Distributor, or by any of such Distributor's present or future dealers, franchisees, licensees, employees, salesmen, agents, solicitors, independent contractors or other representatives, within one-hundred and eighty (180) days of receipt of said Notice by such Distributor. Respondents shall obtain from such Distributor written acknowledgement of receipt of such notice, which acknowledgement shall indicate the date of receipt of such notice.

Upon receiving actual knowledge from any source (including but not limited to Respondents' program of surveillance, and representatives of the Federal Trade Commission) of facts indicating two (2) or more Violations of any provision of this order, within one-hundred and eighty (180) days following a Distributor's receipt of the aforesaid "Notice," by a Distributor, or by any of such Distributor's present or future dealers, franchisees, licensees, employees, salesmen, agents, solicitors, independent contractors or other representatives, Respondents shall permanently discontinue dealing with such Distributor.

*Provided however*, That for purposes of any compliance proceeding that may be instituted as to this order, Respondents shall not be responsible for a Violation of any provision of this order by a Distributor or a Distributor's present or future dealers, franchisees, licensees,

employees, salesmen, agents, solicitors, independent contractors or other representatives, except insofar as Respondents fail to terminate said Distributor as required by Subparagraph 4 of this paragraph.

5. Maintain complete records for a period of no less than three years from the date of the incident, of any written or oral information received which indicates the possibility of a Violation of this order by any Respondent or Distributor, or any of such Distributor's present and future dealers, franchisees, licensees, employees, salesmen, agents, solicitors, independent contractors, or other representatives; and maintain complete records of Notifications of Violations as required by Subparagraph 4 of this paragraph, and of Distributors' acknowledgements of receipt of such Notifications. Any oral information received indicating the possibility of a Violation of this order shall be reduced to writing, and shall include the name, address and telephone number of the informant, the name and address of the Distributor involved, the date of the communication, and a brief summary of the information received. Such records shall be available upon request to representatives of the Federal Trade Commission, at normal business hours upon reasonable advance notice.

*It is further ordered*, That the Corporate Respondents notify the Commission at least 30 days prior to any proposed change in the Corporate Respondents such as dissolution, assignment or sale resulting in the emergence of a successor corporation, the creation or dissolution of subsidiaries or any other change in said corporations which may affect compliance obligations arising out of the order.

*It is further ordered*, That Respondents forthwith distribute a copy of this order to each of their operating divisions.

*It is further ordered*, That the Individual Respondent named herein promptly notify the Commission of the discontinuance of his present business or employment and of his affiliation with a new business or employment. Such notice shall include such Respondent's current business address and a statement as to the nature of the business or employment in which he is engaged as well as a description of his duties and responsibilities.

*It is further ordered*, That the Respondents herein shall within sixty (60) days after service upon them of this order, file with the Commission a report, in writing, setting forth in detail the manner and form in which they have complied with this order.

Chairman Collier voted against acceptance on the ground that the order is ineffective and the matter is not of sufficient importance to warrant the further expenditure of public funds.

(Sec. 6, 38 Stat. 721; (15 U.S.C. 46). Interprets or applies sec. 5, 38 Stat. 719, as amended; (15 U.S.C. 45).)

The order to cease and desist, including further order requiring report of compliance therewith, is as follows:

**ORDER**

For the purposes of this order, the following definitions apply:

1. The term "commerce" means commerce as defined by the Federal Trade Commission Act, as amended.

2. The term "food" means any article used for food or drink for man or other animals.

3. The term "cooking" shall mean a process of food preparation which includes the application of heat.

4. The term "child" shall mean a person who appears to be or in fact is under the age of 12.

**I.**

*It is ordered,* That respondents Uncle Ben's, Inc., a corporation, and Rosenfeld, Sirowitz & Lawson, Inc., a corporation

(hereinafter referred to as respondents), their successors and assigns, and their officers, agents, representatives and employees, directly or through any corporation, subsidiary, division or other device, in connection with the advertising, offering for sale or distribution in or affecting commerce of any product, forthwith cease and desist from, directly or indirectly:

A. Representing, through depictions, descriptions, or otherwise, children closely examining, or closely approaching foods or containers of foods which are in the process of being cooked.

B. Representing, through depictions, descriptions, or otherwise, children participating in the process of cooking without close supervision of an adult.

C. Representing, through depictions, descriptions, or otherwise, children initiating participation with persons who are in the process of cooking by touching a utensil, glove, pot or other object that is being used in the process of cooking without first having received permission from an adult.

D. Representing, through depictions, descriptions, or otherwise, children without close adult supervision in a kitchen or other area where foods are in the process of being cooked: *Provided,* That this subparagraph D shall not prohibit depiction of children eating foods or children engaging in other behavior not likely to affect the cooking process in the presence of adults who are attending to the process of cooking foods.

E. Representing, through depictions, descriptions, or otherwise, children engaging in activity in a kitchen or in an area where foods are in the process of being cooked where it is reasonably foreseeable, through reasonable inquiry, that such representation has the tendency or capacity to influence children to engage in behavior which creates an unreasonable risk of harm to themselves or to others.

**II**

*It is further ordered,* That respondents shall forthwith distribute a copy of this order to each of their operating divisions.

*It is further ordered,* That respondents notify the Commission at least thirty (30) days prior to any proposed change such as dissolution, assignment or sale resulting in the emergence of a successor corporation, the creation or dissolution of subsidiaries or any other change in the corporation which may affect compliance obligations arising out of the order.

*It is further ordered,* That respondents shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with this order.

**PART 433—PRESERVATION OF CONSUMERS' CLAIMS AND DEFENSES**

Exemption From Trade Regulation Rule for Two-Party Open End Consumer Credit Contracts; Invitation to Comment

AGENCY: Federal Trade Commission.

ACTION: Exemption from Trade Regulation Rule; Invitation to comment on petition for exemption.

**SUMMARY:** The Commission is exempting contracts for the extension of two-party open end consumer credit from the requirements of the Trade Regulation Rule on Preservation of Consumers' Claims and Defenses, if the contracts are executed before August 1, 1977, and do not involve the use of negotiable instruments or waivers of claims and defenses. The primary purpose of the exemption is to avoid costs involved in modifying outstanding two-party open end credit contracts. As of August 1, 1977, the Rule will apply to all consumer credit contracts taken or received by sellers. In addition, the Commission has received two petitions for an exemption from the Trade Regulation Rule broader than the one the Commission is issuing. The Commission is soliciting comments on the issues raised by these petitions. The Commission is also soliciting comments on the more limited exemption that has been issued.

**DATES:** Exemption effective immediately. Comments must be received on or before May 16, 1977.

**ADDRESSES:** Comments should be addressed to: Assistant Director for Compliance, Federal Trade Commission, Washington, D.C. 20580, and labeled "HDIC Exemption Comment."

**FOR FURTHER INFORMATION CONTACT:**

Rachel Shea, Attorney, Division of Compliance, Bureau of Consumer Protection, Federal Trade Commission, Washington, D.C. 20580. 202-254-8302.

**SUPPLEMENTARY INFORMATION:** The Commission is exempting contracts for the extension of two-party open end consumer credit from the requirements of Section 433.2(a) of the Trade Regulation Rule on Preservation of Consumers' Claims and Defenses, if the contracts are executed before August 1, 1977, and do not involve the use of negotiable instruments or waivers of claims and defenses. Section 433.2(a) requires the incorporation of a Notice preserving certain consumer rights in all credit contracts used by sellers. Contracts covered by the exemption will not be required to incorporate the Notice. The primary purpose of the exemption is to avoid costs involved in modifying outstanding two-party open end credit contracts. As of August 1, 1977, the Rule will apply to all consumer credit contracts taken or received by sellers.

<sup>1</sup> Copies of the Complaint and Decision and Order filed with original document.

The Commission also determined that it is contrary to the public interest for it to publish notice of proposed rulemaking and for it to receive comment on granting the exemption in accordance with 5 U.S.C. Sec. 553 (b) and (d). Such procedures would result in continued uncertainty about compliance with the Rule for extensions of credit made pursuant to existing two-party open-end consumer credit contracts. Commissioner Dole dissented, stating:

I believe the exemption the Commission today grants for two-party, open-end credit contracts, including two-party credit card arrangements, executed before August 1, 1977, should have been placed on the record for 60 days of public comment. I dissent from the Commission's determination that it is contrary to the public interest to grant the public an opportunity to comment on an action which excludes from the coverage of our Trade Regulation Rule on Preservation of Consumer Claims and Defenses a class of contracts which could involve millions of consumers.

In addition, the Commission has received two petitions for an exemption from the Trade Regulation Rule broader than the one the Commission is issuing. The Commission is soliciting comments on the issues raised by these petitions. The Commission is also soliciting comments on the more limited exemption that has been issued.

#### STATEMENT OF REASONS FOR EXEMPTION INTRODUCTION

The Federal Trade Commission has received from the National Retail Merchants Association (NRMA) and the American Retail Federation (ARF) a petition for exemption from § 433.2(a) of the Commission's Trade Regulation Rule Concerning Preservation of Consumers' Claims and Defenses, 16 CFR 433.2(a). An additional petition has been received from the Fingerhut Corporation urging the Commission to accept the NRMA/ARF petition.<sup>1</sup> The petition proposes to exempt from the TRR consumer credit contracts used by sellers provided the contracts do not involve the use of negotiable instruments or waivers of claims or defenses, and further provided that sellers wishing to use the exemption agree to adopt certain specified protective measures, including registration with the Federal Trade Commission. A copy of the exemption proposed by NRMA and ARF is appended to this Statement.

The Commission has concluded that the public interest would be served by the issuance of a more limited exemption, effective immediately.<sup>2</sup> This more limited

exemption, applies only to open end credit contracts, such as charge account master agreements, executed before August 1, 1977. It does not apply to agreements executed after this date. After July 31, 1977, the Rule will apply to all consumer credit contracts executed by sellers. This includes contracts for the extension of credit by means of seller credit cards.<sup>3</sup>

In addition, the Commission is soliciting comments from the public on the issues raised by the NRMA/ARF petition and the desirability of a broader exemption from 16 CFR 433.2(a).

#### REASONS FOR ISSUANCE OF EXEMPTION FOR OPEN-END CREDIT CONTRACTS ENTERED INTO BEFORE AUGUST 1, 1977

Section 433.2(a) of the Trade Regulation Rule on Preservation of Consumers' Claims and Defenses requires that a short Notice be included in all consumer credit contracts used by sellers. The Commission's decision to require the Notice in all such contracts was based on the fact that virtually all consumer credit is extended pursuant to form contracts. The costs of including a short Notice in contract forms before they are used appear to be minimal. In most cases the Notice can be included in forms when they are printed. Where it will be costly to replace existing inventories of forms, the Notice can be added by means of a stamp, a stapled addendum, or similar mechanism.

The above projections of compliance costs apply primarily to contracts which have not yet been executed. However, different considerations may be present in the case of open end charge accounts where credit is extended from time to time pursuant to a single master agreement. Under such plans, credit extensions subject to 16 CFR 433.2(a) may be made pursuant to a consumer credit contract which was executed before 16 CFR 433.2(a) took effect. Inserting the FTC Notice in such contracts in a manner sufficient to make it legally enforceable may require finding, removing from files, and adding language to large numbers of existing master agreements, and notifying the customers involved, a process which could be more costly than printing the Notice in standard forms to be used in the future.

These cost considerations suggest that it would be desirable to exempt from § 433.2(a) of the Rule seller open end credit contracts executed before the Rule went into effect on May 14, 1976, pro-

stantive rule shall be made not less than 30 days before its effective date, except—(1) a substantive rule which grants or recognizes an exemption or relieves a restriction; \* \* \*

<sup>2</sup> The discussion of seller open end credit on page 10 of the Federal Trade Commission, Bureau of Consumer Protection, Staff Guidelines on Trade Regulation Rule Concerning Preservation of Consumers' Claims and Defenses (May 4, 1976) is somewhat ambiguous. The Commission would like to make clear that the Rule applies to all seller open end consumer credit not covered by the Commission's exemption.

vided that such contracts do not involve the use of negotiable instruments or waivers of claims or defenses.

The Commission also understands that there have been misunderstandings about the applicability of 16 CFR 433.2(a) to seller open end credit generally.

The existence of these misunderstandings suggests the desirability of extending an exemption for seller open end credit through to August 1, 1977, to give all sellers an opportunity to come into compliance with the Rule.

Finally, it should be noted that the definition of "open end credit" in the exemption is taken directly from § 226.2(x) of Federal Reserve Board Regulation Z as amended October 28, 1975, except that the definition in the proposed exemption does not contain the language of Regulation Z § 226.2(x)(3) limiting the definition to plans in which a finance charge is computed.

#### DISCUSSION OF NRMA/ARF PETITION

Both the exemption issued on this date by the Commission and the exemption proposed by NRMA/ARF apply only to contracts that do not involve the use of negotiable instruments or waivers of claims or defenses. However, the Commission exemption applies only to open end consumer credit contracts executed before August 1, 1977. By contrast, the NRMA/ARF proposed exemption is permanently available; and applies to all types of consumer credit contracts used by sellers, including ordinary installment sales contracts.

The NRMA/ARF petition contains a number of arguments for extending an exemption to contracts not covered by the Commission exemption. NRMA and ARF argue that because their proposed exemption is confined to contracts that are not negotiable and do not contain waiver provisions, and because petitioners would agree to elaborate protective measures, including formal registration with the FTC, consumers would not suffer a loss of rights.

In addition, petitioners argue that the physical placement of the required Notice in other than open end credit contracts involves significant costs. Petitioners' cost arguments include the following, which are quoted from their petition:

(1) The Rule would require sellers to revise their contracts to include a ten point bold type notice thereon. The notice, of technical nature, would take up a substantial amount of space on the seller's contract forms. Depending upon the particular seller and the document involved, the inclusion of such notice might require revision of the size of the document. Because contract documents are of a particular size, designed so as to fit particular filing cabinets, mechanical and electronic equipment, etc., any change in the size of a contract document could require the seller to incur a significant capital expense for the replacement or alteration of the foregoing.<sup>4</sup>

(2) For those sellers who will be able to include the prescribed notice on their contract forms without changing the size thereof, there will nevertheless be a significant expense to revise such forms. This ex-

<sup>1</sup> A copy of the two petitions can be obtained from Public Reference Branch, Room 130, Federal Trade Commission, Washington, D.C. 20580. Please label a request for the petitions, "HIDC Exemption Petition Request."

<sup>2</sup> Section 18(g)(2) of the Federal Trade Commission Act, 45 U.S.C. § 18(g)(2), provides that Section 553 of Title 5, United States Code, shall apply to Commission actions to exempt persons from Commission rules. 5 U.S.C. § 553(d) provides that, "The required publication or service of a sub-

pense is particularly significant in the light of the fact that most sellers subject to the Rule have just completed a comprehensive form revision program which was undertaken to comply with requirements under the Fair Credit Billing Act effective April 30, 1976 and under the Equal Credit Opportunity Act effective June 30, 1976. This having been accomplished, sellers have disposed of their prior stock of credit forms and ordered and received substantial stock of new forms."

(3) While it is impossible to estimate with precision the industry-wide cost of form revision and system changes which would be necessary for sellers to comply with the Rule, clearly, given the many thousands of sellers and many millions of consumer credit sales transactions, the industry-wide cost would easily amount to many millions of dollars. The cost to individual companies is substantial and can be verified.<sup>5</sup>

(4) In addition to the cost burden imposed on sellers, placing the notice on the form would disturb the seller's relationship with his customer—by creating the unwarranted implication that the seller may transfer an obligation and impair a customer's defenses when in fact that is not the seller's practice or intent. Retailers' relationships with their customers are their most highly valued asset, and although intangible, are indeed priceless. Many customers prefer to deal only with the retailer of goods or services—and not with a third party financier. There is no reason to require the retailer to suggest to his customers that the customer may be forced to deal with a third party when such is not the case.<sup>6</sup>

(The NRMA/ARF petition also includes cost arguments relating specifically to open end credit master agreements in existence at the time the Rule went into effect. These arguments are similar to the reasons given by the Commission for issuing its exemption.)

The Commission notes that its staff is of the view that the arguments and evidence in the NRMA/ARF petition do not warrant an exemption broader than the one the Commission has issued. This view is based on the following considerations:

1. There are advantages to requiring the Notice in all consumer credit contracts used by sellers. Such a requirement makes the Rule easier to enforce and will therefore reduce the likelihood of consumers losing rights as a result of violations of the Rule. The requirement also has other advantages for consumers. They can check their credit contracts at time of sale and know that something is wrong if the Notice is absent. If disputes with creditors arise, consumers and their lawyers can assert rights directly on the basis of language in the contract, without the need to determine the status of the particular contract as a matter of state commercial paper law. Finally, requiring the Notice in all consumer credit contracts used by sellers frees sellers from the need to determine whether the Notice is required in particular contracts, thereby reducing consultation with lawyers and other costs of decision making.

2. Ambiguities in the laws of certain states make it possible that some consumers may have rights cut off by assign-

ment even though their contracts are not negotiable and do not contain explicit waivers of defenses.

3. It is not clear that the inclusion of the Notice in contracts will require purchase of new filing cabinets or other major capital expenses in a significant number of cases. Large numbers of businesses have been able to incorporate the Notice in contracts without changing the size or shape of documents. The Rule permits inclusion of the Notice on the back of contracts or as an additional page. One can imagine other mitigating measures such as folding pages, etc.<sup>7</sup>

4. The cost of the Rule in making obsolete existing inventories of forms appears to be very low in the long run since inventories will have to be replaced in any case. Short run costs can be mitigated by the use of stamps, stapled addenda, etc. It also appears likely that most short run costs of revising forms have already been incurred, since the Rule was announced in November of 1975 and went into effect in May of 1976.

5. It is not clear that the language of the Notice will convey to a significant number of consumers the impression that a business ordinarily assigns its credit contracts. In addition, businesses can explain to customers that the Notice is required by law in all contracts, whether or not they are assigned.

6. The protective measures set out in petitioners' proposed exemption appear expensive, cumbersome, and possibly unworkable.

7. The legal effect of the protective measures set out in the petitioners' proposed exemption, e.g., "acknowledge (ment) to the Commission . . . that the notice . . . is an implied term of the consumer contract," is uncertain.

It should be emphasized that the considerations listed above reflect the staff's initial judgment. The Commission is soliciting public comment on the NRMA/ARF petition and is interested in receiving any information relating to the validity of the listed considerations.

#### APPENDIX—EXEMPTION OF PERSONS, PARTNERSHIPS AND CORPORATIONS FROM REQUIREMENTS OF 16 CFR 433.2 (a) PROPOSED BY NATIONAL RETAIL MERCHANTS ASSOCIATION AND AMERICAN RETAIL FEDERATION

It shall not be a violation of the Federal Trade Commission's Trade Regulation Rule entitled "Preservation of Consumers' Claims and Defenses," 16 CFR 433, for a seller of goods or services, directly or indirectly, to take or receive a consumer credit contract which fails to contain the provision required by 16 CFR 433.2(a) where:

(1) The seller takes or receives a consumer credit contract which: (a) is not a negotiable instrument, and (b) does not contain a provision limiting or waiving the consumer's right to assert against any holder of the consumer credit contract all claims and defenses which the consumer could assert against the seller of goods or services obtained

pursuant to the consumer credit contract; and

(2) The seller acknowledges to the Commission, in a form which may be prescribed by the Commission, that the notice set forth in 16 CFR 433.2(a) is an implied term of the consumer credit contract; and

(3) The seller does not voluntarily transfer, sell, pledge or assign the consumer credit contract unless as a condition of said transfer, sale, pledge or assignment the transferee, buyer, pledgee or assignee agrees in writing that said consumer credit contract has as a term thereof the notice set forth in 16 CFR 433.2(a); and

(4) In the event of a voluntary transfer, sale, pledge or assignment of the consumer credit contract pursuant to which the consumer will be directed to make payment to a person other than the seller, the seller (or a transferee, buyer, pledgee or assignee on behalf of the seller) will provide the consumer with notice of the provision set forth in 16 CFR 433.2(a) not later than the time when the consumer is notified to make payment to a person other than the seller; and

(5) The seller executes and delivers to the Commission a statement, in a form and manner which may be prescribed by the Commission, that: (a) the seller intends to avail itself of this exemption from 16 CFR 433.2(a); and (b) the seller will fulfill in a timely manner all of the requirements set forth in paragraphs 1 through 4 of this exemption from 16 CFR 433.2(a), to the extent that the seller takes or receives a consumer credit contract which does not contain the notice which would otherwise be required by 16 CFR 433.2(a).

#### INVITATION TO COMMENT ON EXEMPTION AND ON PETITION FOR EXEMPTION FROM 16 CFR 433.2 (a)

All interested parties are hereby notified that they may submit to the Assistant Director for Compliance, Federal Trade Commission, Washington, D.C. 20580, written data, views, or arguments on any issues of fact, law or policy, which may have some bearing on:

(1) The exemption from 16 CFR 433.2 (a) issued by the Commission on this date;

(2) The exemption from 16 CFR 433.2 (a) proposed in the NRMA/ARF petition;

(3) Any similar possible exemption from 16 CFR 433.2(a) which would not lead to a loss of consumer rights as compared to the original Rule but which might allow the objectives of the Rule to be achieved in a more efficient manner.

The Commission requests that persons commenting on any of these three subjects address the following issues: (1) What specific costs occasioned by compliance with 16 CFR 433.2(a) would be lessened by the exemption or any proposed exemption? (2) Will consumers receive the same protection against cut offs of claims and defenses under the terms of the exemption, or any proposed exemption, as under the Rule? (3) Is the language of the exemption, or any pro-

<sup>8</sup>See the second condition of the NRMA/ARF proposed exemption.

posed exemption, adequate? In what ways could the exemption be improved? (4) Are there any modifications that should be made in the exemption or any proposed exemption? What effect would these modifications have on the answers to questions (1) and (2)? (5) How will the exemption, or any proposed exemption, affect the ability of the Commission to effectively enforce the Rule?

Persons commenting on the exemption issued by the Commission are, in addition, specifically requested to address the following issues: (1) Is the definition of "open end credit" in the exemption appropriate to the scope of the problems addressed by the exemption? If not, what modifications should be made? What would be the effect of these modifications? and (2) Should the exemption be revoked and, if so, why?

Persons commenting on the NRMA/ARF proposed exemption are requested to discuss: (1) The arguments for the proposed exemption made in the NRMA/ARF petition; and (2) The considerations listed by the Commission in its discussion of the petition in the Statement of Reasons that accompanies the exemption issued by the Commission.

In all comments, the Commission particularly welcomes empirical evidence.

Written comments will be accepted until May 16, 1977. To assure prompt consideration of a comment, it should be identified as an "HIDC Exemption Comment" and, when feasible and not burdensome, submitted in five copies.

#### EXEMPTION

Accordingly, pursuant to the Federal Trade Commission Act, as amended, 15 U.S.C. section 41, et seq., the provisions of Part I, Subparts B and C of the Commission's Procedures and Rules of Practice, 16 CFR section 1.7, et seq., and section 553 of Subchapter II, Chapter 5, Title 5 of the U.S. Code (Administrative Procedures), the Commission hereby issues the following exemption from 16 CFR 433.2(a), which will be added to 16 CFR Part 433 as a new § 433.3.

§ 433.3 Exemption of sellers taking or receiving open end consumer credit contracts before August 1, 1977 from requirements of § 433.2(a).

(a) Any seller who has taken or received an open end consumer credit contract before August 1, 1977, shall be exempt from the requirements of 16 CFR Part 433 with respect to such contract provided the contract does not cut off consumers' claims and defenses.

(b) *Definitions.* The following definitions apply to this exemption:

(1) All pertinent definitions contained in 16 CFR 433.1.

(2) Open end consumer credit contract: a consumer credit contract pursuant to which "open end credit" is extended.

(3) "Open end credit": consumer credit extended on an account pursuant to a plan under which (i) the creditor may permit the customer to make purchases or obtain loans, from time to time, directly from the creditor or indirectly by use of a credit card, check, or other device, as the plan may provide; (ii) the customer has the privilege of paying the balance in full or in installments. The term does not include negotiated advances under an open-end real estate mortgage or a letter of credit.

(4) Contract which does not cut off consumers' claims and defenses: a consumer credit contract which does not constitute or contain a negotiable instrument, or contain any waiver, limitation, term, or condition which has the effect of limiting a consumer's right to assert against any holder of the contract all legally sufficient claims and defenses which the consumer could assert against the seller of goods or services purchased pursuant to the contract.

By direction of the Commission.

#### Title 33—Navigation and Navigable Waters CHAPTER I—COAST GUARD, DEPARTMENT OF TRANSPORTATION

[CGD 77-72]

#### PART 127—SECURITY ZONES

Security Zone—Boston Harbor,  
Massachusetts

AGENCY: Coast Guard, DOT.

ACTION: Final rule.

SUMMARY: This amendment establishes a Security Zone around the land area of the Coast Guard Support Center, Boston, Massachusetts and the waters surrounding Piers 1, 2 and 3 of the Coast Guard Base and Support Center. This security zone is established to maintain security in the vicinity of the seized Russian fishing vessel TARAS SHEVCHENKO while in the custody of the United States.

DATES: This amendment is effective on April 11, 1977 and is terminated on June 11, 1977.

#### FOR FURTHER INFORMATION CONTACT:

#### SUPPLEMENTARY INFORMATION:

The principal persons involved in the drafting of this rulemaking are: LCDR H. E. Snow, Project Manager and Mr. S. D. Jackson, Project Attorney.

This amendment is issued without publication of a notice of proposed rulemaking and this amendment is effective in less than 30 days from the date of publication, because this security zone involves a foreign affairs function of the United States.

In consideration of the foregoing, Part 127 of Title 33 of the Code of Federal Regulations is amended by adding § 127.107, to read as follows:

§ 127.107 Boston Harbor, Massachusetts.

The area within the following boundary is a security zone: a line beginning at position 42°22'07.5" N. latitude, 71°03'13" W. longitude; thence in a northeasterly direction to a Coast Guard marker buoy at position 42°22'12.4" N. latitude, 71°03'09" W. longitude; thence in a easterly direction to a Coast Guard marker buoy at position 42°22'11.2" N. latitude, 71°03'02.9" W. longitude; thence in a southeasterly direction to a Coast Guard marker buoy at position 42°22'05.3" N. latitude, 71°02'59.1" W. longitude; thence in a southwesterly direction to the northern edge of Pier 4 at position 42°22'04" latitude, 71°03'05" W. longitude; extending along the northern face of Pier 4 in a southwesterly direction to position 42°22'01.5" N. latitude, 71°03'05" W. longitude; thence along the seawall in a northwesterly direction to the southernmost boundary of Coast Guard Support Center Boston at position 42°22'03" N. latitude, 71°03'06" W. longitude; thence along the shoreside property line of Coast Guard Support Center Boston to the point of beginning. No vessel or person may enter, cross, or navigate in the Security Zone without the consent of the Captain of the Port.

### TELEVISION BROADCAST STATIONS IN FAYETTEVILLE, ARKANSAS, ET AL.

Proposed Changes in Table of Assignments

AGENCY: Federal Communications  
Commission.

ACTION: Proposed Rule.

**SUMMARY:** This document proposes to substitute TV Channel 29 for 36 at Fayetteville, Arkansas, at the request of transferee, in order to utilize newly acquired broadcast equipment and facilitate restoration of UHF television service to the area. This change would also require substitution for three unoccupied UHF channels: Channel 36 for 29 at Little Rock, Arkansas; 31 for 14 at Harrison, Arkansas; and 47 for 29 at Tulsa, Oklahoma.

**COMMENT DATES:** Comments must be received on or before May 19, 1977, and reply comments on or before June 8, 1977.

**SUPPLEMENTARY INFORMATION:**

Adopted: April 4, 1977.

Released: April 11, 1977.

1. The Commission has before it several pleadings pertaining to a petition for rule making in this proceeding filed by Noark Investment Company ("Noark"), which

seeks the amendment of § 73.606(b) of the Commission's rules, the Television Table of Assignments, by substituting UHF Channel 29 for Channel 36 at Fayetteville, Arkansas. This change would require assignment substitutions for three vacant UHF channels in order to meet the minimum separation requirements contained in the FCC rules. The required substitutions are Channel \*36 for \*29 at Little Rock, Arkansas; Channel \*31 for \*14 at Harrison, Arkansas; and Channel 47 for 29 at Tulsa, Oklahoma. All are vacant, and no applications are pending for any of these channels.

2. Fayetteville (1970 pop. 30,729) is located in Washington County (1970 pop. 77,370) in northwestern Arkansas. Noark states that Fayetteville is an educational and cultural center and is the home of the University of Arkansas. Present local television broadcasting consists of KAIT, Channel 13, an educational non-commercial station. Commercial UHF Station KGTO-TV (call letters were changed to KTVP on January 17, 1977), licensed to Noark, operated on Channel 36 in Fayetteville but has been off the air since December of 1973, because of continuing economic difficulties.

3. The proposed channel substitution is requested because KTVP's broadcast equipment was lost, stolen or damaged during the time preceding the transfer of control of Noark while the station was off the air. Noark has obtained replacement equipment designed for a Channel 29 frequency. Noark states that operation on Channel 29 rather than Channel 36 would permit restoration of service quickly and save approximately \$100,000 in additional capital available to cover expected operating losses and future capital requirements.

4. A response in opposition to the petition was filed by Mid-America Broadcasting, Inc., licensee of KTVJ-TV, Joplin, Missouri, stating that it intended to apply for Channel 29 if assigned to Fayetteville and that it opposed any interim operation by Noark on Channel 29. Noark withdrew its petition for rulemaking on March 3, 1976, and the Commission's file was closed. However, Mid-America subsequently decided not to proceed and withdrew its objection to the substitution on May 6, 1976, whereupon Noark filed a request to reopen the rulemaking as it was originally proposed. The Commission indicated that it had reopened the proceeding by Public Notice (FCC Mimeo No. 65951) on June 8, 1976, allowing a new response period until August 23, 1976. On June 11, 1976, Noark filed a petition for issuance of a show cause order to modify the license

of KTVP (then KGTO-TV) at Fayetteville from Channel 36 to Channel 29. Noark also filed a request for special temporary authority on July 28, 1976, to operate the station on Channel 29 while the rulemaking was pending. However, the Commission rejected this request. Finally, on December 7, 1976, Noark filed a request for prompt action on its petition for rulemaking.

5. On April 30, 1975, the Commission approved the transfer of control involving 100% of Noark's corporate stock to George T. Hernreich, licensee of UHF Station KFPW-TV, at Fort Smith, Arkansas, 53 F.C.C. 2d 923 (1975). The petition states that Hernreich plans to operate KTCP on Channel 29 as a satellite of KFPW-TV, which is the only operating UHF station in Arkansas at the moment.<sup>1</sup> Noark states that it has suffered financial losses since it began operation in 1971. Noark hopes that the two stations can profit by operating together as parent and satellite and provide UHF service to a new area at Fayetteville.

6. The KGTO-TV transfer of control (53 F.C.C. 2d 923 (1975)) was conditioned on the outcome of hearings designated on July 29, 1971, in Dockets 19291-92, which involved Hernreich's application for a license to cover a construction permit for KFPW-TV, Fort Smith, Arkansas (Docket No. 19291), and for renewal of license of KAIT-TV, Jonesboro, Arkansas (Docket No. 19292), 30 F.C.C. 2d 903 (1971). The Commission on July 17, 1974, denied renewal of the license for KAIT-TV, finding that Hernreich had conducted dishonest transactions to advance the private interests of his station, but granted the application for a license to cover the construction permit for KFPW-TV because of "the absence of any evidence of misconduct committed at KFPW-TV and the unlikelihood that the misconduct involving KAIT-TV will be repeated in his operation of Station KFPW-TV." 47 F.C.C. 2d 1030, 1035 (1974). Hernreich has petitioned the Commission for reconsideration of the KAIT-TV renewal denial, and the matter is still pending before the Commission, but on July 17, 1975, the Commission severed the KFPW-TV application from the KAIT-TV inquiry and the KFPW-TV grant became final. More recently, the Commission finalized the grant of Hernreich's application for a new FM station at Fort Smith, Arkansas, which was also conditioned on the out-

<sup>1</sup> A construction permit for a second UHF station, KLLN, Channel 24, in Fort Smith was granted by the Commission in March of 1975, but the station is not yet operational (File No. BPGT-4763).

come of Docket Nos. 19291-92. The Review Board made a finding that the Commission intended its severance and favorable resolution of the KFPW-TV proceeding to be dispositive of Hernreich's character qualifications with regard to the FM grant. 57 F.C.C. 2d 1034, 1035 (1976). The Review Board decision indicates that "the Commission's recent approval of (the KGTO-TV) assignment agreement . . . removes any possible doubt which may otherwise have remained as to the Commission's views concerning Hernreich's qualifications to acquire an additional broadcast facility." 57 F.C.C. 2d at 1035-36. Normally character questions are not pertinent to television channel assignment cases, but in this case if Noark were not eligible to utilize the assignment, there would be little use in proposing an assignment, since no one else has expressed an interest in operating a station at Fayetteville.

7. Having considered the record in this proceeding, we find that the public interest would be served by proposing the requested amendments to the Television Table of Assignments in order to expand UHF service to Fayetteville, Arkansas, and the surrounding area at the earliest possible time. Since petitioner is requesting a modification of its license, thereby waiving its rights under Section 316 of the Communications Act, it is unnecessary to issue an Order To Show Cause in the event the Commission decides to grant the proposed substitution.

8. Accordingly, the Commission proposes to amend the Television Table of Assignments, § 73.606(b) of the Commission's rules and regulations, with regard to the cities listed below, as follows:

City	Channel No.	
	Present	Proposed
Fayetteville, Ark.	*13-, 30	*13-, 29+
Little Rock, Ark.	*2, 4, 7-, 11+, 16-, *29-	*2, 4, 7-, 11+, 16-, *30, *31+

Tulsa, Okla.	2+, 6, 8-, *11-, 23, 29, *35-, 41+	2+, 6, 8-, *11-, 23, *35-, 41+47.

9. The Commission's authority to institute rule making proceedings; showings required; cut-off procedures; and filing requirements are contained in the attached Appendix and are incorporated herein.

10. Interested parties may file comments on or before May 19, 1977, and reply comments on or before June 8, 1977.

FEDERAL COMMUNICATIONS  
COMMISSION,

Chief, Broadcast Bureau.

#### APPENDIX

1. Pursuant to authority found in Sections 4(i), 5(d) (1), 303(g) and (r), and 307(b) of the Communications Act of 1934, as amended, and § 0.281(b) (6) of the Commission's rules, it is proposed to

amend the Television Table of Assignments, § 73.606(b) of the Commission's rules and regulations, as set forth in the Notice of Proposed Rule Making to which this Appendix is attached.

2. *Showings required.* Comments are invited on the proposal(s) discussed in the Notice of Proposed Rule Making to which this Appendix is attached. Proponent(s) will be expected to answer whatever questions are presented in initial comments. The proponent of a proposed assignment is also expected to file comments even if it only resubmits or incorporates by reference its former pleadings. It should also restate its present intention to apply for the channel if it is assigned, and, if authorized, to build the station promptly. Failure to file may lead to denial of the request.

3. *Cut-off procedures.* The following procedures will govern the consideration of filings in this proceeding.

(a) Counterproposals advanced in this proceeding itself will be considered, if advanced in initial comments, so that parties may comment on them in reply comments. They will not be considered if advanced in reply comments. (See § 1.420(d) of Commission Rules.)

(b) With respect to petitions for rule making which conflict with the proposal(s) in this Notice, they will be considered as comments in the proceeding, and Public Notice to this effect will be given as long as they are filed before the date for filing initial comments herein. If filed later than that, they will not be considered in connection with the decision in this docket.

4. *Comments and reply comments; service.* Pursuant to applicable procedures set out in Sections 1.415 and 1.420 of the Commission's Rules and Regulations, interested parties may file comments and reply comments on or before the dates set forth in the Notice of Proposed Rule Making to which this Appendix is attached. All submissions by parties to this proceeding or persons acting on behalf of such parties must be made in written comments, reply comments, or other appropriate pleadings. Comments shall be served on the petitioner by the person filing the comments. Reply comments shall be served on the person(s) who filed comments to which the reply is directed. Such comments and reply comments shall be accompanied by a certificate of service. (See § 1.420 (a), (b) and (c) of the Commission Rules.)

#### CABLE TELEVISION

#### Definition and Creation of Classes of Systems

AGENCY: Federal Communications Commission.

ACTION: Proposed rulemaking.

SUMMARY: The Federal Communications Commission (FCC) proposes to amend its regulation to reduce the number of rules covering cable television systems with 500 to 1000 television subscribers. The FCC proposes to take this action because the regulatory burden on these systems appears excessive in light of the impact they have upon local broadcasting services.

DATES: Comments due June 6, 1977, and reply comments due July 6, 1977.

ADDRESS: Send comments to the Secretary, Federal Communications Commission, 1919 M Street, NW., Washington, D.C.

#### SUPPLEMENTARY INFORMATION:

Adopted: March 9, 1977.

Released: April 6, 1977.

1. In a First Report and Order adopted today in this proceeding, we have amended our definition of a cable television system and created a class of small systems, having between 50 and 499 subscribers, to which a reduced regulatory program shall apply. While systems of this size must continue to observe the mandatory signal carriage rules, meet technical standards, and file abbreviated annual operating reports and financial reports, they need no longer comply with distant signal carriage limitations, or make system performance tests, nor need they comply with the rules on franchising and certification or maintain records for local inspection.

2. As explained in that document, we adopted this abbreviated regulatory program because our research indicated that, largely because of these systems' small size, exempting them from compliance with certain of our rules would not give rise to the problems those rules are intended to prevent.

3. Our analysis of available evidence further suggests that the same conclusion might also be drawn with respect to somewhat larger systems, having between 500 and 999 subscribers, and it may therefore be appropriate to apply the same reduced regulatory program to them as well. We are aware, of course, that these intermediate-sized systems are larger, in terms of both revenue

base<sup>1</sup> and percentage of industry and total subscribers<sup>2</sup> than the small systems considered in the First Report and Order. Our research to date, however, does not indicate that this significantly differentiates them from the smaller systems in relation to their manner of operating or their potential impact on over-the-air broadcasting. Nevertheless, it may be that, where differences do exist, they may be such as to require some refinement of the small system regulatory program. It is the purpose of this Further Notice to ascertain the extent to which the similarities existing between these classes of systems would indicate the appropriateness of applying the same regulatory program to all cable television systems having fewer than 1000 subscribers.

4. *Signal Carriage.* As we stated at paragraph 29 of the First Report and Order, our signal carriage rules are the core of our regulatory program for cable television. For this reason we have undertaken a careful analysis of the projected impact of removing the distant signal carriage limitations from systems having between 500 and 999 subscribers. The result of this research, and a full description of the methodology used, appears at Appendix A. As can be seen, we employed a conservative approach to our analysis and still found only a handful of television markets where the projected audience fractionalization was potentially in excess of 2 percent. We then took these markets and performed a more complete assessment, using a standard impact formula also used in the research performed in conjunction with the Second Report and Order in Docket 19995, FCC 75-820, 54 FCC 2d 229 (1975). As can be seen, this considerably mitigated the impact projected by the first analysis. If the same standardized impact formula were also applied to the other markets, the anticipated audience fractionalization would be even smaller than the already negligible impact the "worst case" analysis projected.<sup>3</sup>

5. In the First Report and Order we exempted systems having fewer than 500 subscribers from compliance with the

distant signal limitations because of the unlikelihood that any increase in distant signal carriage that resulted would produce any adverse economic impact on local broadcasters. The results of the attached survey seem to suggest that a like conclusion could be drawn with respect to intermediate-sized systems having between 500 and 999 subscribers. However, because we wish to proceed with circumspection in this crucial area of possible deregulation, we invite interested parties to comment on the survey and its bearing on the following questions: (1) Should the distant signal limitations be lifted from all systems having between 500-999 subscribers? Or should market-by-market, or case-by-case, approach be utilized? (2) Are there any reasons, not apparent from the results of the survey, that would militate against any relaxation of the distant signal limitations?

6. In addition to exempting small systems from compliance with distant signal carriage restrictions, in the First Report and Order we also relieved them of certain other obligations. These included the requirement that they make the system performance tests prescribed by § 76.601, as well as the obligations that they comply with the sports black-out rules contained in § 76.67, receive certificates of compliance and maintain records locally for public inspection. While each of these rules, and correspondingly our decision to exempt smaller systems from complying with them, has its own history and rationale, one reason for all of these exemptions is that the burdens involved in compliance with these rules fall harder on smaller systems than on those which have a larger subscriber base to support the added costs the regulations impose. Thus, for example, the purchase of the relatively costly equipment needed to make the performance tests required by § 76.601 constitutes a disproportionate burden for smaller systems. Similarly, such systems are typically passive retransmission facilities; most do not engage in access or origination cablecasting, and their staffs are limited and may work only on a parttime basis. Because of the burdens that would be involved in requiring this type of operation to purchase and operate the switching equipment needed to provide program exclusivity protection, these small systems have been exempted from compliance with these rules. It follows, therefore, that requiring them to shoulder the same financial and operational burdens solely to comply with the sports black-out rules would be exceedingly onerous. It is similarly incongruous with the passive nature of small system operation to require them to maintain certain documents locally for public inspection, since the required documents either relate to active operations uncharacteristic of these systems (such as private agreements on exclusivity and access channel operating rules) or else are otherwise readily obtainable in these small cable communities and thus need not be maintained by the system (for example, the system's franchise). These

and other similar reasons, combined with our own wish to make the most effective possible use of our own resources, have been weighed in the decisions we have taken with respect to systems of under 500 subscribers and, although there is obviously no precise dividing line, we believe it worth considering whether these same reasons also weigh in favor of similarly relaxing regulation for systems of under 1000 subscribers.

7. The original Notice in this proceeding dealt with many broad issues, only one of which was the possible deregulation of one or more classes of cable television systems. How many classes there should be, what sized systems should be included, and which of the rules should apply to each were not specifically proposed; instead, possible alternatives were outlined in an effort to elicit the most comprehensive range of facts and opinions possible. The comments submitted, supplemented by our own research and experience, confirmed that minimal regulation of systems having fewer than 500 subscribers would serve the public interest. As we have said, this same research tentatively suggests that this minimal regulatory program may also be appropriate for all systems having fewer than 1000 subscribers. However, because in so doing we would affect an additional 18 percent of all systems now regulated (Note 2, *supra*), we must take this further step only on the basis of the most complete record possible. For this reason we request further comment specifically directed to whether deregulation of systems having 500-999 subscribers to the same extent as systems having fewer than 500 subscribers would serve the public interest. In addressing the issues outlined above we urge those submitting comments to focus on the similarities or dissimilarities perceived between the two classes of systems and how whatever recommendations are made would appropriately deal with them.<sup>4</sup>

8. Authority for the amendments proposed herein is contained in sections 4(i), 303, and 403 of the Communications Act of 1934, as amended.

9. All interested persons are invited to file written comments on the rule making proposal on or before June 6, 1977, and reply comments on or before July 6, 1977. In reaching a decision on this matter, the Commission may also take into account other relevant information before it in addition to the comments invited by this Further Notice.

10. In accordance with the provisions of § 1.419 of the Commission's rules and regulations, an original and five (5) copies of all comments, replies, pleadings, briefs, or other documents filed in this proceeding shall be furnished to the Commission. Responses will be available for public inspection during regular business hours in the Commission's Dockets Reference Room (Room 239) at

<sup>4</sup> We seek to limit the inquiry in this fashion so as not to duplicate the work of the initial Notice in this docket.

<sup>1</sup> Assuming a subscriber rate of \$6 per month, the maximum-size systems in the small and intermediate classes would generate gross annual revenues of \$36,000 and \$72,000 respectively. Considering the capital-intensive nature of system construction and operation, even the larger of these figures often produces little margin for profit, and this typically only after several years of operation.

<sup>2</sup> Systems having fewer than 500 subscribers comprise 24 percent of all systems but provide service to only 2 percent of the total subscribers nationwide. Systems having fewer than 1000 subscribers constitute 42 percent of all systems but serve only 6 percent of all subscribers.

<sup>3</sup> It should be noted, moreover, that from a regulatory standpoint the Commission is concerned not with audience fragmentation, *per se*, but rather with impact on station revenues and profits that is so great as to diminish the station's ability to serve the public interest. #### APPENDIX A

Attached are the results of a Commission study of the estimated extent of audience fractionalization that local television stations might sustain if cable television systems having fewer than 500 or 1000 subscribers were exempted from compliance with the Commission's rules limiting cable carriage of distant television broadcast signals. Tables 1 and 2 present general approximations of audience impact in, respectively, each of the 100 largest television markets and in each of the smaller television markets. Table 3 presents the results of a more detailed impact analysis performed on the 15 markets which the previous more general analysis indicated were likely to sustain the largest percentages of potential audience fractionalization.

TABLES 1 AND 2: GENERAL APPROXIMATION OF AUDIENCE IMPACT

Tables 1 and 2 contain gross estimates of potential cumulative audience impact, computed by the following methodology:

(1) All cable systems located in 35-mile zones having 1000 or fewer subscribers were identified from the cable television system annual reporting forms (FCC Form 325) on file with the Commission. It was presumed that all of these systems would add one or more distant signals if the distant signal restrictions were removed.

(2) Major-market systems of this size that began operations prior to March 4, 1968 were excluded, but smaller-market systems that began operations prior to December 12, 1968 were included. These were the dates on which the Commission first adopted signal-carriage rules applicable to systems located in these markets, and it was initially presumed that systems predating these rules would be carrying all the signals that feasibly could be carried and would be unlikely to add signals regardless of any exemption from our current rules. Subsequent examination of a representative number of these systems, however, indicated that although a majority of the approximately 60 older major market systems would probably not add distant signals (either because of channel saturation or because microwave costs appeared prohibitively large in relation to their revenue base), the same conclusion could not be drawn with respect to the older smaller-market systems. Therefore, the latter have been included for purposes of this survey.

(3) The total number of cable subscribers were broken down within each television market into two categories: (1) total subscribers of systems with 1000 or fewer subscribers, and (2) total subscribers of systems with 500 or fewer subscribers.

(4) It was considered that exempting the described cable systems from the distant

signal carriage rules could, at worst, cause 50 percent of the local station's cable audience to be fractionalized because of possible increases in the number of distant signals carried.

(5) The number of in-market subscribers to systems in each of the respective size categories was then multiplied by the assumed fractionalization figure (50 percent) to yield the total number of cable households potentially lost by importation of distant signals. This number was then divided by the total number of television households in the Area of Dominant Influence (ADI). (The ADI is a geographic market design that defines each market exclusive of another based on measurable viewing patterns. The ADI as defined by Arbitron is an area that consists of all counties in which the home-market stations receive a preponderance of viewing, and each county in the 48 contiguous states is allocated to only one ADI. Where the local station has no ADI, the audience from the county in which the city of license is located was used as the audience base, and where this was done it has been noted.)

(6) The percentages appearing in Tables 1 and 2 are the percentages of projected market audience impact when computed in the manner described above. Because the purpose of this research was simply to find the degree and scope of audience impact and to determine if there were any extensive clustering of small systems in markets, further allocation of this total impact to each station in each market has not been made.

It should be noted that the system data accumulated may reflect certain inaccuracies in the information as reported to the Commission in FCC Forms 325. For instance, many cable systems are included that in fact are part of larger systems and would therefore not be exempted by a redefinition; this occurs because these systems erred by reporting on an individual, rather than a composite, basis. On the other hand, there is a small delinquency rate in reporting that

Audience impact=

$$\text{Factors: } \frac{(1) \times (2) \times (3) \times (4)}{(5)}$$

$$\frac{(\text{number of cable subscribers}) \times (\text{market rating}) \times (\text{station share}) \times (\text{fractionalization})}{(\text{total television households in ADI})}$$

This formula is applied as follows:

(1) The total number of cable subscribers on systems located within the 35-mile zone and having between 50 and 499 subscribers was computed. This was also done for all 35-mile zone systems having between 500 and 999 subscribers. These totals are used as factor 1.

(2) The average percentage of households viewing television in the market during the 9 AM to Midnight period was ascertained. It is assumed that this percentage holds true for both cable and non-cable households. Therefore, factor 2 represents the average percentage of cable households viewing television in the market during the 9 AM to Midnight period.

(3) Each market station's audience share of cable television subscribers viewing tele-

tends to deflate the estimates slightly. As an extra precaution, in-depth analyses were conducted of the fifteen markets that were projected to sustain relatively the most extensive audience impact.

TABLE 3: WORST-CASE DETAILED ANALYSES

For 15 markets indicated in Table 2 to be likely to sustain relatively greater percentages of potential audience impact, a further and more exacting analysis was performed. For purposes of this analysis, the following data was gathered:

1. Home market television stations including network affiliation, if any, and channel assignment.

2. ADI counties designated to market.

3. Systems within 35-mile zone having 1,000 or less subscribers including subscriber count, number of homes passed by cable, number of signals carried and affiliation of such signals, date began operation, channels in use, and channel capacity.

4. Audience data including the home station's recent total 9 AM to Midnight audience, the ADI's total market 9 AM to Midnight ratings and home station 9 AM to Midnight share of each county where applicable cable systems are located.

In each of the fifteen markets the data was rechecked thoroughly, including telephone verification of those cases in which the structure or location of a cable system was in doubt. The television markets were re-examined in order to check for any possible deletions stemming from error or delinquent reporting. FCC Form 325 data was matched against data from other reliable sources to check for inconsistencies. (Where inconsistencies were found, the general study was amended.) Once the data was verified, estimates of audience impact were computed for each station in each of the 15 worst-impacted markets. In computing the potential audience fractionalization per station, the following impact formula standardized was utilized:

vision during the 9 AM to Midnight period was ascertained and is used as factor 3.

(4) If one or more distant signals are imported, it is assumed for purposes of this study that one-half (50 percent) of the local station's cable viewers might elect to watch the distant signal(s) instead. This assumed 50 percent fractionalization figure appears as factor 4.

(5) Factors 1-4 are multiplied together to give the number of cable households that would be lost if distant signals were imported. This number, divided by the total number of television households in the station's ADI, gives the percent of predicted audience impact. Table 3 presents the results of this detailed analysis of potential audience impact per station in comparison with the results of the potential audience impact per market projected by the initial general-approximation methodology.

## AVIATION SERVICES

Permission of Aeronautical Enroute Stations to Identify by Location of Principal Control Point

AGENCY: Federal Communications Commission.

ACTION: Proposed Rule.

SUMMARY: "This proposed rule would permit aeronautical enroute stations to identify by the location of their principal control points. Because of technical and operational difficulties, it is not practical for each station along an aircraft route to be individually identified by presently allowable methods."

COMMENT DATES: Comments must be received on or before May 9, 1977 and Reply Comments must be received on or before May 19, 1977.

ADDRESS: Send comments to: Federal Communications Commission, 2025 M Street, N.W., Washington, D.C. 20554.

FOR FURTHER INFORMATION CONTACT:

R. P. De Young, Aviation & Marine Division, Safety & Special Radio Services Bureau, F.C.C., Washington, D.C. 20554, 202-632-7197.

## SUPPLEMENTARY INFORMATION:

Adopted: March 24, 1977.

Released: April 1, 1977.

1. Notice of proposed rulemaking is hereby given in the above-captioned matter.

2. Section 87.115(g) of the rules governs identification of land stations in the aviation services. It provides that such a station may identify using call letters, its location, or the name of the city, area, or airdrome which it serves.

3. In the aeronautical enroute service, a series of fixed stations are often interconnected along aircraft routes of flight and formed into a network. By off-setting the carrier frequency of these stations, it is possible to avoid interference at an aircraft which would otherwise be caused by the interaction of simultaneous transmissions by the ground stations. Such networks are normally controlled from a principal control point.

4. Because of technical and operational difficulties, it is not practical for each station along such a route to be individually identified by the usual methods. Accordingly, we propose to amend the rules to permit such stations to be identified by the location of their principal control point.

5. The proposed amendment, as set forth in the attached Appendix, is issued pursuant to the authority contained

in section 303(r) of the Communications Act of 1934, as amended.

6. Pursuant to the applicable procedures set forth in § 1.415 of the Commission's rules, interested persons may file comments on or before May 9, 1977, and reply comments on or before May 19, 1977. All relevant and timely comments will be considered by the Commission before final action is taken in this proceeding.

7. In accordance with the provisions of § 1.419 of the Commission's rules, on original and 5 copies of all statements, briefs or comments shall be furnished the Commission. All comments received in response to this Notice of Proposed Rule Making, will be available for public inspection in the Docket Reference Room in the Commission's Offices in Washington, D.C.

FEDERAL COMMUNICATIONS  
COMMISSION  
VINCENT J. MULLINS,  
Secretary.

Part 87 of Chapter I of Title 47 of the Code of Federal Regulations is amended as follows:

Section 87.115(g) is amended to read as follows.

§ 87.115 Station identification.

(g) A land station in the aviation services may use radio station call letters,

its location, or the name of the city, area, or airdrome which it serves together with such additional identification as may be required. An aeronautical enroute station which is a part of a multistation network may also be identified by the location of its control points.

## REDUCTION OF ENTITLEMENT OBLIGA- TIONS FOR LOWER TIER CRUDE OIL PRODUCED IN CALIFORNIA AND ALASKA

Availability of Preliminary Economic  
Impact Evaluation

AGENCY: Federal Energy Administra-  
tion.

ACTION: Availability of preliminary eco-  
nomic impact evaluation of proposed  
rule.

SUMMARY: The FEA, as required by  
E.O. 11821, has prepared a preliminary  
economic impact evaluation of its pro-  
posal to reduce installment obligations  
for lower tier crude oil produced in Cal-  
ifornia and Alaska.

DATES: Comments should be received on  
on or before April 29, 1977.

ADDRESSES: Single copies of the eval-  
uation may be obtained at: FEA Office  
of Communications and Public Affairs,  
Room 3138, or FEA National Energy In-  
formation Center, Room 1412, 12th and  
Pennsylvania Ave. NW., Washington,  
D.C. 20461, and at FEA Region IX, 111  
Pine St., San Francisco, California.

Comments on the evaluation should be  
sent to: Federal Energy Administration,  
Executive Communications, Box 1D,  
Room 3309, 12th and Pennsylvania Ave.  
NW., Washington, D.C. 20467.

FOR FURTHER INFORMATION CON-  
TACT:

Joel Yudson, 202-566-9565.

## SUPPLEMENTARY INFORMATION:

Notice is hereby given that, pursuant  
to Executive Order 11821, the Federal  
Energy Administration ("FEA") has pre-  
pared a preliminary economic impact  
evaluation of the March 17, 1977 proposed  
amendments (42 FR 15419; March 22,  
1977) to the provisions of the domestic  
crude oil allocation program (the "en-  
titlements program") to reduce entitle-  
ment obligations for lower tier crude oil  
produced in California and Alaska.

Single copies of the preliminary eco-  
nomic impact evaluation may be obtained  
commencing April 12, 1977 from the FEA  
Office of Communications and Public  
Affairs, Room 3138 or the FEA National  
Energy Information Center, Room 1412,  
12th and Pennsylvania Avenue, NW.,  
Washington, D.C. 20461, between 8 a.m.  
and 4:30 p.m., e.s.t., Monday through  
Friday, except Federal holidays, and will  
also be available on that date during  
business hours at FEA Region IX, 111  
Pine Street, San Francisco, California.

Interested persons are invited to sub-  
mit data, views or arguments with respect  
to the preliminary economic impact  
evaluation to Executive Communications,  
Box 1D, Room 3309, Federal Energy Ad-  
ministration, 12th and Pennsylvania Ave-  
nue, NW., Washington, D.C. 20461.

Comments should be identified on the  
outside of the envelope and on the docu-  
ments submitted to FEA Executive Com-  
munications with the designation, "Pre-  
liminary Economic Impact Evaluation of  
the Proposal to Reduce Entitlement Obli-  
gations for Lower Tier Crude Oil Pro-  
duced in California and Alaska." Fifteen  
copies should be submitted. All comments  
should be received by FEA by April 29,  
1977, in order to receive full considera-  
tion.

Any information or data considered  
by the person furnishing it to be confi-  
dential must be so identified and sub-  
mitted in one copy only. The FEA re-  
serves the rights to determine the con-  
fidential status of the information or  
data and to treat it according to that  
determination.

Issued in Washington, D.C., April 8,

## ENERGY CONSERVATION PROGRAM FOR APPLIANCES

Cancellation of Public Hearing

AGENCY: Federal Energy Administra-  
tion.

ACTION: Cancellation of Hearing for  
Proposed Rule.

SUMMARY: This document cancels a  
public hearing on a proposed regulation  
for testing room air conditioners. This  
cancellation is being made in view of the  
lack of interest in presenting oral com-  
ments.

DATE: April 15, 1977 hearing cancelled.

CONTACT:

James Smith, (202) 566-4635.

## SUPPLEMENTARY INFORMATION:

On March 24, 1977, the Federal Energy  
Administration extended the written  
comment period and provided for fur-  
ther public hearings (42 FR 16811) with  
regard to the sampling provision of pro-  
posed test procedures for room air condi-  
tioners issued on July 22, 1976 (41 FR  
31237).

A public hearing with respect to these  
amendments was scheduled for 9:30 a.m.  
on April 15, 1977 in Washington, D.C. In  
view of the lack of interest in present-  
ing oral comments on the proposed test  
procedure for room air conditioners, the  
hearing is hereby cancelled.

Issued in Washington, D.C., April 13,  
1977.

Pan American World Airways, Inc. (Pan American) has requested that the Board disclaim jurisdiction over or, in the alternative, approve without hearing pursuant to section 408(b) of the Federal Aviation Act of 1958, as amended (the Act), Pan American's contract to manage the Westchester County Airport (Westchester). If action cannot be taken by March 29, 1977, the date upon which the contract is to take effect, Pan American has requested that the Board temporarily exempt it from the provisions of section 408 of the Act, pursuant to section 416 thereof, to the extent necessary to permit it to manage the airport.

Pan American has entered into an agreement to manage Westchester on behalf of Westchester County, New York, (the County) under the supervision and control of County officials. Westchester serves the County and adjacent areas of Fairfield County, Connecticut, for certificated service (Allegheny Airlines), air taxi service, and general aviation service.

Pan American states that another party currently operates the Airport and that its contract with the County will expire shortly; that the County requested proposals by potential replacements of the existing operator; and that Pan American's proposal was chosen from a group of nine which had been submitted.

Under the terms of the agreement, Pan American is required to manage and operate Westchester and keep it available to the public for 24 hours a day, seven days a week, and to do so in a safe and efficient manner; to maintain and repair the physical plant of the airport (runways, grounds, buildings, etc.); to perform certain aviation support functions (e.g., operate the airport's fuel farm and make continuous meteorological observations); and to prepare certain plans, rules, and regulations for the airport, including an emergency contingency plan and an airport security plan.

With regard to contracts between the County and third parties relating to Westchester, Pan American is required to perform said contracts on behalf of the County, to insure compliance by third parties, and to advise the County in the solicitation of bids and negotiations of contracts which are necessary or desirable for the operation of Westchester. Pan American does not have authority to enter into any contracts, and is limited to an advisory capacity.

Pan American is also responsible for certain financial and accounting services, including the preparation of financial statements, billing and collection, and preparation of statistical reports required by County, State, and Federal agencies. It is also responsible for preparation of Westchester's operating and capital budgets, which are subject to County approval. The agreement also establishes personnel requirements which Pan American must meet, and Pan American's personnel selections must be approved by the County.

Under the agreement Pan American will be reimbursed for all of its expenses which are made pursuant to the operating budget approved by the County, plus

a fixed fee of approximately \$14,600 per month. In addition Pan American will receive an annual incentive fee of 10 percent of the net income, if any, of the airport for the year. Net income is the surplus of revenues, as defined in the agreement, over expenses. The annual incentive fee cannot, however, exceed 150 percent of the incentive fee paid in the previous year.

Finally, the agreement contains a strong prohibition against discrimination by Pan American in the provision of services and in the pricing of such services. It also prohibits Pan American from conducting air carrier operations at the airport except in cases of emergencies.

In support of its request for a disclaimer of jurisdiction, Pan American asserts that the County will, in fact, operate the airport and that Pan American will merely be acting as an agent of the County, carrying out its decisions. Pan American asserts that this situation is in sharp contrast to previous airport operating agreements in which the Board found control to exist within the meaning of section 408 of the Act;<sup>1</sup> that in those cases, Pan American would have assumed substantial entrepreneurial risks for long periods of time, and would have assumed effective control of airport operations. Pan American asserts that although Westchester is a person engaged in a phase of aeronautics and Pan American is an air carrier, the county will in fact operate the airport with Pan American's assistance; and that Pan American is therefore neither operating the County's aeronautical properties nor acquiring control of the County's aeronautical operations.

With regard to the request for approval, Pan American asserts that the Board's approval of an agreement between Pan American and the Port Authority of New York and New Jersey for the operation of the Teterboro Airport provides ample precedent for approval of the subject application.<sup>2</sup> Pan American asserts further that the agreement with Westchester does not affect control of an air carrier directly engaged in the operation of aircraft in air transportation and will not create a monopoly or restrain competition. Pan American states that it received the contract through an essentially competitive bidding process; that its size in and of itself will not be a factor since the previous operator was the subsidiary of a much larger concern;<sup>3</sup> that Teterboro and Westchester Airports serve different markets;<sup>4</sup> and that Pan American will be acting as the County's agent.

<sup>1</sup> Pan American World Airways, Inc. Jurisdiction, 47 CAB 1126 (1967).

<sup>2</sup> Pan American World Airways, Inc. Farmingdale and Teterboro Airports, 49 CAB 107 (1963).

<sup>3</sup> The previous operator is owned by Gulf Oil Corp.

<sup>4</sup> Pan American alleges that Teterboro serves the general aviation market for Manhattan and Bergen and Passaic Counties in New Jersey and that Westchester County airport serves the Westchester County, New York, and Fairfield County, Connecticut, markets.

Pan American believes that it has ample experience in airport operations which will enable Westchester to provide improved services to airport users; that since relief of congestion at New York's major airports continues to be of public concern, improved services at Westchester will benefit the public; and that Pan American, under the terms of its agreement with the County, has committed itself to encourage the investment of private capital at the airport.

An answer in support of Pan American's application was filed by Westchester County. It asserts that, after a careful and lengthy evaluation, Pan American was selected as the contractor most likely to meet the County's goals for its airport management program; that Pan American cannot operate into the airport under the terms of the agreement; and that carriers which compete with Pan American cannot use the airport because of its limited size. The County further asserts that its agreement with Pan American is totally unlike that approved by the Board involving Teterboro, that the County will retain full responsibility for fundamental decisions about the Airport's operations; and that disapproval of the agreement would be detrimental to the County since it would probably have to repeat the entire selection process and its pricing flexibility would be reduced by public disclosure of its agreement with Pan American.

No comments opposing the application or requesting a hearing have been received.

Notice of intent to dispose of this application without a hearing has been published in the FEDERAL REGISTER and a copy of such notice has been furnished by the Board to the Attorney General not later than the day following the date of such publication, both in accordance with the requirements of section 408(b) of the Act.

Upon consideration of the foregoing, we find that Pan American is an air carrier; that Westchester County, by virtue of its ownership of Westchester County Airport, is a person engaged in a phase of aeronautics; and that Pan American's agreement with the County, as described above, may constitute a contract by an air carrier to operate a substantial part of the properties of a person engaged in a phase of aeronautics within the meaning of subsection 408(a)(3) of the Act.<sup>5</sup> However, it is further found that the transaction does not affect control of an air carrier directly engaged in the operation of aircraft in air transportation, does not result in creating a monopoly, or restrain competition; and that no person disclosing a substantial interest is currently requesting a hearing. It is also found that the transaction will not be inconsistent with the public interest or leave the re-

<sup>5</sup> As to Pan American's request for a disclaimer of jurisdiction, this issue cannot be definitely resolved on the basis of the limited information in the pleadings before us. Since we have concluded to grant Pan American the relief requested in the form of an approval without hearing, however, no further inquiry on the disclaimer request is required.

quirements of section 408 otherwise unfulfilled; and that it should be approved, subject to condition.<sup>6</sup>

The Board has previously approved the operation of another suburban airport, Teterboro, by Pan American,<sup>7</sup> and many of the conclusions reached in that decision are relevant to the present application. Thus, it is unlikely that there are any conflicts of interest between Pan American's role as a certificated air carrier and its role as an operator of a predominantly general aviation airport which would require disapproval. It would, in fact, be to Pan American's benefit to encourage use of Westchester by general aviation to reduce congestion at the major New York airports. Further, Pan American receives an incentive fee based on airport revenues, so that any restrictive practices could prove to be detrimental to the carrier itself. More fundamentally, any restrictive practices which might result from potential conflicts of interest would be forbidden by provisions of other sections of the Act, as well as the Federal Airport Act, and discriminatory practices are clearly forbidden by the terms of the agreement under consideration.<sup>8</sup> Further, Pan American's role at Westchester will be more limited than the arrangement at Teterboro, where the carrier leased the airport. Here, the County will retain substantial control over airport management and policy. Finally, we note that no air carrier, aviation supplier, general aviation user, or other person has objected to the application.

Specifically, the use of Westchester by a certificated carrier, Allegheny, does not appear to create substantial conflict of interest. Pan American and Allegheny do not currently significantly compete over any routes,<sup>9</sup> and it appears that Pan American would have no incentive to treat Allegheny unfairly.<sup>10</sup> Moreover, since Pan American is precluded from

conducting other than emergency air carrier operations at Westchester, protection of its operations will not be an incentive to discriminate against any air carrier.

Nevertheless, to insure that Pan American's operation has limited anti-competitive effects, we will impose a condition similar to one of those imposed in our approval of the Teterboro operation to prohibit Pan American from engaging on its own behalf in the business of providing aviation services except on a casual, infrequent or emergency basis. The condition will not, however, prohibit Pan American from providing these services in connection with aircraft which it owns or sells or operates. We shall also retain jurisdiction in this proceeding for the purpose of amending or revoking our approval herein, should the public interest so require.

As a final matter, under the agreement, Pan American will be reimbursed for all expenses it incurs pursuant to authorized budgets and will receive at least a guaranteed fixed fee in addition. Thus there is almost no risk that Pan American would incur losses from this activity which would impair its ability to perform its certificate obligations.

Accordingly, it is ordered, That: 1. Subject to the condition specified below, the application of Pan American World Airways, Inc. for approval of its agreement with Westchester County, New York, for the operation of Westchester County Airport (Docket 30554) be and it hereby is approved;

2. The approval is subject to the following condition: Except in connection with aircraft which it may sell, own, or operate, or on a casual, infrequent, or emergency basis, Pan American on its own behalf, shall not engage in the aviation service business at Westchester County Airport; *Provided, however*, That Pan American may provide such services for a period up to 90 days if necessitated by failure of persons normally engaged in such activities to provide such services. For the purposes of this order, aviation service business involves principally the following activities: (1) the sale to users of aircraft fuel and lubricants; (2) the delivery of fuel into aircraft; (3) aircraft maintenance and repair; (4) the sale and installation of avionics; (5) the provision of hangar storage and outdoor tiedown locations for aircraft (Pan American reserves the right also to provide hangar facilities and public tiedown services); and (6) the performances of turnaround services; and

3. Except to the extent specifically granted herein, all other requests in the application in Docket 30544 be and they hereby are dismissed.

Jurisdiction is hereby retained for the purpose of amending or revoking with or

July 2, 1974. Any discriminatory action taken by Pan American would be totally inconsistent with the cooperative relationships indicated by these agreements.

without hearing, the approval granted herein, as the public interest may require.

This order shall be published in the *FEDERAL REGISTER*.

Secretary.

#### Decision on Application for Duty-Free Entry of Scientific Article

The following is a decision on an application for duty-free entry of a scientific article pursuant to section 6(a) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Public Law 89-651), 80 Stat. 897 and the regulations issued thereunder as amended (15 CFR 301).

A copy of the record pertaining to this decision is available for public review during ordinary business hours of the Department of Commerce, at the Office of Import Programs, Department of Commerce, Washington, D.C. 20230.

Docket Number 77-00033. Applicant: Cornell University Medical College, Department of Physiology, 1300 York Avenue, New York, N.Y. 10021. Article: Two Micromanipulators, Type MPG, BN 6880 (right hand model and left hand model). Manufacturer: August Fischer KG, West Germany. Intended use of article: The article is intended to be used to obtain samples of tubular fluid which are to be analyzed in order to investigate kidney function. The experiments are designed to understand the regulation of sodium, calcium and water balance at the level of the individual nephron.

Comments: No comments have been received with respect to this application. Decision: Application approved. No instrument or apparatus of equivalent scientific value to the foreign article, for such purposes as this article is intended to be used, is being manufactured in the United States. Reasons: The foreign article provides wide excursion, accommodation of different pipettes types and versatility in positioning aided by right and left hand models. The Department of Health, Education, and Welfare (HEW) advises in its memorandum dated February 25, 1977 that the features of the article described above are pertinent to the applicant's intended use. HEW also advises that it knows of no domestic instrument of equivalent scientific value to the foreign article for the applicant's intended purposes.

The Department of Commerce knows of no other instrument or apparatus of equivalent scientific value to the foreign article, for such purposes as this article is intended to be used, which is being manufactured in the United States.

<sup>6</sup> Since the Board has decided to grant Pan American's request pursuant to section 408 of the Act, its alternative requests will be dismissed.

<sup>7</sup> Pan American World Airways, Inc. Farmingdale and Teterboro Airports, *supra*.

<sup>8</sup> Section 308 of the Act precludes any exclusive right of airport use. Section 11(1) of the Federal Airport Act requires that the airport be available for public use on fair and reasonable terms and without unjust discrimination. Article 8 of the agreement with the County requires that Pan American comply with all applicable Federal, State and local laws and requires that Pan American keep Westchester available to the public on a non-discriminatory basis, charging fair and reasonable prices for service provided.

<sup>9</sup> Pan American currently operates fill-up service between Detroit and Boston on some of its international flights and Allegheny operates one-stop service in the market. Pan American's operations are so limited in extent, however, that this competition would not appear to give rise to significant conflicts.

<sup>10</sup> It is also noted that Pan American and Allegheny have numerous agreements relating to provision of services by one carrier to the other, including a ground services agreement at JFK International Airport, Agreement CAB 24438, approved by Order 74-7-12,

##### Decision on Application for Duty-Free Entry of Scientific Article

The following is a decision on an application for duty-free entry of a scientific article pursuant to section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Public Law 89-651, 80 Stat. 897) and the regulations issued thereunder as amended (15 CFR 301).

A copy of the record pertaining to this decision is available for public review during ordinary business hours of the Department of Commerce, at the Office of Import Programs, Department of Commerce, Washington, D.C. 20230.

Docket Number: 76-00500. Applicant: Lovelace Foundation for Medical Education and Research, 5200 Gibson Blvd. SE, Albuquerque, New Mexico 87112. Article: Scanning Electron Microscope, Model JSM-35U and accessories. Manufacturer: JEOL Ltd., Japan. Intended use of article: The article is intended to be used in studies of the health effects of inhaled effluents from power plants which use a variety of fuels, such as nuclear fuels or coal in the following three general areas:

(1) Characterization of aerosol particles, both those naturally occurring and those used in experimental studies.

(2) The characterization of normal anatomic structures of the respiratory tract, particularly those that can be correlated with physical and computer models of the lung.

(3) The characterization of lesions induced by inhalation of power plant effluents.

Comments: No comments have been received with respect to this application. Decision: Application denied. An instrument or apparatus of equivalent scientific value to the foreign article, for such purposes as this article is intended to be used, is being manufactured in the United States. Reasons: This application is a resubmission of Docket Number 76-00258 which was denied without prejudice to resubmission on April 27, 1976 for informational deficiencies. In this application in reply to Question 8, the applicant alleges that the article provides the following pertinent features:

a. Guaranteed resolution of 100 Angstroms (Å).

b. Accelerating voltage up to 39 kilovolts (kv).

c. Variable apertures 100, 200, 600 microns.

d. Stigmator monitor.

e. Eucentric,goniometer stage.

f. Long working distance.

g. Conical shaped objective lens.

The Department of Health, Education, and Welfare (HEW) advises in its memorandum dated December 10, 1976 that the most closely comparable domestic scanning electron microscope (SEM) is the ETEC Autoscan (Models B-1, U-1 or R-1) HEW further advises that the applicant provides no pertinent characteristics within the meaning of Subsection 301.2(n) of the regulations upon which duty-free entry can be based. As to the specific allegations of the applicant in reply to Question 8, in the order listed above, the following is noted:

a. Both the article and the domestic SEM provide a guaranteed resolution of 100Å. HEW advises that the ETEC SEM has equivalent resolution for the intended work. Based on this advice and upon a review of the guaranteed specifications, we find that the resolution capabilities are scientifically equivalent.

b. The article provides accelerating voltages up to 39KV and the domestic Autoscan provides optional accelerating voltages to 50 KV. We, therefore, find that the accelerating voltage of the domestic Autoscan matches that of article.

c. HEW advises that the variable aperture is pertinent only for X-ray analysis. However, the applicant states that an accessory X-ray spectrometer was not ordered with the article, Subsection 301.6(a) (3) of the regulations prohibits consideration of accessories to be purchased in the future in the determination of scientific equivalency. Based on applicant's stated intention to purchase such an accessory in the future, HEW advises that features c., e., f., and g.—indicated as needed to characterize small particles by X-ray analysis—are not pertinent specifications within the meaning of subsection 301.2(n).

In connection with the domestic availability of c., we further note that the article provides variable apertures and the domestic Autoscan also provides variable apertures as an accessory in some models. Moreover, it is standard in the Autoscan Model R-1. We, therefore, find that the domestic Autoscan matches the article with respect to this feature.

d. HEW advises that the stigmator monitor is a convenience which is not pertinent for the work.

e. HEW advises that this feature is not pertinent as indicated in our discussion of feature c. Moreover, we note that in response to Question 8, the applicant acknowledges that a eucentric stage is available from ETEC as an option. We, therefore, find that the domestic autoscan matches the article with respect to feature e.

f. HEW advises that this feature is not pertinent, as indicated in our discussion of feature c.

g. HEW advises that this feature is not pertinent, as indicated in our discussion of feature c.

Based in part on the advice received from HEW and upon our own review of the application, descriptive scientific materials and applicable prior decisions on the record, we find that any models of

the ETEC Autoscan scanning electron microscope referred to above is of equivalent scientific value to the foreign article for such purposes as this article is intended to be used.

##### Decision on Application for Duty-Free Entry of Scientific Article

The following is a decision on an application for duty-free entry of a scientific article pursuant to section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Public Law 89-651, 80 Stat. 897) and the regulations issued thereunder as amended (15 CFR 301).

A copy of the record pertaining to this decision is available for public review during ordinary business hours of the Department of Commerce, at the Office of Import Programs, Department of Commerce, Washington, D.C. 20230.

Docket number: 77-00040. Applicant: The University of Iowa, Institute of Hydraulic Research, Iowa City, Iowa 52242. Article: Double-Bragg-Cell Module and accessories. Manufacturer: Opto-Electronische Instrumente GmbH and Co., West Germany. Intended use of article: The article is intended to be used with a laser anemometer composed of the laser, optics, photomultipliers preamplifiers, and frequency trackers for studying velocities in complexed, three-dimensional flow investigations in boundary layers and transitions in both air and water.

Comments: No comments have been received with respect to this application.

Decision: Application approved. No instrument or apparatus of equivalent scientific value of the foreign article, for such purposes as this article is intended to be used, is being manufactured in the United States.

Reasons: The foreign article provides simultaneous shifting of the frequencies of the laser beams forming the scattering volume. The National Bureau of Standards (NBS) advises in its memorandum dated March 21, 1977, that the capability described above is pertinent to conducting investigations of high-signal-to-noise ratios generated by the article which are essential to the applicant's intended research. NBS also advises that it knows of no domestic instrument or apparatus of equivalent scientific value to the foreign article for the applicant's intended use.

## UNIVERSITY OF TEXAS—AUSTIN

## Decision on Application for Duty-Free Entry of Scientific Article

The following is a decision on an application for duty-free entry of a scientific article pursuant to Section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Pub. L. 89-651, 80 Stat. 897) and the regulations issued thereunder as amended (15 CFR 301).

A copy of the record pertaining to this decision is available for public review during ordinary business hours of the Department of Commerce, at the Office of Import Programs, Department of Commerce, Washington, D.C. 20230.

Docket Number: 77-00034. Applicant: The University of Texas, Department of Chemistry, Austin, Texas 78712. Article: Rotating Anode X-ray Generator, Model GX-20 and accessories. Manufacturer: Marconi-Elliott Avionics Ltd., United Kingdom. Intended use of article: The article is intended to be used as a high intensity monochromatic X-ray source for irradiating small protein crystals so that their diffraction patterns may be analyzed and their three-dimensional molecular structure determined. Under current investigation are the photo receptor accessory pigment proteins responsible for harvesting the light for photosynthesis, a number of toxins that have been implicated as possible anti-tumor agents and several enzymes which occupy key positions in the regulation of metabolism. The structures of these systems are being investigated with an objective of understanding the principles of the molecular mechanisms of action for these types of compounds.

Comments: No comments have been received with respect to this application.

Decision: Application approved. No instrument or apparatus of equivalent scientific value to the foreign article, for such purposes as this article is intended to be used, is being manufactured in the United States.

Reasons: The foreign article provides a focused spot of minimal size (0.2 x 0.2 square millimeters) and a rotating target for maximum X-ray beam intensity. The Department of Health, Education, and Welfare (HEW) advised in its memorandum dated February 25, 1977 that the capabilities described above are pertinent to the purposes for which the article is intended to be used. HEW also advised that it knows of no domestic instrument of equivalent scientific value to the foreign article for such purposes as the article is intended to be used.

CONSUMER PRODUCT SAFETY  
COMMISSION

[Petition No. CP 75-18]

## RACING SULKIES

## Denial of Petition

The purpose of this document is to announce the denial of a petition from William G. Krikorian, a manufacturer of harness racing sulkies, requesting regulation of the design and manufacture of harness horse racing sulkies.

Section 10 of the Consumer Product Safety Act (CPSA) (Pub. L. 92-573, 86 Stat. 1217; 15 U.S.C. 2059) provides that any interested person may petition the Consumer Product Safety Commission to commence a proceeding for the issuance of a consumer product safety rule. Section 10 also provides that if the Commission denies such a petition, it shall publish in the FEDERAL REGISTER its reasons for denial.

A letter dated February 27, 1975, from William G. Krikorian of Track-Cat, manufacturers of aluminum single shaft racing sulkies in Lowell, Massachusetts, requested the Commission to regulate the design and manufacture of racing sulkies. The letter was declared a petition on June 20, 1975, after the Commission received further information on the use patterns.

After careful consideration of the petition and the available relevant information, the Commission has decided to deny the petition to regulate harness sulkies.

Sulkies are used in harness racing, including pari-mutuel races, and in pony races. The petitioner estimates that 35% are used in racing and training and that the remaining 65% are used in horse and pony shows, state fairs and for activities such as 4-H projects and personal enjoyment.

The petitioner contends that double shaft racing sulkies are unsafe and that they are made primarily of wood, with the shafts going around the sides of the horse. Should there be an accident, the petitioner alleges that danger exists to both the horse and driver from splinter-

ing and shattering and possible impalement of the wood shafts.

The petitioner contends that single shaft harness racing sulkies built to go up over the back of the horse are inherently safer, as the aluminum or steel tubing would bend under pressure caused by an accident thereby preventing a serious injury.

Injury data submitted with the petition were neither confirmed nor denied. The data available to the Commission do not indicate that sulkies presently in use present risks to consumers that are not commensurate with the nature of the sport. The injuries are limited to those during accidents or mishaps, as opposed to during routine successful use of the equipment. The more severe injuries are those sustained by the horse from shattered wooden shafts.

The Commission has no evidence that the specific requirements which the petitioner urges the Commission to adopt would substantially lessen the likelihood of serious injury to consumers.

A copy of the petition and related materials may be seen during working hours, Monday through Friday, in the Office of the Secretary, Consumer Product Safety Commission, Washington, D.C. 20207.

Accordingly, pursuant to section 10 (d) of the Consumer Product Safety Act (Pub. L. 92-573, 86 Stat. 1217 (15 U.S.C. 2059(d))), notice is hereby given of the Commission's denial of the petition.

Dated: April 11, 1977.

SADYE E. DUNN,  
Secretary, Consumer Product  
Safety Commission.

## FEDERAL ENERGY ADMINISTRATION

## DRAFT REVISED PROGRAMMATIC ENVIRONMENTAL IMPACT STATEMENT

## Extension of Comment Period

On February 22, 1977 (42 FR 10334) the Federal Energy Administration gave notice of the availability of its draft revised programmatic environmental impact statement which reflected the amendment of section 2 of the Energy Supply and Environmental Coordination Act of 1974 (ESECA), 15 U.S.C. 791 et seq., by the Energy Policy and Conservation Act, Pub. L. 94-163. The FEA hereby gives notice that pursuant to 10 CFR 208.12(a) the time period during which interested parties may submit comments concerning the draft revised programmatic environmental impact statement has been extended. All comments and relevant information received by April 18, 1977 will receive full consideration. In all other respects the earlier notice remains in effect.

Written comments should be sent to Executive Communications, FEA, Box KY, 12th and Pennsylvania Avenue, Washington, D.C. 20461. Comments should be identified on the outside of the envelope in which the comments are transmitted and on any documents submitted to Executive Communications, with the designation "Comments on ESECA Programmatic EIS." Fifteen comments should be submitted.

Signed in Washington, D.C. April 11, 1977.

[Docket No. 77-7; Agreement No. 9929-2, etc.]  
**COMBI LINE JOINT SERVICE AGREEMENT  
AND INTERCONTINENTAL TRANSPORT,  
B.V. AND CAMPAGNIE GENERALE  
MARITIME JOINT MARKETING AGREEMENT**

**Modifications; Order of Investigation and  
Hearing and Order of Approval of Agree-  
ment No. 9929-3 Pendente Lite**

This proceeding is instituted to determine whether Agreements Nos. 9929-2, 9929-3 and 9929-4, and Agreements Nos. 10266 and 10266-1, should be approved, disapproved or modified pursuant to Section 15 of the Shipping Act, 1916, 46 U.S.C. § 814.

Agreement No. 9929, as amended, is the organic agreement of the Combi Line Joint Service (Combi) between Hapag-Lloyd Aktiengesellschaft (Hapag-Lloyd) and Intercontinental Transport, B.V. (I.C.T.). This Agreement was originally approved on May 6, 1971. It provides for the establishment and maintenance of a joint service to operate lighter-aboard-ship (LASH) vessels and non-LASH vessels, either conventional or specialized, between U.S. South Atlantic and Gulf Ports and places on tributary inland waterways, on the one hand, and Ports in the United Kingdom/Ireland and Continental Europe (excluding the Mediterranean) and places on tributary inland waterways, on the other hand. Agreement No. 9929 was approved by the Commission until December 31, 1986 with respect to LASH service, and for three years (that is, until May 1974) with respect to non-LASH service. Subsequently, the Commission extended its approval of the non-LASH service through April 8, 1977 (Agreement No. 9929-1).

Agreement No. 9929-2 amends the basic Agreement in three major respects: (1) adds Compagnie Generale Maritime (C.G.M.), a French flag line, as a party; (2) introduces authority for the parties to operate a coordinated container service, and (3) divides the Agreement in two sections: Section 1 covering the Combi LASH joint service, and Section 2 covering the coordinated container service. Apparently, the two services are meant to operate independently of each other.

The amended LASH section (Section 1) provides for operation of a LASH joint service under the name of Combi Line. It will operate LASH vessels and LASH feeder vessels, with new authority to charter space on conventional vessels as needed. Hapag-Lloyd and I.C.T. will each furnish a LASH vessel with a

full complement of barges and ancillary equipment. C.G.M., the new party, will initially provide feeder vessels and equipment for the service in Europe.

Under the new section on the coordinated container service (section 2), the parties will operate separate container services, but will coordinate them in certain respects. This section provides for the parties to (1) operate between them up to six container ships, owned or chartered, with a capacity of up to 1,500 twenty-foot equivalent units (TEUs), each, as well as container space on certain conventional ships they operate; (2) coordinate sailings; (3) cross-charter space on each other's container and combination vessels for shipment of loaded and empty containers; (4) solicit and book containerized cargoes for their own separate accounts (Agreement No. 10266, discussed below, would authorize I.C.T. and C.G.M. to do this jointly); (5) issue their own bills of lading, but the parties will also establish and maintain a uniform bill of lading to be used by them in this trade; (6) join as separate members with separate votes conferences and agreements that may operate within the shipping trades covered by this Agreement, and (7) agree on rates where they do not belong to a conference or other rate agreement. Section 2 also prohibits the pooling of revenues realized from the coordinated container service and the sharing of operational expenses, but allows the parties to share administrative expenses.

Agreement No. 9929-2 also designates the Scandinavian and Baltic areas as being included within its geographic scope, and furthermore adds service between Mexico and Europe to its geographic scope with respect to the coordinated container service.

Agreement No. 9929-3 would extend the authority of the present joint service between Hapag-Lloyd and I.C.T. to operate non-LASH vessels through April 8, 1979. This Agreement is an interim measure designed to prevent Combi's non-LASH authority from expiring while the Commission is considering the other amendments and new Agreements covered by this Order, and in the event the Commission disapproves the other amendments and Agreements.

Agreement No. 9929-4 would modify Agreement No. 9929-2 to provide for a five year term on the coordinated container service from the date of Commission approval.

Agreement No. 10266 is designated as a joint marketing Agreement between I.C.T. and C.G.M. whereby the parties may (1) jointly solicit and book cargo for all ships they operate or to which they have access in the trades, except the LASH vessels; (2) designate joint agents; (3) issue joint bills of lading; (4) share in all revenues and expenses; (5) join as separate members with separate votes conferences and agreements that may operate within the shipping trades covered by this Agreement, and (6) agree on rates where they do not belong to a conference or other rate agreement. De-

spite its designation as a joint marketing Agreement, Agreement No. 10266 is in essence primarily a joint service Agreement.

Agreement No. 10266-1 amends Agreement No. 10266 to provide for the latter to remain in effect for five years from the date of Commission approval unless otherwise terminated by the parties.

Notice of the filing of Agreements Nos. 9929-2 and 10266 was published in the *FEDERAL REGISTER* on October 14, 1976. Notice of the filing of Agreements Nos. 9929-3, 9929-4 and 10266-1 was published in the *FEDERAL REGISTER* on February 2, 1977. Protests and requests for hearing with respect to all of the agreements were timely filed by United States Lines, Sea-Land Service, Inc. and Seatrains International, S.A. (hereinafter, the protestants). The proponents of the Agreements submitted responses to the protestants' filings.

The Commission has considered the subject Agreements, and the submissions of both the protestants and the proponents. The Commission has determined that issues have been presented which can only be resolved in a formal proceeding. Specifically, these issues include whether approval of the Agreements will enable the parties to offer a viable container service without overtonnaging the trade, as the proponents claim, or whether the trade is already overtonnaged and will be made more so by approval of the Agreements, as the protestants claim; whether approval of the Agreements will result in rationalized use of vessels and container space, thus achieving substantial savings in fuel consumption, as the proponents claim, or whether this benefit is purely speculative since the parties are unlikely to institute individual container services in the event of disapproval of these Agreements, as the protestants claim; whether approval of the Agreements will strengthen the competitiveness of the Combi LASH service and will make the parties more competitive among themselves with respect to the container service, as the proponents claim, or whether approval will give the parties excess market power and will create severe and dangerous competitive pressures on the other lines in the trade, as the protestants claim; whether the separate voting provisions contained in Agreements Nos. 9929-2 and 10266 may result in unjust or unfair advantages to the parties in conference affairs; whether a restriction should be placed on the open-ended provision in Section 1 (the LASH section) of Agreement No. 9929-2, which permits the parties to charter supplementary space on conventional vessels as such space is needed; whether Agreements Nos. 9929-2 and 10266 establish unnecessary restraints on individual termination (the Agreements require each party to give two years' notice prior to cancellation, and no notice can be given prior to December 31, 1980 in the case of Agreement No. 9929-2 and December 31, 1979 in the case of Agreement No. 10266); whether Agreement

9929-2 should be modified to more precisely define the operational relationship between the joint LASH service and the coordinated container service; whether the addition of the words "Scandinavia and Baltic" to the scope of Agreement No. 9929-2, and hence to Agreement No. 10266, constitutes an enlargement of the existing geographic scope of the basic Agreement, as the protestants claim, or whether the purpose of the addition is only clarification since Combi has served those areas since it commenced operations, as the proponents claim; whether approval of the Agreements should be conditioned upon the parties meeting all tariff filing requirements with respect to the foreign-to-foreign coordinated container service between Ports in Mexico and Ports in Continental Europe; whether Agreement No. 10266 should be amended to make it clear that it shall exist only so long as the parties' relationship under Agreement No. 9929-2 is maintained; and whether approval of the Agreements should be conditioned upon deletion or limitation of authority in Agreement No. 9929-2 for the parties to provide LASH service on 2 transshipment basis to or from ports outside the geographic scope of the Agreement.

It is noted that both Agreement No. 9929-2 and Agreement No. 10266 would grant their parties the power to set rates in certain circumstances. Rate-setting is, of course, equivalent to price-fixing, which is a per se violation of the Sherman Antitrust Act, 15 U.S.C. 1. *United States v. Trenton Pottery Company*, 273 U.S. 392 (1927). Furthermore, agreements to divide markets are also per se violations of the Sherman Act, *Timken Roller Bearing Company v. United States*, 241 U.S. 593 (1950). Agreement No. 10266 appears in essence to be a market-sharing arrangement between I.C.T. and C.G.M. Also, the coordinated container service section of Agreement No. 9929-2 appears to contain several anticompetitive provisions. Therefore, under *FMC v. Svenska Amerika Linien*, 390 U.S. 238 (1969), the proponents will have the burden of coming forward with evidence to demonstrate that the approval of these Agreements shown to be per se violative of the antitrust laws is nevertheless in the public interest.

The proponents have stated that excessive delay in final determination of the matters under consideration could seriously disrupt their efforts to make arrangements for the operation of new vessels, which are scheduled to be delivered for use in the trade in January or February of 1978. They request that any proceeding ordered be concluded as quickly as possible, and that the Commission issue a final decision at the earliest possible date. In consideration of this request, we hereby direct the Office of Administrative Law Judges to conduct the proceedings herein ordered with the utmost expedition, consistent with the fullest development of the facts, and to render a decision as soon as possible.

This, we believe, will be in the interest of both proponents and protestants.

Although we have directed expeditious handling of the hearing, it will not be possible for us to issue a final decision in these matters prior to the termination on April 8, 1977 of Agreement No. 9929-1 providing for the Combi non-LASH (i.e., conventional and container) service. Therefore, to prevent Agreement 9929-1 from expiring during the course of this proceeding, the Commission hereby approves Agreement No. 9929-3 pendente lite. We believe this limited approval satisfies most, if not all, of the protestants' comments with respect to this Agreement, and we are also mindful of the many communications we have received from shippers and port authorities, both foreign and domestic, urging the continuance of the Combi service.

Now, Therefore, it is ordered, That pursuant to section 15 of the Shipping Act, 1916, Agreement No. 9929-3 is approved pendente lite, until the final order of the Commission in the proceeding instituted herein;

It is further ordered, That pursuant to section 15 (46 U.S.C. 814) and section 22 (46 U.S.C. 821) of the Shipping Act, 1916, a proceeding is hereby instituted to determine whether or not Agreements Nos. 9929-2, 9929-3, 9929-4, 10266 and 10266-1 shall be approved, disapproved, or modified under the provisions of Section 15;

It is further ordered, That Hapag-Lloyd, AG; Compagnie Generale Maritime and Intercontinental Transport B.V. are hereby made proponents in this proceeding;

It is further ordered, That United States Line, Sea-Land Service, Inc. and Seatrain International, S.A. are hereby made the protestants in this proceeding;

It is further ordered, That a public hearing be held in this proceeding and that the matter be assigned for hearing and decision by an Administrative Law Judge of the Commission's Office of Administrative Law Judges at a date and place to be hereafter determined by the presiding Administrative Law Judge, but not later than October 8, 1977.

The hearing shall include oral testimony and cross-examination in the discretion of the presiding officer only upon a proper showing that there are genuine issues of material fact that cannot be resolved on the basis of sworn statements, affidavits, depositions, or other documents or that the nature of the matters in issue is such that an oral hearing and cross-examination are necessary for the development of an adequate record;

It is further ordered, That notice of this order be published in the FEDERAL REGISTER, and a copy thereof be served upon proponents and protestants as listed in the Appendix hereto;

It is further ordered, That any person other than proponents, protestants, and the Bureau of Hearing Counsel having an interest and desiring to participate in this proceeding shall file a petition for leave to intervene in accordance with Rule 5(1) (46 CFR 502.72) of the Com-

mission's Rules of Practice and Procedure;

It is further ordered, That all future notices, orders, and/or decisions issued by or on behalf of the Commission in this proceeding, including notice of the time and place of hearing or prehearing conference, shall be mailed directly to all parties of record.

By the Commission.

JOSEPH C. POLKING,  
Acting Secretary.

#### **EMERGENCY NATURAL GAS ACT OF 1977 Emergency Order**

On April 8, 1977, Texas Gas Transmission Corporation (Texas Gas), as agent for certain of its customers,<sup>1</sup> filed, pursuant to Section 6 of the Emergency

<sup>1</sup>These customers are local distribution companies and interstate pipelines as defined in section 2(1), (5) of the Act (91 Stat. 4).

Natural Gas Act of 1977 (Act), Pub. L. 95-2 (91 Stat. 4 (1977)), an application for authorization to transport natural gas which it is purchasing for certain of its customers.

Texas Gas, as agent, executed a contract on March 29, 1977, with Chevron, U.S.A., Inc. (Chevron), for the purchase of approximately 250 Mcfd from the Block 23 Field, Ship Shoal Area, Offshore Louisiana.<sup>2</sup> The total price to be paid by Texas Gas, as agent, is \$2.25 per MMBtu. The proposed price is fair and equitable in accordance with Order No. 2.

Texas Gas will receive these volumes through an existing metering station in Terrebonne Parish, Louisiana, and transport the gas through its existing pipeline facilities. Texas Gas' proposed transportation rates are based upon the cost data supporting the settlement rates in Texas Gas' most recent Federal Power Commission rate case in Docket No. RP76-17 and the retention of a percent of the transported volumes for compressor fuel and company use and loss. I find no basis on which to fix other charges since the parties have agreed upon the transportation charges and payment of the construction costs.

Based upon the foregoing, Texas Gas is authorized to purchase gas, as agent, from Chevron and to transport such gas for certain of its customers. This authorization is conditioned on (i) Texas Gas' submission of the names of the customers for which it is acting as agent, (ii) those customers agreeing to submit reports as required by Order No. 4 and (iii) such customers certifying that they are entitled to purchase gas under the provisions of Order No. 6.

This order is issued pursuant to the authority delegated to me by the President in Executive Order No. 11969 (February 2, 1977), and shall be served upon Texas Gas and Chevron. This order shall also be published in the FEDERAL REGISTER.

This order and authorization granted herein are subject to the continuing authority of the Administrator under Pub. L. 95-2 and the rules and regulations which may be issued thereunder.

#### **EMERGENCY NATURAL GAS ACT OF 1977 Supplemental Emergency Order**

By order issued March 30, 1977, pursuant to section 6 of the Emergency Natural Gas Act of 1977 (Act), Pub. L. 95-2 (91 Stat. 4 (1977)), I granted the March 25, 1977 request, as supplemented on March 28, 1977, of Columbia Gas Transmission Corporation (Columbia)

<sup>2</sup>The Block 23 Field is contiguous to the shoreline. Thus, this gas is not produced from the Outer Continental Shelf.

for authorization to (i) divert gas purchased from Delhi Gas Pipe Line Corporation (Delhi) under the March 1, 1977 authorization in this proceeding to Pacific Lighting Service Company (Pacific) and Pacific Gas & Electric Company (PG&E), (ii) have such gas transported by El Paso Natural Gas Company (El Paso), and (iii) amend the March 1, 1977 authorization to permit Columbia to purchase up to an average of 60,000 Mcfd from the commencement of deliveries through July 31, 1977. That order authorizes Columbia to use the volumes purchased from Delhi to repay approximately 5.695 Bcf of natural gas which Columbia and the Columbia Distribution Companies (Columbia Distribution)<sup>1</sup> received from Pacific and PG&E in Docket Nos. E77-10, E77-21 and E77-30.

On April 3, 1977, Delhi requested that an additional supplemental order be issued to assure that it retained all legal protections afforded by the Act set forth in the March 1, 1977 order in this proceeding. Delhi noted that it and Columbia have agreed to the terms and conditions of items (i), (ii) and (iii) above as a part of their contract and that it will make deliveries to El Paso in Reeves County, Texas.

The March 30, 1977 order stated as follows: "To the extent not inconsistent with the provisions of this order, the provisions of the March 1, 1977 order in this proceeding remain in full force and effect." This language continued in effect the protections afforded Delhi by Section 6 (91 Stat. 4, 7-8) and 9 (91 Stat. at 8-9) of the Act as prescribed in the March 1, 1977 order. Such protections are continued in full force and effect by this order.

Pursuant to section 6(a) of the Act, I find the amendments in the contract between Columbia and Delhi as approved in the March 30, 1977 order in this proceeding to be appropriate. The March 30, 1977 order in this proceeding is hereby amended to state that Delhi will make deliveries to El Paso in Reeves County, Texas. To the extent not inconsistent with the provisions of this order, the provisions of the March 1, 1977, and March 30, 1977 orders in this proceeding and all protection and authorizations granted therein remain in full force and effect.

This order is issued pursuant to the authority delegated to me by the President in Executive Order No. 11969 (February 2, 1977), and shall be served upon Columbia, Columbia Distribution, Pacific, PG&E, and El Paso. This order shall also be published in the FEDERAL REGISTER.

This order and authorization granted herein are subject to the continuing au-

thority of the Administrator under Pub. L. 95-2 and the rules and regulations which may be issued thereunder.

Applications for Certificates, Abandonment of Service and Petitions to Amend Certificates<sup>1</sup>

APRIL 7, 1977.

Take notice that each of the Applicants listed herein has filed an application or petition pursuant to section 7 of the Natural Gas Act for authorization to sell natural gas in interstate commerce or to abandon service as described herein, all as more fully described in the respective applications and amendments which are on file with the Commission and open to public inspection.

Any person desiring to be heard or to make any protest with reference to said applications should on or before May 2, 1977, file with the Federal Power Commission, Washington, D.C. 20426, petitions to intervene or protests in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Persons wishing to become parties to a proceeding or to participate as a party in any hearing therein must file petitions to intervene in accordance with the Commission's rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure a hearing will be held without further notice before the Commission on all applications in which no petition to intervene is filed within the time required herein if the Commission on its own review of the matter believes that a grant of the certificates or the authorization for the proposed abandonment is required by the public convenience and necessity. Where a petition for leave to intervene is timely filed, or where the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicants to appear or to be represented at the hearing.

**FEDERAL RESERVE SYSTEM****MICHIGAN NATIONAL CORP.****Acquisition of Bank**

Michigan National Corporation, Bloomfield Hills, Michigan, has applied for the Board's approval under section 3(a) (3) of the Bank Holding Company Act (12 U.S.C. 1842(a) (3)) to acquire 100 percent, less directors' qualifying shares, of the voting shares of Michigan National Bank, Sterling, Sterling Heights, Michigan, a proposed new bank. The factors that are considered in acting on the application are set forth in section 3(c) of the Act (12 U.S.C. 1842(c)).

The application may be inspected at the offices of the Board of Governors or at the Federal Reserve Bank of Chicago. Any person wishing to comment on the

application should submit views in writing to the Secretary, Board of Governors of the Federal Reserve System, Washington, D.C. 20551, to be received not later than May 6, 1977.

Board of Governors of the Federal Reserve System, April 8, 1977.

Deputy Secretary of the Board.

**MONTBELLO BANKCORP, INC.****Order Approving Formation of a Bank Holding Company**

Montbello Bankcorp, Inc., Denver, Colorado, has applied for the Board's approval under Section 3(a) (1) of the Bank Holding Company Act (12 U.S.C. 1842 (a) (1)), to become a bank holding company through the acquisition of 80 percent or more of the voting shares of Montbello State Bank, Denver, Colorado ("Bank").

Notice of the application, affording opportunity for interested persons to submit comments and views, has been given in accordance with section 3(b) of the Act (42 FR 10339 (1977)). The time for filing comments and views has expired, and the application and all comments received have been considered in light of the factors set forth in section 3(c) of the Act (12 U.S.C. 1842(c)).

Applicant is a corporation recently formed for the purpose of becoming a bank holding company through the acquisition of Bank. Upon acquisition of Bank (deposits of \$9.86 million), Applicant would control the 156th largest of 277 banks in Colorado, holding .13 percent of the total deposits in commercial banks in the State.<sup>1</sup> Bank ranks 58th among 79 banks operating in the Denver market,<sup>2</sup> controlling .23 percent of the commercial deposits therein.

Principals of Applicant are principals with a combined majority interest in another one-bank holding company in Colorado. In addition, these individuals own majority interests in two other banks and are officers and directors of these institutions. Applicant's principals have been associated with these banks, all three of which are in the Denver banking market, since the organization of each. Since the proposal involves only a restructuring of present ownership into corporate form and the banks in question are so small, approval of the instant application should have no effect on either existing or potential competition.

The financial and managerial resources and future prospects of Applicant, which are largely dependent upon those of Bank, are considered generally satisfactory and consistent with ap-

proval. Debt of \$672,000 will be incurred by Applicant. However, acquisition of Bank will have no adverse effect on the financial condition of either Applicant or Bank. Therefore, considerations relating to banking factors are regarded as being consistent with approval.

Consummation of the transaction would effect no changes in the banking services offered by Bank, and considerations relating to the convenience and needs of the community to be served lend no weight toward approval. It has been determined that consummation of the transaction would be consistent with the public interest and the application should be approved.

On the basis of the record, the application is approved for the reasons summarized above. The acquisition of Bank shall not be made before the thirtieth calendar day following the effective date of this Order, or later than three months after the effective date of this Order, unless such period is extended for good cause by the Board, or by the Federal Reserve Bank of Kansas City pursuant to delegated authority.

By order of the Secretary of the Board, acting pursuant to delegated authority from the Board of Governors, effective April 7, 1977.

THEODORE E. ALLISON,  
Secretary of the Board.

**FOR FURTHER INFORMATION CONTACT:**

William A. Arbitman, Director, San Francisco Regional Office, Federal Trade Commission, 450 Golden Gate Ave., San Francisco, Calif. 94102 415-556-1270.

**SUPPLEMENTARY INFORMATION:** Pursuant to section 6(f) of the FTC Act, 38 Stat. 721, 15 U.S.C. 46 and § 2.34 of the Commission's rules of practice (16 CFR 2.34), notice is hereby given that the following consent agreement containing a consent order to cease and desist and an explanation thereof, having been filed with and provisionally accepted by the Commission, has been placed on the public record for a period of sixty (60) days. Public comment is invited. Such comments or views will be considered by the Commission and will be available for inspection and copying at its principal office in accordance with § 4.9(b)(14) of the Commission's rules of practice (16 CFR 4.9(b)(14)).

**AGREEMENT CONTAINING CONSENT ORDER TO CEASE AND DESIST**

The agreement herein, by and between Jetma Technical Institute, a corporation, by its duly authorized officers, Fred and Anna H. Lee, individually and as officers of said corporation, respondents in a proceeding initiated by the Federal Trade Commission through the issuance of its complaint on October 28, 1975, and their attorney, and counsel for the Federal Trade Commission, is entered into in accordance with the Commission's Rule governing consent into in accordance with the Commission's Rule governing consent order procedure.

1. Respondent Jetma Technical Institute is a corporation organized, existing and doing business under and by virtue of the laws of the State of California, with its office and principal place of business located at 103 South Airport Boulevard, in the City of South San Francisco, State of California.

Respondent Fred Lee, Jr., is an individual and an officer of the corporate respondent. He formulates, directs and controls the acts and practices of the corporate respondent including the acts and practices hereinafter set forth. His address is the same as that of the corporate respondent.

Respondent Anna H. Lee is an individual and an officer of the corporate respondent. She formulates, directs and controls the acts and practices of the corporate respondent including the acts and practices hereinafter set forth. Her address is the same as that of the corporate respondent.

2. Respondents have been served with a copy of the complaint charging them with violations of Section 5 of the Federal Trade Commission Act.

3. Respondents admit all the jurisdictional facts set forth in the complaint.

4. Respondents waive: (a) Any further procedural steps; (b) The requirement that the Commission's decision contain a statement of findings of fact and

conclusions of law; and (c) All rights to seek judicial review or otherwise to challenge or contest the validity of the order entered pursuant to this agreement.

5. This agreement shall not become a part of the official record of the proceeding unless and until it is accepted by the Commission. If this agreement is accepted by the Commission it will be placed on the public record for a period of sixty (60) days and information in respect thereto publicly released; and such acceptance may be withdrawn by the Commission if, within thirty (30) days after the sixty (60) day period, comments or views submitted to the Commission disclose facts or considerations which indicate that the order contained in the agreement is inappropriate, improper, or inadequate. The Commission may, at any time pending final acceptance of this order, require hearings on the relief requirements provided by this order.

6. This agreement is for settlement purposes only and does not constitute an admission by respondents that the law has been violated as alleged in the complaint.

7. This agreement contemplates that, if it is accepted by the Commission, and if such acceptance is not subsequently withdrawn by the Commission pursuant to the provisions of Section 2.34 of the Commission's Rules, the Commission may, without further notice to the respondents, issue its decision containing the following order to cease and desist in disposition of the proceeding and make information public in respect thereto. When so entered, the order to cease and desist shall have the same force and effect and may be altered, modified or set aside in the same manner and within the same time provided by statute for other orders. This order shall become final upon service. Mailing of the complaint and decision containing the agreed-to order to respondent's address as stated in this agreement shall constitute service. Respondents waive any rights they may have to any other manner of service. The complaint may be used in construing the terms of the order, and no agreement, understanding, representations, or interpretation not contained in the order or the agreement may be used to vary or contradict the terms of the order.

8. Respondents have read the complaint and order contemplated hereby, and they understand that once the order has been issued, they will be required to file one or more compliance reports showing that they have fully complied with the order, and that they may be liable for a civil penalty in the amount provided by law for each violation of the order after it becomes final.

**ORDER**

*It is ordered,* That respondent Jetma Technical Institute, a corporation, its successors and assigns, and its officers, and Fred Lee, Jr., and Anna H. Lee, individually and as officers of said corporation, and respondents' officers, agents,

representatives and employees, directly or through any corporation, subsidiary, division or other device, in connection with advertising, offering for sale, sale, or distribution of courses of study, training or instruction in the field of gas turbine mechanics or any other subject, trade or vocation, or of any other product or service in or affecting commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

1. Representing in any manner, directly or by implication, that there is or will be any need or demand for respondents' graduates in positions for which such graduates are purportedly trained, except as hereinafter provided in Paragraph 4 of this Order.

2. Representing in any manner, directly or by implication, that respondents' graduates will or may earn any specified amount of money, or otherwise representing by any means the prospective earnings of such persons without clearly and conspicuously disclosing the employment salary range of respondents' graduates computed as prescribed in Paragraph 4 of the Order.

3. Representing in any manner, directly or by implication, that the gas turbine engine does not emit smog-producing pollutants.

4. Failing to disclose, in writing, clearly and conspicuously, prior to the signing of any contract, to any prospective student of any course of instruction offered by respondents, the following information in the format prescribed in Appendix B with the title "Important Information" printed in 10 point bold face type across the top of the form and for the Base Period described in Appendix A:

(1) The total number of students; the number and percentage of students who have failed to complete their course of instruction, such percentage to be computed separately for each course of instruction offered by respondents at each school, location or facility;

(2) The number and percentage of students who graduated, such percentage to be computed separately for each course of instruction;

(3) The number of graduates employed in a position for which the course trained them and the employment placement percentages based on all students and graduates; such numbers and percentages to be computed separately for each course of instruction offered by respondents at each school, location or facility;

(4) The employment salary range of respondents' graduates as to the same graduates used to compute the placement percentage in (3) above.

*Provided, however,* This Paragraph shall be inapplicable to any school newly established by respondents in a metropolitan area or county, whichever is larger, where they previously did not operate a school, or to any course newly introduced by respondents, until such time as the new school or course has been in operation for the base period described

in Appendix A. However, during such period the following statement, and no other, shall be made in lieu of the Appendix B Disclosure Form required by this Paragraph:

#### DISCLOSURE NOTICE

This school (or course, as the case may be) has not been in operation long enough to indicate what, if any, actual employment or salary may result upon graduation from this school (course).

5. Failing to keep adequate records, for a period of three years from the date each student discontinues training or graduates, which may be inspected by Commission staff members upon reasonable notice which substantiate the data and information required to be disclosed by Paragraph 4 of this Order. Such records shall include the name, address, and telephone number of each student and, with respect to Paragraph 4 (subparagraphs 3 and 4), such records shall include: (i) The name, address and telephone number of the firm or employer employing each graduate; (ii) The name or title of the job position obtained; (iii) The date on which the job position was obtained; (iv) His/her monthly or annual salary.

6. (a) Contracting for the sale of any course of instruction in the form of a sales contract or any other agreement which does not contain in immediate proximity to the space reserved in the contract for the signature of the prospective student in bold face type of a minimum size of ten (10) points, a statement in the following form:

"You, the prospective student (the buyer), may cancel this transaction at any time prior to midnight of the tenth business day after the date of this transaction. See attached notice of cancellation form for an explanation of this right."

(b) Failing to furnish each prospective student, at the time he signs the sales contract or otherwise agrees to enroll in a course of instruction offered by respondents, a complete form in duplicate, which shall be attached to the contract or agreement, and easily detachable, and which shall contain in ten (10) point bold face type the following information and statements:

#### NOTICE OF CANCELLATION

(c) Failing to orally inform each prospective student of his right to cancel at the time he signs a contract or agreement for the sale of any course of instruction.

(d) Misrepresenting in any manner the prospective student's right to cancel.

(e) Failing or refusing to honor any valid notice of cancellation by a prospective student and within ten (10) business days after the receipt of such notice to: (i) refund all payments made under the contract or sale; (ii) return any materials or property traded in, in substantially as good condition as when received by respondent; (iii) cancel and return any negotiable instrument executed by the prospective enrollee in connection with the contract or sale.

(f) During the cancellation period described herein, respondents shall not initiate contacts with such contracting persons other than contracts permitted by this paragraph.

7. Making any representations of any kind whatsoever, which are not already proscribed by other provisions of this Order, in connection with the advertis-

ing, promoting, offering for sale, sale or distribution of courses of study, training or instruction in the field of gas turbine mechanic's training or any other course offered to the public in any field in commerce, for which respondents have no reasonable basis prior to the making or dissemination thereof.

8. Furnishing or otherwise placing in the hands of others the means and instrumentalities by and through which the public may be misled or deceived in the manner, or by the acts and practices prohibited by the Order.

9. *It Is Further Ordered, That:*

(a) Respondents herein deliver, by hand or by registered mail, a copy of this Order to each of their present and future franchisees, licensees, employees, sales representatives, agents, solicitors, brokers, independent contractors or to any other person who promotes, offers for sale, sells or distributes any course of instruction included within the scope of this Order;

(b) Respondents herein provide each person or entity so described in subparagraph (a) of this paragraph with a form returnable to the respondents clearly stating his or her intention to be bound by and to conform his or her business practices to the requirements of this Order; retain said statement during the period said persons or entity is so engaged; and make said statement available to the Commission's staff for inspection and copying upon request;

(c) Respondents herein inform each person or entity described in subparagraph (a) of this paragraph that the respondents will not use or engage or will terminate the use or engagement of any such party, unless such party agrees to and does file notice with the respondents that he or she will be bound by the provisions contained in this Order;

(d) If such party as described in subparagraph (a) of this paragraph will not agree to file the notice set forth in subparagraph (b) above with the respondents and be bound by the provisions of this Order, the respondents shall not use or engage or continue the use or engagement of such party to promote, offer for sale, sell or distribute any course of instruction included within the scope of this Order;

(e) Respondents herein inform the persons or entities described in subparagraph (a) above that the respondents are obligated by this Order to discontinue dealing with or to terminate the use or engagement of persons or entities who continue on their own the deceptive acts or practices prohibited by this Order;

(f) Respondents herein institute a program of continuing surveillance adequate to reveal whether the business practices of each said person or entity described in subparagraph (a) above conform to the requirements of this Order;

(g) That respondents discontinue dealing with any person described in subparagraph (a) above, revealed by the aforesaid program of surveillance, who

engaged on his own in the acts or practices prohibited by this Order; *provided, however*, That violation of any provision of this Order by present or future employees of independent contractors shall not be deemed a violation of this Order by respondents unless respondents, upon knowledge of such violation, fail to take, within a reasonable time, corrective action to insure that such act or practice is terminated; *and further provided*, That in the event remedial action is taken, the sole fact of such dismissal or termination shall not be admissible against respondents in any proceeding brought to recover penalties for alleged violation of any other paragraph of this order.

(h) Respondents herein maintain files containing all inquiries or complaints from any source relating to acts or practices prohibited by this Order, for a period of two years after their receipt, and that such files be made available for examination by a duly authorized agent of the Federal Trade Commission during the regular hours of the respondents' business for inspection and copying.

10. *It is further ordered*, That respondent corporation shall forthwith distribute a copy of this Order to each of its operating divisions.

11. *It is further ordered*, That the respondent corporation shall notify the Commission at least thirty (30) days prior to any proposed change in the corporate respondent such as dissolution, assignment, or sale resulting in the emergence of a successor corporation, the creation or dissolution of subsidiaries or any other change in the respondent corporation which may affect compliance obligations arising out of this Order.

12. *It is further ordered*, That the individual respondents named herein promptly notify the Commission of the discontinuance of his or her present business or employment with respondent corporation and of his or her affiliation with a new business or employment related to the vocational training industry. Such notice shall include respondent's current business address and a statement as to the nature of the business or employment in which he or she is engaged as well as a description of his or her duties and responsibilities.

*It is further ordered*, That the respondents herein shall within sixty (60) days after service upon them of this order, file with the Commission a report, in writing, setting forth in detail the manner and form in which they have complied with this order.

#### APPENDIX A

##### BASE PERIOD

The first Base Period shall be the six-month period ending three months prior to the effective date of this Order, such period to commence on the first day of the first month in the Base Period, and end on the last day of the sixth month. Subsequent Base Periods shall be of six months duration commencing on the next day following the termination of the prior Base Period. Base Periods shall be numbered consecutively beginning with the

first Base Period (i.e., Base Period No. 1) as defined above.

#### MONITORING PHASE

The three-month period immediately following the close of a Base Period shall be used by respondents to monitor and compile the total number of all students, and the number of students who dropped out, at any time during the Base Period, and the employment success results of graduates during that Base Period. Respondents may include in the computation of statistics for the Base Period any employment statistics

based upon events occurring during the three-month Monitoring Phase.

#### DISSEMINATION PHASE

On the first business day following three months after the termination of a Base Period, respondents shall begin dissemination of that just-terminated Base Period's statistics as required by this Order, continuing such dissemination until the first business day following three months after the termination of the next Base Period, at which time dissemination of the next set of Base Period statistics must begin.

DOCKET NO. 9061

#### ANALYSIS OF PROPOSED CONSENT ORDER TO AID PUBLIC COMMENT

The Federal Trade Commission has accepted an agreement to a proposed consent order from Jetma Technical Institute, a corporation, and Fred Lee, Jr. and Anna H. Lee, individually and as officers of Jetma Technical Institute.

The proposed consent order has been placed on the public record for sixty (60) days for reception of comments by interested persons. Comments received during this period will become part of the public record. After sixty (60) days, the Commission will again review the agreement and the comments received and will decide whether it should withdraw from the agreement or make final the agreement's proposed order.

The complaint alleges respondents falsely advertise that there is a need for a substantial number of graduates of their gas turbine engine mechanics course, that graduates of their course receive high salaries as gas turbine mechanics, and that the gas turbine engine is smog free.

The order prohibits any representations concerning the need or demand for respondents' graduates in positions for which they are purportedly trained, or any representations concerning salary expectations for these graduates, unless respondents disclose the student dropout rate for each course, the percentage of students of each course gaining employment, and the employment salary range for respondents' graduates.

The order also prohibits any representations that the gas turbine engine is smog free.

In addition to the above prohibitions, the order requires the respondents to provide a ten (10) day cancellation period for the consumer on all contracts.

The purpose of this analysis is to facilitate public comment on the proposed order,

and it is not intended to constitute an official interpretation of the agreement and proposed order or to modify in any way their terms.

JOHN F. DUGAN,  
Acting Secretary.

#### GENERAL ACCOUNTING OFFICE

##### REGULATORY REPORTS REVIEW

##### Receipt of Report Proposal

The following request for clearance of a report intended for use in collecting information from the public was received by the Regulatory Reports Review Staff, GAO, on April 8, 1977. See 44 U.S.C. 3512 (c) and (d). The purpose of publishing this notice in the FEDERAL REGISTER is to inform the public of such receipt.

The notice includes the title of the request received; the name of the agency sponsoring the proposed collection of information; the agency form number, if applicable; and the frequency with which the information is proposed to be collected.

Written comments on the proposed EEOC request are invited from all interested persons, organizations, public interest groups, and affected businesses. Because of the limited amount of time GAO has to review the proposed request, comments (in triplicate) must be received on or before May 2, 1977, and should be addressed to Mr. John M. Lovelady, Acting Assistant Director, Regulatory Reports Review, United States General Accounting Office, Room 5033, 441 G Street NW., Washington, D.C. 20548.

Further information may be obtained from Patsy Stuart of the Regulatory Report Review Staff, 202-275-3532.

**EQUAL EMPLOYMENT OPPORTUNITY  
COMMISSION**

EEOC requests clearance of a revision to Form EEOC-5, Charge of Discrimination. EEOC-5 has been revised to bring it into compliance with Privacy and Freedom of Information Acts as well as amendment to the Commission's procedural regulations at 29 CFR 1601, 13, 41 FR 34745. Form EEOC-5 is to assist persons who believe they have been aggrieved to file charge of unlawful employment practices with the Commission. Use of Form EEOC-5 is not mandatory; however, section 706(b) of Title VII of the Civil Rights Act of 1964, as amended, requires that charges be in writing under oath or affirmation. EEOC estimates it will receive 45,000 complaints annually and that reporting burden averages 30 minutes by respondents for preparation of each complaint.

**COLLECTION OF INFORMATION AND  
DATA ACQUISITION ACTIVITY**

**Opportunity to Comment**

Pursuant to section 406(g) (2) (B), General Education Provisions Act, notice is hereby given as follows:

The U.S. Office of Education has proposed collections of information and data acquisition activities which will request information from educational agencies or institutions.

The purpose of publishing this notice in the FEDERAL REGISTER is to comply with paragraph (g) (2) (B) of the "Control of Paperwork" amendment which provides that each educational agency or institution subject to a request under the collection of information and data acquisition activity and their representative organization shall have an opportunity, during a 30-day period before the transmittal of the request to the Director of the Office of Management and Budget, to comment to the Administrator of the National Center for Education Statistics on the collection of information and data acquisition activity.

These data acquisition activities are subject to review by the HEW Education Data Acquisition Council and the Office of Management and Budget.

Descriptions of the proposed collections of information and data acquisition activities follow below.

Written comments on the proposed activities are invited. Comments should refer to the specific sponsoring agency and form number and must be received

on or before May 13, 1977 and should be addressed to Administrator, National Center for Education Statistics, attention: Manager, Information Acquisition, Planning, and Utilization, Room 3001, 400 Maryland Avenue SW., Washington, D.C. 20202.

Further information may be obtained from Elizabeth M. Proctor of the National Center for Education Statistics, 202-245-1022.

Dated: April 8, 1977.

##### 9. INFORMATION TO BE COLLECTED

The standard face page SF-424 is used as Part I. The rest of the application, OE Form 1049, is divided into four parts:

(a) Part II, Requested Arrangement. Award grants are in the form of consortium or bilateral arrangements in five areas—curriculum development, faculty development, administrative improvement, student services and planning for future growth. Participating institutions and assisting institutions and agencies are listed. Amounts requested for arrangement are shown.

(b) Part III, Program Budgets for Requested Year. Separate budget pages must be completed and submitted for each program requested for funding. The salaries of all position titles by major categories must be listed; e.g., Program Coordinators, secretaries, National Teaching Fellows and Professors Emeriti. Amounts for travel, equipment, and any amount paid to participating or assisting institutions, and/or agencies must also be shown together with the non-federal share from institutional funds.

(c) Part IV, Institutional Eligibility and Assurances. In this part the institution assures the U.S. Commissioner of Education that it is eligible as a developing institution by checking off the listed requirements. It also sets forth its accreditation and identifies both the amounts and other Federal and State programs from which it receives funds.

(d) Part V, Institutional Statistics. This part of the application requests data for the last, current, and next academic year in the following areas: (1) Income, (2) Expenditures, (3) Staff, (4) Number of students and graduates during academic year, (5) Number of students (Full-time plus Part-time) enrolled during academic year (broken into minority groups), (6) Number of students

(by minority groups) with family income less than \$7,500 per year.

ATTACHMENT TO APPLICATION OF TENNESSEE VALLEY AUTHORITY FOR WILDLIFE COLLECTION PERMIT

Information required by 50 CFR, section 17.22(a).—(a) (1) Small darter (*Percina tanasi*). TVA will remove and transplant as many specimens as can reasonably be captured from the Little Tennessee River embayment of Watts Bar Reservoir below Tellico Dam and from the Little Tennessee River above Tellico Dam. Realistically, the total fish captured will probably not exceed 1,000. All fish, captured will be introduced into the Holston River below Cherokee Dam (Holston River Miles 7-40). The area of the Holston River below Cherokee Dam has been selected by general agreement with the U.S. Fish and Wildlife Service, the Tennessee Wildlife Resources Agency, and the Tennessee Valley Authority as having the most potential for maintenance of a small darter population outside of the Little Tennessee and Hiwassee Rivers.

(2) The wildlife covered by this permit is in the wild.

(3) No known captive populations of small darters exist.

(4) Not applicable.

(5) Not applicable.

(6) Fish will be collected by SCUBA divers using modified bag seines. Transportation and release methods will be as authorized under TVA's previous permit (PRT 2-4, May 13, 1976). Specimens collected will be transplanted to the Holston River below Cherokee Dam (HRM 7-HRM 40). The area was agreed upon at the September 29, 1976, consultation meeting by biologists from the U.S. Fish and Wildlife Service, the Tennessee Wildlife Resources Agency, and the Tennessee Valley Authority, as being the most suitable site to maintain a population of *Percina tanasi* outside of the Little Tennessee and Hiwassee Rivers. Over 700 specimens have been transplanted in the past two years without incident of mortality.

(7) The activities under this permit are described, in part, under Activity V (Transplantation) of the workplan submitted previously with the application for Permit PRT 2-4, Issued May 13, 1976. Capture of speci-

mens will be accomplished by SCUBA divers using a modified bag seine. Such activities will be carried out by TVA under the general supervision of Dr. Thomas H. Ripley, Director of TVA's Division of Forestry, Fisheries, and Wildlife Development; and under the direct supervision of Richard B. Fitz. Personnel of the U.S. Fish and Wildlife Service and the Tennessee Wildlife Resources Agency will cooperate in carrying out field activities.

(8) (i)-(ii)—Details of scope and procedure for the activity are set out in the workplan previously submitted (referred to and as modified in (7) above).

(iii)—Investigations during the course of TVA's Program to Conserve the Small Darter (*Percina tanasi*) have revealed a large number (>1,000) of young-of-the-year *P. tanasi* congregated below Tellico Dam in the Little Tennessee River embayment of Watts Bar Reservoir during 1976. Concurrent observations have failed to produce evidence of any young of the year in the Little Tennessee River above Tellico Dam although perhaps 1,000 adults remain in this reach. These factors indicate that recruitment to the reach of river designated as critical habitat is non-existent due to the obstruction of Tellico Dam structure preventing upstream migration.

It was agreed during the November 10, 1976, consultation meeting by biologists from the USFWS, TWRA, and TVA that this situation created a potential threat to the continued existence of not only those congregated below Tellico Dam but to the Little Tennessee River population itself. Subsequently, TVA applied for a permit to capture the fish below Tellico Dam in Watts Bar Reservoir and transplant them to other sites in the eastern Tennessee River Valley with the initial transplant to be to the Holston River below Cherokee Reservoir. This area was selected by biologists from the U.S. Fish and Wildlife Service, the Tennessee Wildlife Resources Agency and TVA as the first priority among a list of six potential sites. It is now believed that a sufficient number of darters is available and recoverable only to stock the Holston River effectively.

TVA's view has always been that transplantation to suitable sites outside the lower section of the Little Tennessee River is the only action that can be taken to eliminate any direct threat to the fish congregated below Tellico Dam. With regard to the population in the Little Tennessee River, extirpation will occur this year following the impending spawning period despite any measures that may be taken. To transplant these fish to other waters prior to spawning is the most desirable alternative in TVA's opinion.

(iv)—All live specimens collected will be released in the transplant area. In the event that some specimens are killed or injured during the activity, they will be preserved and retained in TVA's Fisheries Laboratory in Norris, Tennessee, and will be available for inspection by other scientists.

Documents and other information submitted in connection with this application are available for public inspection during normal business hours at the Service's office in Room 512, 1717 H Street NW, Washington, D.C.

Interested persons may comment on this application by submitting written data, views, or arguments, preferably in triplicate, to the Director (FWS/WFO), U.S. Fish and Wildlife Service, Washington, D.C. 20240. This application has been assigned File Number PRT 2-666-07; please refer to this number when submitting comments. All relevant com-

ments received on or before May 16, 1977 will be considered.

Dated: April 11, 1977.

The following information is supplied in conjunction with the attached application to export 1/0 Jaguar to the country of Venezuela by the Central Florida Zoological Society, P.O. Drawer 2078, Sanford, Florida 32771.

This information is supplied following the guidelines and instructions established by 50 CFR 17.22:

(1) Jaguar (*Panthera onca*), Male, 1 yr. old, exportation for potential breeding and release into natural habitat.

(2) Animal was born to resident pair on exhibit at the Central Florida Zoological Park.

(3) N/A.

(4) Born Mar. 3, 1976 at the Central Florida Zoological Park.

(5) This specimen will be conditioned for release on the hacienda property of Dr. Ivan Dario Maldonado, located in the Apure-state of Venezuela. Eventual release will take place within an area of approximately 190 acres which is an extension of the hacienda. Actual communication and liaison is through Dr. Pedro Trebbau, Director of Zootecnia, Parque Carucuso, Apartado 28058, Caracas, Venezuela. Permit authorization is shown on attached forms.

(6) (i) See attached diagram, to be used only to acclimate animal for eventual release.

(ii) Technical expertise will be supplied by Dr. Trebbau's office. Interest is also developing in the area of radio telemetry. Dr. Edgardo Mondolfi is the leader of this activity in Venezuela and is very interested in such a venture. Dr. John Eisenberg of the Smithsonian Institution may also lend valuable support to the project.

(iv) The container to be used will measure 3'w, 5'l, 4'h. It will be constructed of wood and reinforced even though animal in question is only one year old and extremely docile.

(7) See attached forms. When approved by your office, Dr. Trebbau informs us that these import forms can be updated to coincide with export permits with no problem.

(8) The intent of this exportation permit is to attempt to re-establish a breeding population of Jaguars in their natural habitat which is sparsely populated by people so as to allow maximum chance of survival and to increase the natural numbers of an endangered species.

Documents and other information submitted in connection with this application are available for public inspection during normal business hours at the Service's office in Room 512, 1717 H Street NW., Washington, D.C.

Interested persons may comment on this application by submitting written data, views, or arguments, preferably in triplicate, to the Director (FWS/WPO), U.S. Fish and Wildlife Service, Washington, D.C. 20240. This application has been assigned File Number PRT 2-631-C-07; please refer to this number when submitting comments. All relevant comments received on or before May 16, 1977 will be considered.

# THREATENED SPECIES PERMIT

## Receipt of Application

Notice is hereby given that the following application for a permit is deemed to have been received under Section 4(d), 16 U.S.C. 1533(d), of the Endangered Species Act of 1973 (Pub. L. 93-205).

Applicant: Vance B. Grannis, Jr., 9240 Barnes Avenue East, Inver Grove Heights, Minn. 55075.

## ATTACHMENT 17.33 TO PERMIT REQUEST

(1) A "Captive Self-Sustaining Population" permit is requested for the following species of pheasants, quail, ducks, and geese:

- ✓(1) Brown-eared pheasant (*Crossoptilon mautichuricum*)
- (2) White-eared pheasant (*Crossoptilon crossoptilon*)
- (3) Bar-tailed pheasant (*Symaticus humiae*)
- (4) Mikado pheasant (*Symaticus mikado*)
- (5) Palawan peacock pheasant (*Polyplectron emphanum*)
- (6) Elliot's pheasant (*Symaticus ellioti*)
- ✓(7) Edwards pheasant (*Lophura edwardsi*)
- (8) Swinhoe's pheasant (*Lophura swinhoii*)

The applicant seeks a permit to authorize an unlimited number of transactions through interstate commerce over a 2 year period of time for the 8 species of pheasant, 1 species of quail, 2 species of duck and 1 species of goose listed above in this paragraph, with the permit being subject to renewal according to section 13.24

(2) The applicant possesses numerous pheasant aviaries of varying sizes the average approximate size being 20 ft long 9 ft wide and 6 ft high, all of which have various types of shelters. All pheasant aviaries are predator proof employing heavy gauge wire. During the summer there are a number of waterfowl pens with separate ponds. During the winter there is a heated barn with indoor ponds for the waterfowl. Quail are kept in aviaries similar to the pheasants or in smaller pens appropriate for their size. Five acres of land are used at present with an additional twenty acres available. Photos are attached.

(3) Applicant has been propagating pheasants and waterfowl for more than 8 years. I am presently raising some of the pheasants and the ducks referred to in this permit application. My aviaries contain different species of pheasants, quail and many species of waterfowl. The collection is considered one of the larger ones in the State of Minnesota.

The applicant is an active member of many wildlife organizations including (1) American Pheasant & Waterfowl Society (Director)

- (2) Game Bird Breeders Cooperative Federation
- (3) Minnesota Pheasant and Waterfowl Society (President)
- (4) International Wild Waterfowl Association.

(4) The applicant is willing to participate in a cooperative breeding program and to contribute data for a stud book.

(5) The applicant will use standard shipping crates of appropriate size for pheasants, quail, ducks and geese. He has already shipped or received pheasants, ducks and geese throughout the United States without loss. Food and water will be included in crates when necessary.

(6) Among the hundreds of pheasants, quail, ducks and geese the applicant possesses or has bred only a negligible loss occurred. The losses have mainly been due to predators. Changes have been made to make pens predator proof. Some ducks died from a dosage of dioxin medicine.

(7) i The applicant is making this application to gain authorization to engage in interstate commerce with the pheasants, quail, duck and geese listed under #1. This will enable the applicant to dispose of progeny raised each year to qualified breeders and thereby recover all costs invested in the above species. This will also increase the "captive self-sustaining population"

of each of the species involved and thereby enhance their overall chances for survival. The applicant also contends that this will better the probability of reintroduction into their natural habitats when environmental and political situations will allow such action. Maintaining these species in captivity will permit future generations to view and enjoy these birds. Hundreds of people, including bus loads of school children, come to my aviaries to see these birds which they cannot see in their native habitat.

ii. Upon termination of my breeding program, those birds covered by the permit as well as those which are not will be distributed among qualified breeders of those species concerned who will continue to propagate them for future generations.

Sincerely,

Arizona and at present in Vista, CA.. I have been and am a member of different Gamebird breeders associations, the American Federation of Aviculture, the Aviculture Society of America and other local clubs, for many years.

I have made the Masked Bobwhites and other quail my special study for the last six years. In doing this I have exchanged information and worked with well known and knowledgeable bird-people across the nation and in Europe.

iii.-- We would be willing and interested in a cooperative breeding program and are keeping records.

iv.-- One container 8"x 24" long x 12" deep, constructed out of wood. Fine wire netting in front, form padding on inside top (for head protection), one feed and water container inside. See exhibit III

v.-- I started with 1/1 Masked Bobwhite quail in 1973. These were old birds. In 1974 they laid 10 eggs-- 5 were fertile, raised 4-- lost one due to malformation of bird and one due to a hawk problem later on when I moved from Arizona to Southern California. We did not try to raise any in 1975, due to moving problems. Started with three related birds in 1976. My original parents died of old age. (Estimated age 7-8 years). I paired one pair (related) and left other male single, due to not being able to obtain the birds from Tucson in 1976, because of no response to my writing to your office at that time. Received 9 eggs, from this related pair, six were fertile, raised 4, 2 were malformed and killed by us. This is the balance we hope to start with this season, unless we are able to get the permit and add the 2/1 quail to our present collection.

7.-- No contracts. I am engaging in this by myself.

8.--a.-- I would like to see this bird being bred in order to stop them from becoming extinct in captivity as well as in the wild in southern Arizona & Mexico.

i.-- For propagation and life study purposes.

ii.-- Breeding through natural and artificial incubation methods.

iii.-- My study records and other related data will help other breeders and/or ornithologists.

iv.-- If it will be terminated, my birds will be donated to the San Diego Zoological Gardens. Dr. Arthur Riesen, head-curator of birds. I also work and exchange information with him.

Trusting that the above and attached information will fulfill all the required questions, I look forward to your favorable decision in sending us the requested permit.

Thank you for your cooperation in this matter, I remain,  
Sincerely yours,

S.J. "Tony" Harrison.

#### ENDANGERED SPECIES PERMIT

##### Receipt of Application

Notice is hereby given that the following application for a permit is deemed to have been received under section 10 of the Endangered Species Act of 1973 (Pub. L. 93-205)

Applicant: Oklahoma City Zoo, Rt. 1, Box 1, Oklahoma City, Okla. 73111.

Dear Mr. Donahoo:

With reference to the application of the Oklahoma City Zoo for an endangered species permit to import a male harpy eagle (FWS/WFO PRT 2-504-07; original date - 26 October 1976 and subsequently revised 1 March 1977), we submit (1) a further revision to the application and (2) additional information, as follows:

1 Circumstances by which eagle was removed from the wild:

(a) (1) Delete prior submissions and substitute as follows:

Importation of one (1) male harpy eagle. Acquisition will be a bird already in captivity and legal for export from the country of origin. We will not seek to remove a bird from the wild. The objective would be to locate an orphaned or injured bird already removed from the wild. After an appropriate time, should this search be unproductive, then and only then, we will file an amendment to this application requesting a permit to import a specimen captured from the wild.

(a) (2) Delete prior submissions and substitute as follows:

Specific whereabouts of the bird sought by this permit is unknown at this time. We do know the following, however:

(1) If the bird is in the wild at present but subsequently becomes a subject of this permit, it will be as a result of that bird being injured, orphaned or otherwise incapable of surviving in the wild but due to circumstances unrelated to the issuance of this permit.

- (2) If the bird has already been removed from the wild, then it will be a bird that (a) cannot be successfully returned now to the wild and (2) can be legally exported from its country of origin.
- (3) We know of no harpy eagles available which have been born in captivity.
- (a) (4) We are just advised through the Bronx Zoo of the availability of a single male harpy eagle in Surinam and have initiated efforts for detailed information on this bird. Based on our present knowledge of this specimen, it would qualify as an appropriate importation under the permit guidelines outlined above-(a) (1) and (2). However, if this bird is unavailable or does not qualify, then we shall seek a bird that does. This permit request, therefore, is not predicated on a specific specimen, but on specific conditions under which an animal must have become available.

We will appreciate your incorporating these revisions in the subject permit request. Should you require additional information, please feel free to contact us.

Sincerely,

Lawrence Curtis

Dear Sir:

Please consider this our application to import an endangered species of animal within the context of Endangered and Threatened Wildlife and Plants Part 17 Subpart C, Article 17-22 for enhancement of propagation.

- (6) (i) Upon receipt of the approved permit to import the above animal, the Oklahoma City Zoo will construct the facility indicated on Attachment Number 1.
  - (ii) The Oklahoma City Zoo currently maintains a breeding pair of harpy eagles on display and a single female held off exhibit. The

## NOTICES

permit for which we are applying would allow us to pair the single female.

The Oklahoma City Zoo acquired a pair of harpy eagles in 1972 and since their introduction in that year a single egg has been laid in October of 1974 and 1975. The pair has once again exhibited nest building and courtship behavior and two eggs were laid on 15 Oct 76

Our pair of Andean condors (Vultur gryphus) have a large breeding facility and have laid eggs in 1967, 1968, 1971, 1972, 1974, 1975 and 1976. Development was noted in 1975. One of our three pairs of ornate hawk eagles (Spizaetus ornatus) laid fertile eggs in February and May 1975 and April and May 1976. We have since constructed two off-exhibit breeding facilities for two pair of ornate hawk eagles in our Rare Animal Breeding Center in the north area of the Zoo. Since their introduction into these facilities copulation has been observed in one pair and courtship has begun in the second. The third pair of ornate hawk eagles are in an interim off exhibit breeding facility pending completion of their breeding facility on 12 January 77. In March 1976 one of our three pairs of Spectacled owls (Pulsatrix perspicillata) laid fertile eggs. Since egg-laying, an off exhibit breeding facility has been constructed and the breeding pair of spectacled owls have been placed in the facility

The Oklahoma City Zoo has worked closely with the Oklahoma Department of Wildlife, the local United States Fisheries and Wildlife personnel, and the School of Veterinary Medicine of Oklahoma State University in raptor rehabilitation (see Attachment Number 2) as well as successfully implemented a raptor rehabilitation program at the zoo (see Attachment Number 3). On 11 September 76 the Animal Research Council of the Oklahoma City Zoo sponsored a symposium on the conservation of birds of prey (see Attachment Number 4). The Oklahoma City Zoo has received many young birds of prey through the above agencies in the past. Some of the raptors our zoo staff has successfully reared are the Mississippi kite, sparrow hawk, Swanson's hawk, red-tailed hawk, Harris' hawk, great-horned owl, barred owl, and screech owl. A number of orphaned or injured herons and egrets as well as a large number of passerine birds are donated to the zoo by concerned citizens and have been

Re: FWS/WFO PRT 2-504-07

Dear Mr. Donahoo:

This responds to your letter dated 4 January 1977 requesting additional information on the referenced permit application.

1. Circumstances by which the eagle was removed from the wild:

We have been advised that the bird in La Paz is no longer available. Therefore we request these amendments be attached to our request for an Endangered Species Permit originally dated 26 October 1976.

(a) (1) Delete original statement and substitute as follows: Importation of one (1) male harpy eagle (*Harpyia harpyia*) Acquisition of a male harpy eagle may involve trading animals, cash or exchange purchase or breeding loan.

(a) (2) (1) Delete original statement and substitute as follows: the bird for which this permit is requested is either (1) still in the wild or (2) possibly an orphaned bird currently being hand-reared. Should the permit be granted, we will authorize and engage a collector (approved by appropriate authorities in the country of origin) to capture or confiscate the bird, which ever is appropriate. We would contact government agencies in the habitat area and request information on harpy that have been confiscated or may be available due to forestry projects, etc. In short, we will pursue a bird that is "in hand" first and if unavailable, will pursue legal wild capture in country of origin.

hand-reared by our zoo staff

Our philosophy is to allow parental rearing of all captive born offspring unless it is contraindicated. With our staff's extensive experience in hand-rearing raptor species we feel we could successfully hand-rear a harpy eagle should it become necessary.

(iii) The Oklahoma City Zoo is willing to participate in a cooperative breeding program, and to maintain or contribute data to a studbook.

(iv) The animal will be packed in a crate meeting or exceeding current I.A.T.A. regulations and shipped by the most appropriate airline from La Paz, Bolivia to the Oklahoma City Zoo. Complete feeding and watering instructions to be attached to shipping crate.

(v) Of a total of three harpy eagles to enter the Oklahoma City Zoo collection, no mortalities have occurred.

(8) The Oklahoma City Zoo holds a breeding pair of adult harpy eagles and an unpaired adult female. Based on the fact that the Oklahoma City Zoo has committed itself to the breeding of this and similar species and to the construction of a breeding facility for the single resident female harpy eagle and the young male, for which we seek permission to import as well as constructed breeding facilities for those similar species indicated in (a) (6) (ii) we feel justified in obtaining this permit.

(i) See U S D I. form 3-200 (Item 2) (Attachment Number 5)

(ii) See (6) (iv).

(iii) The importation of the juvenile male will complete a pair of harpy eagles, increase the potential reproductive rate of the species and provide additional offspring for future captive populations thus reducing the threat to wild populations.

(iv) In the event of death of the animal in question, the carcass will be preserved as a scientific specimen, and be made available to an institution(s) of higher learning for post mortem study.

(a) (2) (i) Delete original statement and substitute as follows:  
This bird may be in the wild; it may be "in hand" in a government compound. As stated above, all sources of bird "in hand" will be explored prior to taking from the wild.

(a) (2) (ii) Delete original statement and substitute as follows:  
See (a) (2) (i) above.

(a) (3) Delete original statement and substitute as follows:  
A census of harpy eagles in captivity was taken which revealed several important facts:

Known Census of Harpy Eagles in the United States:

1. Oklahoma City Zoo 1/2
2. Los Angeles 2/2
3. Colorado Springs 0/0/2
4. Fort Worth 1/1
5. Redwood City, Ca 0/1 (used in film production "Harpy")
6. Albany, Georgia 0/1 (owned by Jim Fowler)
7. Walnut Creek, Ca\* 0/0/1 (private owner-falconer)

Known Census of Harpy Eagles in Europe

1. Frankfurt, Germany 1/4
2. Antwerp, Belgium 1/1
3. Detmold, Germany 1/1
4. Belem, Brazil 1/4
5. Panama 0/1 (owned by Dr. Nat Gale)

\*See attached correspondence with Mr. Gary Bogue.

This census was derived from the International Zoo Yearbook, and, in the United States as based on our own interest and knowledge of the species, and as verified by telephone with those individuals and institutions.

The above institutions and individuals have advised us that they are not in a position to sell, trade or loan their birds. The Los Angeles Zoo has had eggs the past two years but so far have not hatched or raised any. Fort Worth Zoo had two eggs in October 1975 but the eggs were broken by the parents. The Oklahoma City Zoo had two eggs laid in September 1976, after 62 days of incubation by the adult birds the eggs were taken away and found to be infertile. This could be due to the fact that our male has not reached sexual maturity. Our lone adult female will most likely be too old since harpy eagles mature at four to five years of age - if we are forced to wait for Los Angeles or Fort Worth or others to rear young. Oklahoma City Zoo Director and Assistant Director have made several trips to Europe and South America to locate

and acquire harpy eagles. None were available.

Note that there are only eight male harpies in captivity and there are 17 females. It is highly doubtful that a male will be available for many years from current captive collections.

The Oklahoma City Zoo is committed to maintaining two breeding pairs of this species and developing other breeding pairs from the offspring. The key to the success of a progressive breeding program depends upon the flexibility designed into the program itself. We feel that if we are to commit the necessary resources to the development of a second breeding pair and others from their offspring, we must have the flexibility that can occur by developing a breeding nucleus of two pairs of this species. Without such flexibility, should the male of the trio we now have die, or be determined incapable of reproduction, the entire breeding program fails. The lone female is essentially wasting away without a mate. Since our pair is compatible and the female has produced eggs (infertile to date), we hesitate to pull the male and place him in with the lone female. Hopefully, this pair will produce viable young in the next season. In summary, breeding programs at the Oklahoma City Zoo have been most successful when two unrelated males and several females were secured as the breeding nucleus. This allows the flexibility to manipulate the animals until the right combination of factors creates a viable breeding group.

## NUCLEAR REGULATORY COMMISSION

### ADVISORY COMMITTEE ON REACTOR SAFEGUARDS

#### Revised Notice of Meeting

The meeting notice for the subject meeting to be held on April 7-9, 1977 (published on March 23 and 24, 1977—FEDERAL REGISTER Volume 42, No. 56 and Volume 42, No. 57) is revised as detailed below. This revision involves the scheduling of one session not previously announced, the scheduling of another session and cancellation in part of one other agenda item.

THURSDAY, APRIL 7, 1977

6:30 p.m.-7:00 p.m.—Executive Session (Closed).—Discuss proposed ACRS comments regarding proposed Authorization Legislation for FY-1978 ACRS activities. The ACRS office was informed on April 4, 1977 that the proposed legislation provided for the implementation of a fellowship program to support ACRS activities. On April 5, 1977, the ACRS was asked to supply comments as soon as possible on this legislative proposal. In light of the timing of these events a meeting on this subject could not have been scheduled when the April 7-9 meeting was first noticed.

FRIDAY, APRIL 8, 1977

9 a.m.-10:30 a.m.—Executive Session (Closed).—Prepare ACRS reports on: Cherokee Nuclear Plant; Perkins Nuclear Plant.

This was previously announced as scheduled for 5 p.m.-6:30 p.m. on Friday April 8, 1977. It has been rescheduled due to cancellation of the meeting with the NRC Staff on review of the Federal/State Program for Regulation of Commercial Low-Level Waste Burial Grounds which was to have taken place during this same period.

I have determined that in accordance with Subsection 10(d) of Public Law 92-463 that it is necessary to close the

portion of the meeting at which the ACRS will discuss the proposed legislation and formulate its comments thereon to avoid premature disclosure of information which would significantly frustrate proposed Committee/agency action (5 U.S.C. 552b.(c) (9) (B)). Separation of factual information and information considered exempt from disclosure under Exemption (9) (B) during this portion of the meeting is not considered practical.

Date: April 6, 1977.

Advisory Committee Management  
Officer.

### REGULATORY GUIDE

#### Issuance and Availability

The Nuclear Regulatory Commission has revised a guide in its Regulatory Guide Series. This series has been developed to describe and make available to the public methods acceptable to the NRC staff of implementing specific parts of the Commission's regulations and, in some cases, to delineate techniques used by the staff in evaluating specific problems or postulated accidents and to provide guidance to applicants concerning certain of the information needed by the staff in its review of applications for permits and licenses.

Regulatory Guide 10.3, Revision 1, "Guide for the Preparation of Applications for Special Nuclear Material Licenses of Less Than Critical Mass Quantities," describes the type of information needed by the NRC staff to evaluate an application for a specific license for receipt, possession, use, and transfer of special nuclear material of less than critical mass quantities. This guide was revised as the result of public comment and additional staff review.

Comments and suggestions in connection with (1) items for inclusion in guides currently being developed or (2) improvements in all published guides are encouraged at any time. Comments should be sent to the Secretary of the Commission, U.S. Nuclear Regulatory

Commission, Washington, D.C. 20555, Attention: Docketing and Service Branch.

Regulatory guides are available for inspection at the Commission's Public Document Room, 1717 H Street NW., Washington, D.C. Requests for single copies of issued guides (which may be reproduced) or for placement on an automatic distribution list for single copies of future guides in specific divisions should be made in writing to the U.S. Nuclear Regulatory Commission, Washington, D.C. 20555, Attention: Director, Division of Document Control. Telephone requests cannot be accommodated. Regulatory guides are not copyrighted, and Commission approval is not required to reproduce them.

Regulatory Guide 1.127, "Inspection of Water-Control Structures Associated with Nuclear Power Plants," describes a basis acceptable to the NRC staff for developing an appropriate inspection and surveillance program for dams, slopes, canals, and other water-control structures associated with emergency cooling water systems of nuclear power plants.

Comments and suggestions in connection with (1) items for inclusion in guides currently being developed or (2) improvements in all published guides are encouraged at any time. Public comments on Regulatory Guide 1.127 will, however, be particularly useful in evaluating the need for an early revision if received by June 13, 1977.

[Byproduct Material License No.  
45-02808-04]

### ATLANTIC RESEARCH CORP. Hearing

Atlantic Research Corporation, 5390 Cherokee Avenue, Alexandria, Virginia 22314, is the holder of Byproduct Material License No. 45-02808-04, which authorizes the company to perform industrial radiography with conditions specified therein. The license was issued originally on September 6, 1974 and will expire on August 31, 1977.

On February 14, 1977, the Director of Inspection and Enforcement, pursuant to Section 234 of the Atomic Energy Act of 1954, as amended (42 USC 2282) and 10 CFR 2.205 of the Commission's regulations, served on the Licensee a Notice of Violation together with a Notice of Proposed Imposition of Civil Penalties. The Notice of Proposed Imposition of Civil Penalties, incorporating by reference the Notice of Violation, alleged that the Licensee was responsible for eight separate items of noncompliance which were violations of the Commission's regulations and license conditions and set forth the civil penalty to be assessed for each violation. These alleged violations were based on the results of an inspection of licensed activities on December 14, 15 and 21, 1976 and January 5, 1977.

An answer dated February 28, 1977 to the Notice of Proposed Imposition of Civil Penalties was received from the Licensee. The Director of Inspection and Enforcement, after due consideration of the response by Licensee, remitted the proposed penalty on one item in the Notice of Violation. Thereafter the Director served on the Licensee an Order Imposing Civil Penalties dated March 28, 1977. By letter dated March 30, 1977 the Licensee requested a hearing.

Pursuant to the Atomic Energy Act of 1954, as amended, and the regulations in Title 10, Code of Federal Regulations, Part 2, notice is hereby given that a hearing will be held before Hon. Samuel W. Jensch, Administrative Law Judge, at

a time and place to be set by the Administrative Law Judge.

The issues before the Administrative Law Judge to be considered and decided shall be:

(a) Whether the Licensee committed violations of the Commission's regulations and condition of the license designated as Items A, B, C, D, E, F and H, in the Notice of Violation issued to Licensee; and

(b) Whether the Order Imposing Civil Penalties as it relates to Items A, B, C, D, E, F and H in the Notice should be sustained.

A prehearing conference shall be held by the Administrative Law Judge, at a date and place to be set by him, to consider pertinent matters in accordance with the Commission's Rules of Practice. The date and place of hearing will be set at or after the prehearing conference and noticed in the FEDERAL REGISTER.

Pursuant to 10 CFR 2.705, an answer to this Notice may be filed by the Licensee not later than May 4, 1977.

Required papers may be filed by mail or telegram addressed to the Secretary of the Commission, U.S. Nuclear Regulatory Commission, Washington, D.C. 20555, Attention: Docketing and Service Branch, or by delivery to the Commission's Public Document Room, 1717 H Street, N.W., Washington, D.C. 20555.

Pending further order of the Administrative Law Judge, parties are required to file, pursuant to the provisions of 10 CFR 2.708, an original and twenty (20) conformed copies of each such paper with the Commission. Pursuant to 10 CFR 2.785, the Commission authorizes an Atomic Safety and Licensing Appeal Board to exercise the authority and perform the review functions which would otherwise be exercised and performed by the Commission. The Appeal Board will be designated pursuant to 10 CFR 2.787, and notice as to membership will be published in the FEDERAL REGISTER.

Dated at Washington, D.C. this 8th day of April, 1977.

### CAROLINA POWER AND LIGHT CO.

#### Granting of Relief from Inservice Inspection (Testing) Requirements

The Commission has granted relief from certain requirements of the ASME Code, Section XI, "Rules for Inservice Inspection of Nuclear Power Plant Components," to the Carolina Power and Light Company. The relief is related to the inservice inspection (testing) program for the Brunswick Steam Electric Plant, Unit No. 1 located in Brunswick County, North Carolina. The ASME Code requirements are incorporated by reference into the Commission's rules and regulations in 10 CFR Part 50. The relief

is effective as of its date of issuance and ends March 1, 1978 pursuant to 50.56a (g) 6.

The relief consists of: (1) relief from ASME Code Section XI Subsection IWV for valves until March 1, 1978 and (2) relief from ASME Section XI Subsection IWP-3400 for pumps until March 1, 1978.

The request for relief complies with the standards and requirements of the Atomic Energy Act of 1954, as amended (the Act), and the Commission's rules and regulations. The Commission has made appropriate findings as required by the Act and the Commission's rules and regulations in 10 CFR Chapter I, which are set forth in the letter granting relief. Prior public notice of this action was not required since the granting of this relief from ASME Code requirements does not involve a significant hazards consideration.

The Commission has determined that granting of this relief will not result in any significant environmental impact and that pursuant to 10 CFR 51.5(d) (4) an environmental impact statement or negative declaration and environmental appraisal need not be prepared in connection with this action.

For further details with respect to this action, see (1) the request for relief dated August 18, 1976, (2) the Commission's letter to the licensee dated -----.

These documents are available for public inspection at the Commission's Public Document Room, 1717 H Street NW., Washington, D.C. and at the Southport Brunswick County Library, 109 W. Moore Street, Southport, North Carolina. A copy of item (2) may be obtained upon request addressed to the U.S. Nuclear Regulatory Commission, Washington, D.C. 20555 Attention: Director, Division of Operating Reactors.

Dated at Bethesda, Maryland, this 24th day of March 1977.

### DAIRYLAND POWER COOPERATIVE, ET AL.

#### Receipt of Attorney General's Advice and Time for Filing of Petitions

In the matter of Dairyland Power Cooperative, Lake Superior District Power Company, Cooperative Power Association, notice of receipt of Attorney General's advice and time for filing of petitions to intervene on antitrust matters.

The Commission has received, pursuant to section 105c of the Atomic Energy Act of 1954, as amended, a letter of advice from the Attorney General of the United States, dated March 28, 1977, a copy of which is attached as Appendix "A".

Any person whose interest may be affected by this proceeding may, pursuant

to § 2.714, of the Commission's "Rules of Practice," 10 CFR Part 2, file a petition for leave to intervene and request a hearing on the antitrust aspects of the application. Petitions for leave to intervene and requests for hearing shall be filed by May 14, 1977, either (1) by delivery to the NRC Docketing and Service Section at 1717 H Street NW., Washington, D.C., or (2) by mail or telegram addressed to the Secretary, U.S. Nuclear Regulatory Commission, Washington, D.C. 20555, ATTN: Docketing and Service Section.

APPENDIX "A"

[NRC Docket No. 50-484A]

DAIRYLAND POWER COOPERATIVE, LAKE SUPERIOR DISTRICT POWER COMPANY, COOPERATIVE POWER ASSOCIATION, TYRONE ENERGY PARK, UNIT NO. 1.

MARCH 28, 1977.

You have requested our advice pursuant to Section 105c of the Atomic Energy Act, as amended, in connection with the applications of the above-captioned electric systems to participate in the Tyrone Energy Park, Unit No. 1.

In connection with the application of Cooperative Power Association (CPA), we have examined the information submitted by CPA, as well as other pertinent information with respect to CPA's competitive relationships. Our review disclosed no antitrust problems regarding this application which would require a hearing by your Commission.

In the course of our antitrust review of the applications of Dairyland Power Cooperative and Lake Superior District Power Company, our attention was drawn to a provision of the July 1, 1963, Superseding Agreement between Dairyland and Lake Superior. Article VIII, Section 5 of that agreement states that for 25 years or the term of the agreement, whichever is longer, neither party shall serve any customer of the other without the other party's express written consent. This provision appears to establish a customer allocation in violation of Section 1 of the Sherman Act. When we brought this to the attention of Dairyland and Lake Superior, both parties agreed to eliminate the provision in question from their agreement and to abandon this customer allocation. Attached to this letter are letters from Dairyland's General Manager John P. Madgett and Lake Superior's President K. S. Austin memorializing this understanding. Our review revealed no other antitrust problems with these applications.

In light of the commitment by Dairyland and Lake Superior to eliminate Article VIII, Section 5 from their interconnection agreement and otherwise to abandon their customer allocation, as well as the absence of any other antitrust issues raised by their applications, we do not recommend an antitrust hearing in connection with these applications.

DAIRYLAND POWER DISTRICT, TYRONE ENERGY PARK, UNIT NO. 1

MARCH 3, 1977.

Referring to your letters of February 14 and January 17, you are advised that Dairyland is willing to execute and deliver an

amendment to the Superseding Agreement between it and Lake Superior District Power Company, dated July 1, 1963, to delete from the language of said agreement Section 5 of Article VIII.

It is our understanding that Lake Superior District Power Company is likewise willing to execute this amendment and we hope to have this completed and in the hands of you and N.R.C. within a few days.

LAKE SUPERIOR DISTRICT POWER COMPANY,  
TYRONE ENERGY PARK, UNIT NO. 1

MARCH 4, 1977.

This is to advise you that Lake Superior District Power Company will proceed to take the action necessary to amend the Superseding Agreement Between Lake Superior District Power Company and Dairyland Power Cooperative, dated July 1, 1963, to delete Section 5 of Article VIII of said agreement. It is our understanding that Dairyland Power Cooperative has also indicated its intention to execute such an amendment.

Copies of the amendment will be filed with all governmental agencies with whom the 1963 agreement was filed.

DUQUESNE LIGHT CO. ET AL  
Special Prehearing Conference

In the Matter of Duquesne Light Company, Ohio Edison Company, and Pennsylvania Power Company (Beaver Valley Power Station, Unit No. 1).

On April 1, 1977, an Atomic Safety and Licensing Board appointed to hear petitions to intervene in the above-identified proceeding granted a petition to intervene filed by the City of Pittsburgh and, accordingly, issued a Notice of Hearing with regard thereto. This hearing involves a proposed amendment to the Beaver Valley Power Station operating license, which amendment re-

quests an increase in the spent fuel storage capacity at the facility.

The Atomic Safety and Licensing Board (the Board) established to conduct the hearing is composed of Mr. Lester Kornblith, Jr. and Dr. James C. Lamb, III as technically qualified members, and Mr. Daniel M. Head as chairman.

Notice is hereby given that, in accordance with Section 2.751a of the Commission's Rules of Practice, 10 CFR Part 2, a Special Prehearing Conference will be held in the above-identified proceeding on Tuesday, May 10, 1977, at 9:30 A.M. in U.S. District Court, U.S. Post Office and Court House, 7th and Grand Streets, Pittsburgh, Pennsylvania 15220.

This Special Prehearing Conference will deal with the following matters:

1. Oral argument on all outstanding contentions raised by the petition to intervene of the City of Pittsburgh;
2. Oral argument on any outstanding motions;
3. Discussion of any action necessary for further definition of the issues;
4. The need for discovery and the time required therefor;
5. Establishment of schedule for further action; and
6. Such other matters as may be to aid in the orderly disposition of the proceeding.

The Intervenor City of Pittsburgh, the Applicants and the NRC Regulatory Staff are directed to confer in advance of this Special Prehearing Conference in such manner and at such time as they deem appropriate, to discuss any stipulations that can be reached regarding contentions, discovery, scheduling or any other matters that may aid in the orderly disposition of this proceeding. The Board will require a report on such discussions at the Special Prehearing Conference.

Members of the public are invited to attend this prehearing conference as well as the evidentiary hearing which will be held at a later date to be fixed by the Board. However, the Board will not receive any limited appearances pursuant to section 2.715(a) of the Commission's rules of practice at this prehearing conference. Such limited appearances will be received at the beginning of the evidentiary hearing to be held in this proceeding.

Issued at Bethesda, Maryland, this 6th day of April, 1977.

By order of the Atomic Safety and Licensing Board:

DANIEL M. HEAD,  
*Chairman.*

OMAHA PUBLIC POWER DISTRICT

Availability of NRC Draft Environmental Statement, Related to the Determination of Site Suitability for the Fort Calhoun Station, Unit No. 2

Pursuant to the National Environmental Policy Act of 1969 and the United

States Nuclear Regulatory Commission's regulations in 10 CFR Part 51, notice is hereby given that a Draft Environmental Statement (NUREG-0213) has been prepared by the Commission's Office of Nuclear Reactor Regulation related to the suitability of the site proposed for eventual construction of the Fort Calhoun Station, Unit No. 2, in Washington County, Nebraska. NUREG-0213 is available for inspection by the public in the Commission's Public Document Room at 1717 H Street NW., Washington, D.C., and the Omaha Public Library, 1823 Harney Street, Omaha, Nebraska 68102 and the Extra-Metropolitan Council of Governments, P.O. Box C, Fremont, Nebraska 68025. The Draft Environmental Statement is also being made available at the State Office of Planning and Programming, State Capital, Lincoln, Nebraska 68509. Copies of the Commission's Draft Environmental Statement may be obtained by request addressed to the U.S. Nuclear Regulatory Commission, Washington, D.C. 20555, Attention: Director, Division of Site Safety and Environmental Analysis.

The Applicant's Environmental Report, as supplemented by the Omaha Public Power District, is also available for public inspection at the above designated locations. Notice of availability of the Applicant's Environmental Report was published in the FEDERAL REGISTER on February 3, 1975 (40 FR 4983).

Pursuant to 10 CFR Part 51, interested persons may submit comments on the Draft Environmental Statement for the Commission's consideration. Federal, State, and specified local agencies are being provided with copies of the Draft Environmental Statement. Other interested persons or local agencies may obtain these documents upon request. Comments from Federal, State, and local officials, or other persons received by the Commission, will be made available for public inspection at the Commission's Public Document Room 1717 H Street, N.W., Washington, D.C., and the Omaha Public Library, 1823 Harney Street, Omaha, Nebraska 68102. Upon consideration of comments submitted with respect to the Draft Environmental Statement, the staff will prepare a Final Environmental Statement, the availability of which will be published in the FEDERAL REGISTER.

Comments on the Draft Environmental Statement from interested members of the public should be addressed to the U.S. Nuclear Regulatory Commission, Washington, D.C. 20555, Attention: Director, Division of Site Safety and Environmental Analysis. Comments are due by June 6, 1977.

Dated at Rockville, Maryland this 7th day of April 1977.

# PHILADELPHIA ELECTRIC CO. ET AL

## Issuance of Amendment to Facility Operating License

The U.S. Nuclear Regulatory Commission (the Commission) has issued Amendment No. 34 to Facility Operating License No. DPR-44 issued to Philadelphia Electric Company, Public Service Electric and Gas Company, Delmarva Power and Light Company, and Atlantic City Electric Company, which revised Technical Specifications for operation of the Peach Bottom Atomic Power Station, Unit No. 2. The amendment is effective as of its date of issuance.

The amendment consists of temporary changes to the Technical Specifications which will allow implementation of a testing program of reactor stability and transient response. During the tests compensatory changes have been made that will assure that reactor safety limits will be the same as those established by transient and accident analyses for cycle 2 operation.

The application for the amendment complies with the standards and requirements of the Atomic Energy Act of 1954, as amended (the Act), and the Commission's rules and regulations. The Commission has made appropriate findings as required by the Act and the Commission's rules and regulations in 10 CFR Chapter I, which are set forth in the license amendment. Prior public notice of this amendment was not required since the amendment does not involve a significant hazards consideration.

The Commission has determined that the issuance of this amendment will not result in any significant environmental impact and that pursuant to 10 CFR § 51.5(d)(4) an environmental impact statement, negative declaration or environmental impact appraisal need not be prepared in connection with issuance of this amendment.

For further details with respect to this action, see (1) the application for amendment dated March 7, 1977, (2) Amendment No. 34 to License No. DPR-44, and (3) the Commission's related Safety Evaluation. All of these items are available for public inspection at the Commission's Public Document Room, 1717 H Street, N.W., Washington, D.C. and at the Martin Memorial Library, 159 E. Market Street, York, Pennsylvania 17401.

A copy of items (2) and (3) may be obtained upon request addressed to the U.S. Nuclear Regulatory Commission, Washington, D.C. 20555, Attention: Director, Division of Operating Reactors.

## Order Suspending Certain Construction Activities

Pursuant to Section 103 of the Atomic Energy Act of 1954, as amended, (The Act), and Title 10 Chapter 1, Code of Federal Regulations Parts 2 and 50, and pursuant to the Memorandum and Order of the Nuclear Regulatory Commission dated March 31, 1977, it is hereby ordered, That Construction, Permit No. CPPR-135 and Construction Permit No. CPPR-136 issued on July 7, 1976, to Public Service Company of New Hampshire, et al., for Seabrook Station, Units 1 and 2, be suspended effective 6:00 PM (EDT) on April 8, 1977, except for completion of the Unit 1 excavation and except for activities at the site to the extent necessary to ensure the protection of:

(1) The environmental integrity of the site, and

(2) Buildings, materials or personnel at the site, including any new materials brought on site if a substantial economic penalty could be shown for failure to do so.

As applicable to the above construction and construction already completed, the conditions for protection of the environment specified as conditions 3.E.(6), 3.E.(7), 3.E.(8), and 3.E.(9) of the construction permits shall remain in effect. Conditions as specified in § 50.55(e) of 10 CFR Part 50 as applicable to excavation and to onsite storage of equipment and materials shall remain in effect.

This suspension shall remain in effect until this Order is rescinded.

[Docket No. 50-556A, 50-557A]

**PUBLIC SERVICE COMPANY OF OKLAHOMA, INC. AND WESTERN FARMERS ELECTRIC COOPERATIVE**

Receipt of Attorney General's Advice and Time for Filing of Petitions

The Commission has received, pursuant to section 105c of the Atomic Energy Act of 1954, as amended, the following advice, from the Attorney General of the United States, dated March 28, 1977:

You have requested our further advice pursuant to Section 105c of the Atomic Energy Act of 1954, as amended, in regard to the above-cited application. By letter to you dated June 23, 1975, we rendered advice with respect to Public Service Company of Oklahoma's application to construct the Black Fox units. 40 FR 28507. In that letter, we noted that Associated Electric Cooperative (AEC) had purchased a 500 MW ownership interest in the Black Fox station. Subsequently, you requested that we review the antitrust aspects of AEC's application as a participant in this plant. By letter dated May 26, 1976, we rendered our advice on AEC's application. You have asked us now to review the application of Western Farmers Electric Cooperative (WFEC) to participate in Black Fox Nuclear Station, Units 1 and 2.

WFEC, headquartered in Anadarko, Oklahoma, is a generation and transmission cooperative which has 19 members, all of which are distribution cooperatives. WFEC presently supplies power to its 12 members in western Oklahoma; beginning in July, 1977, WFEC will supply power to its other seven members located in southeastern Oklahoma. In addition, WFEC serves wholesale customers in one county in Kansas and three counties in Texas.

WFEC estimates its current (1976) peak load at 605 MW. WFEC's total available dependable generating capacity is 655 MW and is projected to almost triple in the next ten years. To meet this increase, WFEC has planned or has under construction additional generating capacity which will increase its dependable system capacity to 1749 KW by 1985. WFEC has interconnection agreements with adjacent electric power suppliers, providing for various power exchanges. Further, WFEC is a member of the Southwest Power Pool, a regional reliability organization.

We have examined the information submitted by WFEC in connection with the application as well as other information relevant to WFEC's competitive relationships. Our review of this information has disclosed no basis upon which to change our earlier conclusion that no antitrust hearing will be necessary with respect to the Black Fox Station units, assuming, of course, that the Commission issues licenses conditioned with regard to Public Service Company of Oklahoma as indicated in our letter to you of June 23, 1975, cited above.

Any person whose interest may be affected by this proceeding may, pursuant to § 2.714 of the Commission's "Rules of Practice," 10 CFR Part 2, file a petition for leave to intervene and request a hearing on the antitrust aspects of the application. Petitions for leave to intervene and requests for hearing shall be filed

by May 14, 1977, either (1) by delivery to the NRC Docketing and Service Section at 1717 H Street, NW, Washington, DC, or (2) by mail or telegram addressed to the Secretary, U.S. Nuclear Regulatory Commission, Washington, DC 20555, Attn: Docketing and Service Section.

**SAN DIEGO GAS AND ELECTRIC CO., ET AL.**

Receipt of Additional Antitrust Information; Time for Submission of Views on Antitrust Matters

San Diego Gas and Electric Company, pursuant to section 103 of the Atomic Energy Act of 1954, as amended, filed on January 21, 1977, information requested by the Attorney General for Antitrust Review as required by 10 CFR Part 50, Appendix L. This information concerns the following prospective owners: California Department of Water Resources, and the Cities of Anaheim, Glendale, Pasadena, and Riverside, California. The information was filed in connection with the application for construction permits and operating licenses filed by the San Diego Gas and Electric Company to construct and operate two pressurized water nuclear reactors on a site near Blythe in Riverside County, California. The original antitrust portion of the application was submitted on October 29, 1975 by San Diego Gas and Electric Company. The Notice of Receipt of the Antitrust Application was published in the FEDERAL REGISTER on December 5, 1975 (40 FR 56985).

A portion of the application, consisting of general and financial information accompanied by an Environmental Re-

port, dated November 20, 1976, is currently undergoing a detailed acceptance review. Upon acceptance, a Notice of Receipt of Application for Construction Permits and Operating Licenses and Availability of Environmental Report and a separate Notice of Hearing will be published in the FEDERAL REGISTER. A copy of the above stated documents, except for the Notice of Receipt for Construction Permits and Operating Licenses and Availability of Environmental Report, and the Notice of Hearing, which will be available upon issuance, are available for public inspection at the Commission's Public Document Room, 1717 H Street N.W., Washington, D.C. 20555 and at the local public document room in the Palo Verde Valley District Library, 125 West Chandlerway, Blythe, California 92255.

Any person who wishes to have his views on the antitrust matters of the application with respect to the California Department of Water Resources, and the Cities of Anaheim, Glendale, Pasadena, and Riverside, California presented to the Attorney General for consideration should submit such views to the U.S. Nuclear Regulatory Commission, Washington, D.C. 20555, Attention: Antitrust and Indemnity Group, Office of Reactor Regulation, on or before May 23, 1977.

**TENNESSEE VALLEY AUTHORITY (HARTSVILLE NUCLEAR PLANTS, PLANT A, UNIT NOS. 1 AND 2 AND PLANT B, UNIT NOS. 1 AND 2)**

Issuance of Amendment to Limited Work Authorization

Pursuant to the provisions of 10 CFR 50.10(e) of the Nuclear Regulatory Commission's (Commission) regulations, the Commission has authorized the Tennessee Valley Authority to conduct certain site activities in connection with the Hartsville Nuclear Plants, Plant A, Unit Nos. 1 and 2 and Plant B, Unit Nos. 1 and 2, in addition to those activities previously authorized in the Commission's letters dated April 22, July 23, September 9, and December 27, 1976. The effective date of this further authorization is April 5, 1977.

The additional activities authorized are within the scope of those activities authorized by 10 CFR 50.10(e)(1) and (2) and are also within the scope of the activities included in the assessment of environmental impacts considered by the Atomic Safety and Licensing Board in its Partial Initial Decisions referenced below. The additional activities authorized

pertain to work in the turbine building, including the installation of fill concrete; the structural foundation mat; the exterior walls to approximate elevation (-) 9 feet 10 inches, the interior walls, slabs, and equipment foundation to elevation (-) 6 feet 10 inches (the floor slab at (-) 6 feet 10 inches will project approximately 2 feet 2 inches above grade level); and the turbine generator pedestal to elevation (-) 9 feet 10 inches. The above work includes the installation of reinforcing, the installation of embedded items, the setting and removal of form work, the installation of sump liners, and the placement of concrete. Also included with this item is the installation of the circulating water pipe, i.e., only that portion below the turbine building foundation mat.

Any activities undertaken pursuant to this authorization are entirely at the risk of the Tennessee Valley Authority and the grant of the authorization has no bearing of the issuance of construction permits with respect to the requirements of the Atomic Energy Act of 1954, as amended, and rules, regulations, or orders promulgated pursuant thereto.

A Partial Initial Decision on matters relating to the National Environmental Policy Act and site suitability was issued by the Atomic Safety and Licensing Board in the above captioned proceeding on April 20, 1976. On September 30, 1976, the Board issued its First Supplemental Partial Initial Decision Limited Work Authorization II, Part I; on December 10, 1976, the Board issued its Second Supplemental Partial Initial Decision Limited Work Authorization II—Part II, and on March 31, 1977 the Board issued a Memorandum and Order authorizing the additional activities described herein. A copy of (1) the Partial Initial Decisions and the Memorandum and Order (2) the applicant's Preliminary Safety Analysis Report and amendments thereto; (3) the applicant's Environmental Report and amendments thereto; (4) the Staff's Final Environmental Statement dated June 1975, (5) the Commission's letters of authorization dated April 22, July 23, September 9, and December 27, 1976 and (6) the Commission's further letter of authorization, dated April 5, 1977, are available for public inspection at the Commission's Public Document Room at 1717 H Street NW., Washington, D.C. and the Fred A. ## Order Postponing Special Prehearing Conference

Vermont Yankee Nuclear Power Corporation (Licensee) has made a request to postpone the special prehearing conference from April 19 to April 26, 1977.

The reason given for the request is that one of the principal attorneys for the Licensee in this proceeding will present a statement on April 19th to a Congressional committee considering water pollution matters and problems pertaining to particular cases, including the famed Seabrook case.

All parties to the proceeding have agreed to the request for the one-week postponement.

The Atomic Safety and Licensing Board finds good cause to grant the Licensee's request.

Wherefore, it is ordered, in accordance with the Atomic Energy Act, as amended, and the Rules of Practice of the Nuclear Regulatory Commission, that the Licensee's requested postponement is granted and no prehearing conference will convene on April 19, but a Special Prehearing Conference in this proceeding shall convene at 9 a.m. on Tuesday, April 26, 1977, in Room 200 (Second Floor) of the U.S. Federal District Court, 204 Main Street, Brattleboro, Vermont 05301 to consider the petitions to intervene herein and the answers thereto, as well as identification of the key issues, establishment of a schedule for further actions and such other matters as may come within the scope of § 2.751(a) of the Rules of Practice of the Commission.

## Issuance of Amendment to Facility Operating License and Approval of a Reevaluation of ECCS Cooling Performance

The U.S. Nuclear Regulatory Commission (the Commission) has issued Amendment No. 29 to Facility Operating License No. DPR-27 issued to Wisconsin Electric Power Company and Wisconsin Michigan Power Company which revised Technical Specifications for operation of the Point Beach Nuclear Plant Unit No. 1, located in the Town of Two Creeks, Manitowac County, Wisconsin. The amendment is effective as of its date of issuance.

The amendment consists of changes in the Technical Specifications that will allow operation of Unit No. 2 in core Cycle 4 by eliminating the fuel residence time limit and modifying the core power distribution limits.

In addition, the Commission has approved the reevaluation of ECCS cooling performance for both Point Beach Units Nos. 1 and 2 that was submitted by the licensees on October 27, 1976 and supplemented by letter dated January 6, 1977 in response to the Commission's Order for Modification of License dated August 27, 1976.

The application for the amendment to Point Beach Unit No. 2 (Docket No. 50-301) and the licensees' October 27, 1976 submittal of reevaluation of ECCS cooling performance for Point Beach Units Nos. 1 and 2 (Dockets Nos. 50-266 and 50-301) comply with the standards and requirements of the Atomic Energy Act of 1954, as amended (the Act), and the Commission's rules and regulations. The Commission has made appropriate findings as required by the Act and the Commission's rules and regulations in 10 CFR Chapter I, which are set forth in the license amendment. Notice of the Proposed Issuance of Amendment to Facility Operating License No. DPR-27 in connection with this action was published in the FEDERAL REGISTER on January 10, 1977 (42 FR 2141). Notice of Order for Modification of Licenses (Docket Nos. 50-266 and 50-301) was published in the FEDERAL REGISTER on September 9, 1976 (41 FR 38236). No request for a hearing or petition for leave to intervene was filed following notice of the proposed action or notice of the Order for Modifications for Licenses.

The Commission has determined that the issuance of this amendment will not

result in any significant environmental impact and that pursuant to 10 CFR 51.5 (d) (4) an environmental impact statement and negative declaration or environmental impact appraisal need not be prepared in connection with the issuance of this amendment.

For further details with respect to this action, see (1) the application for amendment dated December 9, 1976, as supplemented by letters dated February 1, March 18, and April 1, 1977, (2) Amendment No. 29 to License No. DPR-27, (3) the licensees' October 27, 1976 response to the Commission's Order for Modification of License dated August 27, 1976, and supplemental information dated January 6, 1977, and (4) the Commission's related Safety Evaluation. All of these items are available for public inspection at the Commission's Public Document Room, 1717 H Street NW., Washington, D.C. and at the Document Department—University of Wisconsin, Stevens Point Library, Attention: Mr. Arthur M. Fish, Stevens Point, Wisconsin 54481.

A copy of items (2) and (4) may be obtained upon request addressed to the U.S. Nuclear Regulatory Commission, Washington, D.C. 20555, Attention: Director, Division of Operating Reactors.

Dated at Bethesda, Maryland, this 7th day of April 1977.

## NATIONAL TRANSPORTATION SAFETY BOARD

[N-AR 77-15]

### SAFETY RECOMMENDATION RESPONSES

#### Receipt and Availability

*Response to Aviation Safety Recommendations A-77-1 and A-77-2.*—National Transportation Safety Board recommendations to test the fuel system installed in the Grumman American AA-1B and similar model airplanes, and thereafter to change the fuel system design if necessary, have been answered by the Federal Aviation Administration. The recommendations were issued following investigation of the crash last July 13 of a Grumman American AA-1B at New Cumberland, West Virginia. The Board found that the AA-1B engine failed as a result of fuel starvation even though the fuel selector was positioned to a tank which contained approximately three gallons of fuel, or about one-quarter full. (See 42 FR 6655, February 3, 1977.)

FAA, by letter of March 29, states that seven tests have been conducted, simulating as near as possible the configurations, fuel load conditions, and flight maneuvers described in the Safety Board's January 27 recommendation letter. FAA reports that the Grumman American Aviation Corporation supplied

the test airplane, a Model AA-1B, and full operation support, and that an airplane conformity inspection was made and recorded by FAA personnel.

FAA further reports that the flight tests were conducted by the Chief, Flight Test Section, FAA Southern Region, assisted by a Grumman American flight test engineer. A G-meter was installed in the airplane, the left fuel tank was filled with 100-octane low lead fuel, and the right tank was serviced to three gallons. The weather was clear, with light-to-moderate turbulence; temperature was 35° to 40° F. FAA's March 29 letter provides a detailed account of the seven tests, describing the configurations and the procedures employed in each instance.

FAA concludes, with reference to recommendation A-77-1, "The design of the engine fuel system and tank installation in the Grumman American AA-1B is safe and complies with CFR Part 23."

In view of its test findings, FAA plans no action on recommendation A-77-2 which sought an Airworthiness Directive requiring that all Grumman American AA-1B and similar models, flight operations "be in conformance with the newly established usable fuel supply."

*Safety Board Reply to National Highway Traffic Safety Administration Recommendation H-76-28.*—On April 4 the Board noted with approval NHTSA's proposed additional brake-system compatibility testing in its FY 1977 research program. The proposed tests, discussed in NHTSA's letter of last November 26 (41 FR 55002, December 16, 1976), will be made in implementing recommendation H-76-28 which asked for tests and resolution of the apparent problem of operating any vehicle combination over the full-speed range and road and weather conditions encountered in normal operations if one of the units is equipped with a Federal Motor Vehicle Safety Standards No. 121 antilock brake system and the other unit is not. The recommendation was developed from the Board's investigation of the Union Oil Company gasoline truck and trailer crash on the Alaskan Freeway near Seattle, Washington, December 4, 1975.

NHTSA is asked to provide the scheduled testing dates, since the Safety Board wants to send one of its professional staff members to observe the testing of the various 121 and non-121 configurations scheduled for the Aberdeen Proving Ground, Maryland.

NOTE.—Copies of the full text of the above letters may be obtained at a cost of \$4.00 for service and 10¢ per page for reproduction. All requests must be in writing, identified by recommendation number and date of publication of this notice in the FEDERAL REGISTER. Address inquiries to: Public Inquiries Section, National Transportation Safety Board, Washington, D.C. 20594.

## OFFICE OF SCIENCE AND TECHNOLOGY POLICY

### INTERGOVERNMENTAL SCIENCE, ENGINEERING, AND TECHNOLOGY ADVISORY PANEL

#### Meeting

In accordance with the Federal Advisory Committee Act, Pub. L. 92-463, the Office of Science and Technology Policy announces the following meeting:

Name: Intergovernmental Science, Engineering, and Technology Advisory Panel Energy Task Force.

Date: May 6, 1977.

Time: 9:30 a.m.-3 p.m.

Place: New York State Energy Research & Development Authority, 230 Park Avenue, New York, N.Y. 10017.

Type of Meeting: Open.

Contact Person: Mr. Gordon Harrison, Office of the Governor, Atlanta, Georgia, Executive Office of the President; telephone (404) 656-5767. Anyone who plans to attend should contact Mr. Harrison by April 29.

Purpose of the Panel: The Intergovernmental Science, Engineering, and Technology Advisory Panel was established on November 4, 1976. The Panel is to identify State, regional and local government problems which research and technology may assist in resolving or ameliorating and to help develop policies to transfer research and development findings. The Energy Task Force was formed on March 25, 1977. It is responsible for identifying steps that the Federal government might take to increase the involvement of State and local governments in setting research priorities in the energy area and to increase the applications of energy-related science and technology products and processes in State and local governments.

Minutes of the meeting: Summary minutes of the meeting will be available from Louis Blair, Executive Secretary, ISETAP, Office of Science and Technology Policy, Executive Office of the President, 3011 NEOB, Washington, D.C. 20560, (202) 395-4536.

#### TENTATIVE AGENDA

To discuss structure objectives and coordinative measures and to develop a charter for the Energy Task Force.

WILLIAM J. MONTGOMERY,  
Executive Officer, Office of  
Science and Technology Policy.

## SECURITIES AND EXCHANGE COMMISSION

### CONTINUATION OF ADVISORY COMMITTEES

#### Opportunity for Public Comment

The Securities and Exchange Commission is conducting a review of Federal advisory committees as directed by the President and the Office of Management and Budget. In connection with that review, we invite comments from interested members of the public on the need for and the performance of SEC advisory committees.

SEC advisory committees are as follows:

# ADVISORY COMMITTEE ON REPLACEMENT COST IMPLEMENTATION

The Committee's objectives are to advise the Chief Accountant of the Securities and Exchange Commission on various difficult, complex and technical questions concerning implementation of Rule 3-17 of Regulation S-X relating to replacement cost data, including:

- (1) Conceptual and empirical problems of replacement cost measurement.
- (2) Appropriate supplemental disclosures; and
- (3) Other matters coming to the attention of the Chief Accountant.

## THE NATIONAL MARKET ADVISORY BOARD

The Advisory Board's objectives are to:

- (1) Formulate and furnish to the Commission its views on significant regulatory proposals made by the Commission or any self-regulatory organization concerning the establishment, operation, and regulation of the markets for securities in the United States;
- (2) Study and make recommendations to the Commission as to the steps it finds appropriate to facilitate the establishment of a national market system; and
- (3) Study the possible need for modification of the scheme of self-regulation so as to adapt it to a national market system, including the need for the establishment of a new self-regulatory organization, a National Market Regulatory Board, to administer the national market system. In the event the Advisory Board determines that a National Market Regulatory Board should be established it shall make recommendations as to: (a) The point in time at which a Regulatory Board should be established; (b) The composition of a Regulatory Board;
- (c) The scope of the authority of a Regulatory Board;
- (d) The relationship of a Regulatory Board to the Commission and to existing self-regulatory organizations; and
- (e) The manner in which a Regulatory Board should be funded.

Persons wishing to comment on any of the above advisory committees should submit written statements to George A. Fitzsimmons, Advisory Committee Management Officer, Room 892, Securities and Exchange Commission, 500 North Capitol Street, Washington, D.C. 20549. Comments should be specific in nature and address particular committees. Comments should be received no later than April 22, 1977. The Commission will consider and where appropriate will forward comments to the Office of Management and Budget.

Questions concerning the review may be directed to George A. Fitzsimmons (202) 755-1160.

Dated: April 12, 1977.

GEORGE A. FITZSIMMONS,  
Secretary.

# SC OPPORTUNITIES, INC.

## Filing of Application for Approval of Conflict of Interest Transaction

Notice is hereby given that SC Opportunities (licensee) 1112 7th Avenue, Monroe, Wisconsin 53566 was licensed by the Small Business Administration on January 16, 1976, to operate as a small business investment company pursuant to the provisions of Section 301(d) of the Small Business Investment Act of 1958, as amended (15 U.S.C. 661 et seq.).

On August 31, 1976, the licensee provided equity financing to SCO Metairie-Gretna, Inc. (SCOM) a small business concern. SCOM is a Delaware corporation operating two Swiss Colony franchise stores, one in Metairie, Louisiana and Gretna, Louisiana.

SCOM is an associate of the licensee since SCOM was owned by SC America, Inc. (SCA), a Wisconsin Corporation. Mr. Ray Kubly, Mr. Robert Soderholm and Mr. Michael Kubly, all stockholders of the licensee, own more than 10% each of the Stock of SCA. 50.1% of the stock of SCOM was sold to Mr. John Koonce and 49.9% of the stock was acquired by licensee for \$4900. Licensee also provided financing in the amount of \$14,510 on August 31, 1976, and \$14,510 on September 28, 1976, in the form of notes bearing interest at the rate of 9.5 percent annually.

The transaction falls within the purview of Section 107.1004 of the regulations because the financing was used to acquire property from an associate of the licensee.

Notice is hereby given that any person may submit to SBA written comments, no later than April 29, 1977, on this financing. Any such communication should be addressed to the Deputy Associate Administrator for Investment, Small Business Administration, 1441 L Street NW., Washington, D.C. 20416.

A copy of this notice shall be published by the licensee in newspapers of general circulation in Metairie and Gretna, Louisiana.

## INTERSTATE COMMERCE COMMISSION

[AB 132]

## AKRON &amp; BARBERTON BELT RAILROAD CO.

Abandonment of Fairlawn Branch Near Norton, in Summit County, Ohio

MARCH 31, 1977.

The Interstate Commerce Commission hereby gives notice that: 1. The Commission's Section of Energy and Environment has prepared an environmental threshold assessment survey in the above-entitled proceeding in which it was concluded that the proceeding does not constitute a major Federal action significantly affecting the quality of the human environment within the meaning of the National Environmental Policy Act of 1969 (NEPA), 42 U.S.C. §§ 4321, et seq. 2. A notice setting forth this conclusion was served February 22, 1977, and no substantive comments in opposition, of an environmental nature, have been received by the Commission in response to said notice. 3. This proceeding is now ready for further disposition within the Office of Hearings or the Office of Proceedings as appropriate.

## ILLINOIS CENTRAL GULF RAILROAD CO.

Abandonment of Railroad Services

MARCH 31, 1977.

The Interstate Commerce Commission hereby gives notice that its Section of Energy and Environment has concluded that the proposed abandonment by the Illinois Central Gulf Railroad of its line between Seely and Mande, a distance of 14.5 miles, in Williamson County, Ill., if approved by the Commission, does not constitute a major Federal action significantly affecting the quality of the human environment within the meaning of the National Environmental Policy Act of 1969 (NEPA), 42 U.S.C. 4321, et seq., and that preparation of a detailed environmental impact statement will not be required under section 4332(2)(C) of the NEPA.

It was concluded, among other things, that traffic on the line is declining and amounted to 392 carloads in the 12 month period ending June 30, 1976. Ap-

proximately 75 percent of this traffic is generated at Marion which could be handled by the Missouri Pacific Railroad (Chicago and Eastern Illinois Railroad). Diversion of traffic to motor carriers in light of the small volume of traffic handled on the branch would not substantially alter the existing environment. Although there is an industrial park planned for a site west of Marion, no serious adverse impact on rural and community development is expected inasmuch as abandonment would not preclude the development of this park by the location of industries not dependent on rail service. Furthermore, the Wolf Creek Aboriginal Mound located in the Crab Orchard National Wildlife Refuge, which is listed as being eligible for inclusion on the National Register of Historic Places, would not be affected by the proposed abandonment.

Of note is that the American Heritage, Ltd., by application to the Commission filed December 20, 1976, proposes to acquire the subject branch for the purpose of providing freight service and a tourist train operation on the line. At the present, the application for acquisition has not been accepted due to the omission in the application of certain necessary data. However, should the application be processed and acquisition of the line by American Heritage eventually accomplished, the environmental impacts associated with the abandonment proposal would be eliminated.

This conclusion is contained in a staff-prepared environmental threshold assessment survey, which is available on request to the Interstate Commerce Commission, Office of Proceedings, Washington, D.C. 20423; telephone 202-275-7011.

Interested persons may comment on this matter by filing their statements in writing with the Interstate Commerce Commission, Washington, D.C., 20423, on or before May 16, 1977.

It should be emphasized that the environmental threshold assessment survey represents an evaluation of the environmental issues in the proceeding and does not purport to resolve the issue of whether the present or future public convenience and necessity permit discontinuance of the line proposed for abandonment. Consequently, comments on the environmental study should be limited to discussion of the presence or absence of environmental impacts and reasonable alternatives.

## SOUTHERN PACIFIC TRANSPORTATION CO.

Abandonment of Portion of the Lick Branch, Santa Clara County, California

MARCH 31, 1977.

The Interstate Commerce Commission hereby gives notice that comments re-

ceived in response to the environmental threshold assessment survey (TAS) in the above-entitled proceeding have not caused the Commission's Section of Energy and Environment to modify its previous conclusion that this proceeding does not represent a major Federal action significantly affecting the quality of the human environment within the meaning of the National Environmental Policy Act of 1969, 42 U.S.C. §§ 4321, et seq.

Said comments have been responded to in an addendum to the TAS which is available upon request to the Office of Proceedings, Interstate Commerce Commission, Washington, D.C. 20423, telephone 202-275-7011.

**SOUTHERN PACIFIC  
TRANSPORTATION CO.**

**Abandonment of Railroad Services**

MARCH 31, 1977.

The Interstate Commerce Commission hereby gives notice that its Section of Energy and Environment has concluded that the proposed abandonment by the Southern Pacific Transportation Company of its line of railroad between Milepost 892.25 near Litchfield Park in a northerly direction to the end of the line at Milepost 894.26 at Litchfield Park, a distance of 2.01 miles, in Maricopa County, Ariz., if approved by the Commission, does not constitute a major Federal action significantly affecting the quality of the human environment within the meaning of the National Environmental Policy Act of 1969 (NEPA), 42 U.S.C. §§ 4321, et seq., and that preparation of a detailed environmental impact statement will not be required under section 4332(2) (C) of the NEPA.

It was concluded, among other things, that the environmental impacts of the proposed action are considered insignificant because the traffic volume exhibited on the portion of the branch proposed for abandonment is low. The shift of any rail traffic to motor carriers would cause no substantial alterations in existing air quality, fuel consumption, highway traffic, and noise intrusions to the area. No land use plans of an economic or industrial importance exist which depend upon the continued operation of the line. Consequently, there is no indication that this action will have a serious adverse impact on rural or community development. There are no historic or ecological impacts associated with the proposed action.

This conclusion is contained in a staff-prepared environmental threshold assessment survey, which is available on request to the Interstate Commerce Commission, Office of Proceedings, Washington, D.C. 20423; telephone 202-275-7011.

Interested persons may comment on this matter by filing their statements

in writing with the Interstate Commerce Commission, Washington, D.C. 20423, on or before May 16, 1977.

It should be emphasized that the environmental threshold assessment survey represents an evaluation of the environmental issues in the proceeding and does not purport to resolve the issue of whether the present or future public convenience and necessity permit discontinuance of the line proposed for abandonment. Consequently, comments on the environmental study should be limited to discussion of the presence or absence of environmental impacts and reasonable alternatives.

**SOUTHERN PACIFIC  
TRANSPORTATION CO.**

**Abandonment of Railroad Services**

MARCH 31, 1977.

The Interstate Commerce Commission hereby gives notice that its Section of Energy and Environment has concluded that the proposed abandonment by the Southern Pacific Transportation Company of its line between San Bernardino and North Redlands, a distance of 7.28 miles, in San Bernardino County, Calif., if approved by the Commission, does not constitute a major Federal action significantly affecting the quality of the human environment within the meaning of the National Environmental Policy Act of 1969 (NEPA), 42 U.S.C. §§ 4321, et seq., and that preparation of a detailed environmental impact statement will not be required under section 4332(2) (C) of the NEPA.

It was concluded, among other things, that no significant environmental impacts would result from abandonment because the line has handled a minimal volume of traffic, and alternative lines of the Atchison, Topeka and Santa Fe Railroad Company are within several highway miles from stations on the line to be abandoned. Interest has been expressed in acquiring the right-of-way for alternative transportation uses and possible recreational uses; therefore, the assessment recommends an appropriate public use condition. Impacts upon air quality and fuel consumption resulting from a diversion to motor carrier are considered minimal. Other impacts resulting from this action upon water quality, noise and wildlife are found to be minimally adverse.

This conclusion is contained in a staff-prepared environmental threshold assessment survey, which is available on request to the Interstate Commerce Commission, Office of Proceedings, Washington, D.C. 20423; telephone 202-275-7011.

Interested persons may comment on this matter by filing their statements in writing with the Interstate Commerce Commission, Washington, D.C. 20423, on or before May 16, 1977.

[AB 105]

**WESTERN PACIFIC RAILROAD CO.**

**Abandonment of Railroad Services**

MARCH 31, 1977.

The Interstate Commerce Commission hereby gives notice that its Section of Energy and Environment has concluded that the proposed abandonment by the Western Pacific Railroad Company of 5.9 miles of its North Channel branch in the city of Stockton, San Joaquin County, Calif., if approved by the Commission, does not constitute a major Federal action significantly affecting the quality of the human environment within the meaning of the National Environmental Policy Act of 1969 (NEPA), 42 U.S.C. §§ 4321, et seq., and that preparation of a detailed environmental impact statement will not be required under section 4332(2) (C) of the NEPA.

It was concluded, among other things, that diversion of rail traffic to motor carriers at the levels of recent years will result in only minimal increases in energy consumption, highway traffic, or air pollution. Abandonment would be consistent with local land use plans proposing the maintenance and expansion of existing residential uses adjacent to the line, and there are no economic development plans dependent upon continued service over the subject line. Consequently, there will be no serious adverse effect upon community development.

The proposed action will not affect historic properties or threatened or endangered species of wildlife and plants. Potential salvage operations on a railroad bridge spanning the Smith Canal should only minimally impact water quality.

This conclusion is contained in a staff-prepared environmental threshold assessment survey, which is available on request to the Interstate Commerce Commission, Office of Proceedings, Washington, D.C. 20423; telephone 202-275-7011.

Interested persons may comment on this matter by filing their statements in writing with the Interstate Commerce Commission, Washington, D.C. 20423, on or before May 16, 1977.

It should be emphasized that the environmental threshold assessment survey represents an evaluation of the en-

vironmental issues in the proceeding and does not purport to resolve the issue of whether the present or future public convenience and necessity permit discontinuance of the line proposed for abandonment. Consequently, comments on the environmental study should be limited to discussion of the presence or absence of environmental impacts and reasonable alternatives.

MOTOR CARRIER BOARD TRANSFER PROCEEDINGS

The following publications include motor carrier, water carrier, broker, and freight forwarder transfer applications filed under Sections 212(b), 206(a), 211, 312(b), and 410 (g) of the Interstate Commerce Act.

Each application (except as otherwise specifically noted) contains a statement by applicants that there will be no significant effect on the quality of the human environment resulting from approval of the application.

Protests against approval of the application, which may include a request for oral hearing, must be filed with the Commission on or before May 16, 1977. Failure seasonably to file a protest will be construed as a waiver of opposition and participation in the proceeding. A protest must be served upon applicants' representative(s), or applicants (if no such representative is named), and the protestant must certify that such service has been made.

Unless otherwise specified, the signed original and six copies of the protest shall be filed with the Commission. All protests must specify with particularity

the factual basis, and the section of the Act, or the applicable rule governing the proposed transfer which protestant believes would preclude approval of the application. If the protest contains a request for oral hearing, the request shall be supported by an explanation as to why the evidence sought to be presented cannot reasonably be submitted through the use of affidavits.

The operating rights set forth below are in synopsis form, but are deemed sufficient to place interested persons on notice of the proposed transfer.

No. MC-FC-77019, filed March 10, 1977. Transferee: Simmons Trucking, Inc., P.O. Box 71, Glenwood, Mo. 63541. Transferor: Donald R. Simmons, P.O. Box 71, Glenwood, Mo. 63541. Applicant's representative: Frank W. Taylor Jr., Attorney at Law, 1221 Baltimore Ave., Suite 600, Kansas City, Mo. 64105. Authority sought for purchase by transferee of the operating rights of transferor, as set forth in Permit No. MC 140690 Sub-2, issued July 19, 1976, as follows: Coal, over irregular routes, from points in Missouri, to points in Iowa and Illinois, with no transportation for compensation on return except as otherwise authorized. Restriction: The operations authorized herein are limited to a transportation service to be performed, under a continuing contract, or contracts, with Missouri Mining, Inc., of Unionville, Mo. Transferee presently holds no authority from this Commission. Application has not been filed for temporary authority under Section 210a(b).

No. MC-FC-77027, filed March 14, 1977. Transferee: J & R Schugel Trucking, Inc., 301 North Water Street, New Ulm, MN. 56073. Transferor: Freddie Ahrenstorff, an individual, doing business as Ahrenstorff Transfer, P.O. Box 627, Lake Park, Ia. 51347. Applicant's representative: James H. Malecki, Attorney at Law, State and Center Streets, New Ulm, MN. 56073; Patrick E. Quinn, Attorney at Law, P.O. Box 82028, Lincoln, Neb. 68501. Authority sought for purchase by transferee of a portion of the operating rights of transferor, as set forth in Certificate No. MC 20729 (Sub-No. 8), issued March 7, 1967, and May 17, 1967, respectively, as follows: Limestone from the site of Midwest Limestone Co., located in Pocahontas County, Ia. to points in Minnesota, Nebraska and South Dakota and feed, from Waterloo, Ia. to points in Nebraska and South Dakota and points in Minnesota on and south of U.S. Highway 12. Also from Estherville, Ia. to points in Nebraska and South Dakota, and points in Minnesota (except Minneapolis and St. Paul) on and south of U.S. Highway 12. Also from points in Nebraska (except Fremont, Arlington, and South Sioux City and points within 60 miles of Auburn, including Auburn), and South Dakota, to Lake Park, Ia. Transferee is presently authorized to operate as a common and contract carrier under Certificate No. MC 125894 and Permit No. MC 116446

and subs thereafter. Application has not been filed for temporary authority under Section 210a(b).

No. MC-FC-77043, filed March 16, 1977. Transferee: Route Messengers of Pennsylvania, Inc., 2425 Bainbridge St., Philadelphia, Pa. 19146. Transferor: Malone Transportation, Inc., 842 East Lycoming St., Philadelphia, Pa. 19124. Applicants' representative: Alan Kahn, Attorney-at-Law, Two Penn Center Plaza, Philadelphia, Pa. 19102. Authority sought for purchase by transferee of the operating rights set forth in Certificate No. MC 64154, issued March 23, 1966, to transferor as follows: General commodities, with the usual exceptions, between Philadelphia, Pa., on the one hand, and, on the other, points in New Jersey within ten miles of Philadelphia. Transferee presently holds authority from this Commission under Certificate No. MC 129624 and subs thereafter. Application has not been filed for temporary authority under Section 210a(b).

No. MC-FC-77044, filed March 21, 1977. Transferee: Reeves Transportation Company, a corporation, Route 5, Dew's Pond Road, Calhoun, GA. 30701. Transferor: Patterson Trucking Company, a corporation, 318 Winchester Road, Memphis, Tenn. 38116. Applicants' representative: John C. Vogt, Jr., Attorney at Law, 406 N. Morgan St., Tampa, Fla. 33602. Authority sought for purchase by transferee of the operating rights of transferor set forth in Certificates Nos. MC 108065 and MC 108066 (Sub-No. 2), issued January 23, 1974 and January 26, 1976, respectively, as follows: General commodities, between Memphis, Tenn., and West Memphis, Ark., serving the Holiday Industrial Park, in De Soto County, Miss., as an off-route points in connection with such operations. Transferee presently holds authority from this Commission under Certificate No. MC 129537 (Sub-No. 1) and subs thereafter. Application has not been filed for temporary authority under Section 210a(b).

PETITIONS, APPLICATIONS, FINANCE MATTERS (INCLUDING TEMPORARY AUTHORITIES), RAILROAD ABANDONMENTS, ALTERNATE ROUTE DEVIATIONS, AND INTRASTATE APPLICATIONS

Notices

APRIL 8, 1977.

PETITIONS FOR MODIFICATION, INTERPRETATION OR REINSTATEMENT OF OPERATING RIGHTS AUTHORITY

The following petitions seek modification or interpretation of existing operating rights authority, or reinstatement of terminated operating rights authority.

An original and one copy of protests to the granting of the requested author-

ity must be filed with the Commission on or before May 16, 1977. Such protest shall comply with Special Rule 247(d) of the Commission's General Rules of Practice (49 CFR 1100.247)<sup>1</sup> and shall include a concise statement of protestant's interest in the proceeding and copies of its conflicting authorities. Verified statements in opposition should not be tendered at this time. A copy of the protest shall be served concurrently upon petitioner's representative, or petitioner if no representative is named.

No. MC 1117 (Sub-No. 2) (Notice of filing of petition for modification of commodity description), filed March 14, 1977. Petitioner: M.G.M. TRANSPORT CORPORATION, 70 Maltese Dr., Totowa, N.J. 07512. Petitioner's representative: Morton E. Kiel, Suite 6193, 5 World Trade Center, New York, N.Y. 10048. Petitioner holds a motor common carrier Certificate in No. MC 1117 (Sub-No. 2), issued November 21, 1956, authorizing transportation, as pertinent, over irregular routes, of new furniture, uncrated, and furniture frames, uncrated, from points in Passaic County, N.J., to points in Connecticut, Delaware, Maryland, Massachusetts, New Hampshire, New York, Pennsylvania, Rhode Island, Vermont, Virginia, and the District of Columbia, which are within 350 miles of Paterson, N.J. By the instant petition, petitioner seeks to modify the above commodity description by deleting the restriction "uncrated" from that part of the commodity description that reads "new furniture, uncrated".

[No. MC 52214]

#### NOTICE OF FILING OF PETITION

##### PETITION FOR DECLARATORY ORDER— INTERPRETATION OF CERTIFICATE

Petitioner: RELIABLE TRANSPORT (U.S.) LIMITED. Petitioner's representative: S. Harrison Kahn, Suite 733, Investment Building, Washington, D.C. 20005. By petition filed December 8, 1976, Reliable Transport (U.S.) Limited seeks a ruling that under the authority held in its Certificate No. MC 52214, it is able to interline shipments moving in interstate or foreign commerce, and to originate or deliver shipments, between Buffalo, N.Y., and a point on the international boundary line between the United States and Canada abutting the city of Buffalo. Petitioner presently holds authority in No. MC 52214, issued November 14, 1940, as a common carrier by motor vehicle, over regular routes, authorizing the transportation of general commodities (except those of unusual value, high explosives, household goods when transported as a separate and distinct service in connection with so-called household movings, commodities in bulk, commodities requiring special equipment), between Rochester and Buffalo,

N.Y., over specified routes, serving all intermediate points and designated off-route points.

Petitioner's petition arises out of an informal opinion from a regional office that the authority contained in the said certificate does not authorize transportation for compensation between Buffalo, N.Y., and the United States-Canada International Boundary at Buffalo, N.Y., and further, that it does not authorize the interlining of shipments originating at or destined to the United States-Canada International Boundary at Buffalo, N.Y., on the basis of the Commission's ruling in *Red Star Express Lines of Auburn, Inc. v. Maislin*, 110 M.C.C. 23.

Petitioner excepts to this statement. It argues that it is well settled that a certificate of public convenience and necessity authorizing service at a point comprehends the interchange of traffic at that point with any other carrier authorized to serve that point for the same class to traffic, and that no specific authority is required to handle interchange traffic at such an authorized point. More specifically, it contends that the Commission has long recognized that carriers authorized to serve points located at international boundaries are authorized to serve the international boundary. Petitioner's position is that the decision in *Red Star, supra*, does not set aside the rationale of the previous ruling in *Kingsway Transports Limited—Purchase—Kuhns*, 85 M.C.C. 287. Petitioner argues that one of the principal distinguishing factors between the *Red Star* and *Kingsway* decisions was the identicalness of the carrier within the United States and Canada. Petitioner states that the factual situation present in *Red Star* does not exist in its case (it admits that Reliable Transport (U.S.) Limited is affiliated with Reliable Transport Limited, a Canadian carrier) in that in the instant case there are two carriers rather than one as in the *Red Star* case.

The Commission is asked specifically whether petitioner may originate a shipment at Buffalo and transport that shipment to a point on the international boundary line (e.g., the Peace Bridge) for ultimate delivery in Canada by an appropriately authorized Canadian carrier, for deliveries on international shipments to points and places in the Province of Ontario. It submits that the *Kingsway* decision sanctions this operation. Following from this, petitioner states it is also authorized to interline with an authorized interstate motor common carrier at Buffalo or at any other point on its authorized route for the transportation of interline shipments to the international boundary line for interline with a properly authorized Canadian carrier. It contends that an affirmative answer with regard to shipments into Canada demands an affirmative answer for shipments delivered by petitioner at Buffalo having a Canadian origin.

No. MC 59806 (Sub-Nos. 1, 2, and 4) (Notice of filing of petition to add an additional contracting shipper), filed

#### REPUBLICATIONS OF GRANTS OF OPERATING RIGHTS AUTHORITY PRIOR TO CERTIFICATION

The following grants of operating rights authorities are republished by order of the Commission to indicate a broadened grant of authority over that previously noticed in the FEDERAL REGISTER.

An original and one copy of protests to the granting of the authority must be filed with the Commission within 30 days after the date of this FEDERAL REGISTER notice. Such protest shall comply with Special Rule 247(d) of the Commission's *General Rules of Practice* (49 CFR 1100.247) addressing specifically the issue(s) indicated as the purpose for republication, and including a concise statement of protestant's interest in the proceeding and copies of its conflicting authorities. Verified statements in opposition shall not be tendered at this time. A copy of the protest shall be served concurrently upon the carrier's representative, or carrier if no representative is named.

No. MC 129068 (Sub-No. 31) (Republication), filed October 12, 1976, published in the FEDERAL REGISTER issue of November 11, 1976, and republished this issue. Applicant: GRIFFIN TRANSPORTATION, INC., 3002 S. Douglas Blvd., Oklahoma City, Okla. 73150. Applicant's rep-

resentative: G. Timothy Armstrong, 6161 N. May Ave., Oklahoma City, Okla. 73112. An Order of the Commission, Review Board Number 1, dated March 17, 1977, and served March 24, 1977, finds that the present and future public convenience and necessity require operation by applicant, in interstate or foreign commerce, as a *common carrier* by motor vehicle, over irregular routes, in the transportation of *trailers* (excluding recreational vehicles), designed to be drawn by passenger automobiles, in initial movements, and *buildings*, in sections, mounted on wheeled undercarriages in initial movements, from points in Kansas, to points in the United States (except Alaska and Hawaii); that applicant is fit, willing, and able properly to perform such service and to conform to the requirements of the Interstate Commerce Act and the Commission's rules and regulations thereunder. The purpose of this republication is to indicate the deletion of the restriction against the transportation of modular units and prefabricated buildings in applicant's grant of authority.

No. MC 141424 (Sub-No. 1) (Republication), filed May 17, 1976, published in the FEDERAL REGISTER issue of August 19, 1976, and republished this issue. Applicant: P-Y TRANSPORT, INC., 2767 Lewisberry Road, York, Pa. 17404. Applicant's representative: S. Harrison Kahn, Suite 733 Investment Building, Washington, D.C. 20005. An Order of the Commission, Review Board Number 3, dated March 23, 1977, and served March 30, 1977, finds that the present and future public convenience and necessity require operation by applicant, in interstate or foreign commerce, as a *common carrier* by motor vehicle, over irregular routes, in the transportation of (1) (a) *lime, plaster, gypsum, plaster and gypsum articles, plaster retarder, plaster accelerator plasterboard joint system, and nails, clips, wedges, wire fasteners, and channels*, used in the installation of lime, plaster and gypsum, and of plaster and gypsum articles, from Akron, N.Y., to points in Delaware, and (b) *returned materials* as above described, from points in Delaware to Akron, N.Y.; (2) *insulating materials*, when moving in the same vehicle and at the same time with roofing materials and supplies, from York, Pa., to Martinsburg, W. Va., and points in Ohio, New York (except points in Nassau, Orange, Rockland, Suffolk, and Westchester Counties, and the New York, N.Y., Commercial Zone, as defined in *Commercial Zones and Terminal Areas*, 53 M.C.C. 451, within which local operations may be conducted pursuant to the partial exemption of section 203(b) (8) of the Interstate Commerce Act), and that part of New Jersey south of New Jersey Highway 33, and the District of Columbia; (3) *insulating materials*, when moving in the same vehicle and at the same time with plaster, plasterboard, gypsum lath, and gypsum sheathing, from Akron, N.Y., to points in Delaware and in that part of Pennsylvania on and east of U.S. Highway 219 (except points

in Cameron, Elk, McKean, and Potter Counties, Pa.).

(4) *Roofing and building materials and materials and supplies* used in or incidental to the production and distribution of roofing and building materials, between York, Pa., on the one hand, and, on the other, Wilmington, Del., points in Maryland, and points in that part of New Jersey south of New Jersey Highway 33, and the District of Columbia; (5) *Roofing and building materials* used in the installation and application of such commodities (except iron and steel and commodities in bulk), between the plant site of Certain-Teed Products Corporation, at Avery, Ohio, on the one hand, and, on the other, points in Delaware, Maryland, New Jersey, New York, Pennsylvania, Virginia, and West Virginia, and the District of Columbia; (6) *Building materials and wire*, between York, Pa., and points in Pennsylvania within 25 miles of York, on the one hand, and, on the other, points in Maryland, Pennsylvania, and that part of New Jersey south of New Jersey Highway 33; (7) *Roofing materials and supplies* (a) from York Pa., to points in North Carolina, Virginia, and the District of Columbia, and (b) from points in New Jersey south of New Jersey Highway 33 to York, Pa., and Curtis Bay and Westminster, Md.; (8) *Lime, plaster, and gypsum; plaster, and gypsum articles, and plaster retarder, plaster accelerator, plasterboard joint system, nails, clips, wedges, wire fasteners, and channels* used in the installation of lime, plaster, gypsum, and plaster and gypsum articles, from Wheatland, N.Y., to points in Maryland, Delaware, New Jersey, and Virginia, and the District of Columbia, and that part of Pennsylvania on and east of U.S. Highway 219; (9) *Plaster, plasterboard, gypsum lath, and gypsum sheathing*, from Akron, N.Y., and points within 2 miles thereof, to points in Pennsylvania on and east of U.S. Highway 219 (except those in Cameron, Elk, McKean, and Potter Counties, Pa.); (10) *Plaster, plasterboard, gypsum lath, gypsum sheathing, and gypsum block, plank, slab, or tile*, from Oakfield, N.Y., to points in Pennsylvania on and east of U.S. Highway 219 (except Harrisburg and Lancaster, Pa., and points in Bucks, Chester, Delaware, Montgomery, and Philadelphia Counties, Pa.).

(11) *Veneer, brick and clay products, roofing materials and supplies, building paper, wallpaper, and manufactured paper products*, from York, Pa., to Martinsburg, W. Va., and points in Delaware, Maryland, Ohio, New York (except points in Nassau and Suffolk Counties and the New York, N.Y., Commercial Zone, as defined in *Commercial Zones, and Terminals Areas*, 53 M.C.C. 451, within which local operations may be conducted pursuant to the partial exemption of section 203(b)(8) of the Interstate Commerce Act), and that part of New Jersey south of New Jersey Highway 33; carrier is hereby authorized to tack the above authority at Wilmington, Del., York, Pa., and points in Penn-

sylvania within 25 miles of York, Pa.; and carrier may not perform any service under the above authority for the transportation of: (a) shipments to or from the facilities of Arctic Roofing, Inc., at or near Wilmington, Del., (b) brick and clay products from Summerville, Pa., and points in the Summerville, Pa., commercial zone as defined by the Commission, and from Porter Township (Clarion County), Pa., (c) concrete, cinder and slag products from Baltimore, Md., and York, Pa., (d) brick from the facilities of Glen Glen Corporation, at or near York, Pa., and (e) brick and clay products, from Lewis Run, Pa., and points in the Lewis Run, Pa., commercial zone, as defined by the Commission; parts (4) and (6) of the above authority are restricted against the transportation of cement and limestone, and parts (5) and (11) of the above authority are restricted against the transportation of brick, refractory products, and materials and supplies used in the installation and production of refractory products (except liquid commodities in bulk); that applicant is fit, willing, and able properly to perform such service and to conform to the requirements of the Interstate Commerce Act and the Commission's rules and regulations thereunder. The purpose of this republication is to indicate the addition of Delaware as an additional destination state in (8) above in applicant's grant of authority.

No. MC 141728 (Sub-No. 2) (Republication), filed June 10, 1976, published in the Federal Register issue of July 22, 1976, and republished this issue. Applicant: WILMINGTON CORP., Northern Industrial Park, Wilmington, Mass. 01887. Applicant's representative: Irwin M. Heller, Suite 600, One Center Plaza, Boston, Mass. 02108. A Supplemental Order of the Commission, Review Board Number 2, dated March 4, 1977, and served March 24, 1977, finds on further consideration that operation by applicant, in interstate or foreign commerce, as a contract carrier by motor vehicle, over irregular routes, in the transportation of such commodities as are sold or used by retail stores (except commodities in bulk, and commodities requiring the use of special equipment), between Boston, Mass., and the facilities of Edison Brothers Stores, Inc., located at Wilmington, Mass., under a continuing contract, or contracts, with Edison Brothers Stores, Inc., restricted to the transportation of traffic having an immediately prior or subsequent movement by rail, air, or water, will be consistent with the public interest and the national transportation policy; that applicant is fit, willing, and able properly to perform such service and to conform to the requirements of the Interstate Commerce Act and the Commission's rules and regulations thereunder. The purpose of this republication is to indicate the addition of the words "or subsequent" following the words "immediately prior" in the restriction to applicant's grant of authority.

#### MOTOR CARRIER, BROKER, WATER CARRIER AND FREIGHT FORWARDER OPERATING RIGHTS APPLICATIONS

The following applications are governed by Special Rule 247 of the Commission's General Rules of Practice (49 CFR § 1100.247). These rules provide, among other things, that a protest to the granting of an application must be filed with the Commission within 30 days after the date of notice of filing of the application is published in the FEDERAL REGISTER. Failure to seasonably to file a protest will be construed as a waiver of opposition and participation in the proceeding. A protest under these rules should comply with Section 247(d)(3) of the rules of practice which requires that it set forth specifically the grounds upon which it is made, contain a detailed statement of protestant's interest in the proceeding (including a copy of the specific portions of its authority which protestant believes to be in conflict with that sought in the application, and describing in detail the method—whether by joinder, interline, or other means—by which protestant would use such authority to provide all or part of the service proposed), and shall specify with particularity the facts, matters, and things relied upon, but shall not include issues or allegations phrased generally. Protests not in reasonable compliance with the requirements of the rules may be rejected. The original and one copy of the protest shall be filed with the Commission, and a copy shall be served concurrently upon applicant's representative, or applicant if no representative is named. If the protest includes a request for oral hearing, such requests shall meet the requirements of section 247(d)(4) of the special rules, and shall include the certification required therein.

Section 247(f) further provides, in part, that an applicant who does not intend timely to prosecute its application shall promptly request dismissal thereof, and that failure to prosecute an application under procedures ordered by the Commission will result in dismissal of the application.

Further processing steps will be by Commission order which will be served on each party of record. Broadening amendments will not be accepted after the date of this publication except for good cause shown, and restrictive amendments will not be entertained following publication in the FEDERAL REGISTER of a notice that the proceeding has been assigned for oral hearing.

Each applicant states that there will be no significant effect on the quality of the human environment resulting from approval of its application.

NOTE.—The purpose of this application is to convert applicant's Certificate of Registration to a Certificate of Public Convenience and Necessity. This is a matter directly related to a Section 5(2) finance proceeding in MC-F-13098 published in the FEDERAL REGISTER Issue of February 10, 1977. If a hearing is deemed necessary, the applicant requests it be held at either Eau Claire, Wis., or St. Paul, Minn.

#### ABANDONMENT APPLICATIONS

##### NOTICE OF FINDINGS

Notice is hereby given pursuant to Section 1a(6) (a) of the Interstate Commerce Act that orders have been entered in the following abandonment applications which are administratively final and which found that subject to conditions the present and future public convenience and necessity permit abandonment.

A Certificate of Abandonment will be issued to the applicant carriers 30 days after this Federal Register publication unless the instructions set forth in the notices are followed.

[Docket No. AB-1; Sub-No. 27]

CHICAGO AND NORTH WESTERN TRANSPORTATION COMPANY ABANDONMENT BETWEEN SOMERS AND CARROLL, IOWA

##### NOTICE OF FINDINGS

Notice is hereby given pursuant to Section 1a(6) (a) of the Interstate Commerce Act (49 U.S.C. 1a(6) (a)) that by an order entered on February 22, 1977, a finding, which is administratively final, was made by the Commission, Division 3, acting as an Appellate Division, stating that, subject to the conditions for the protection of railway employees prescribed by the Commission in *Chicago, B. & Q. R. Co., Abandonment*, 257 I.C.C. 700, and for public use as set forth in said order, the present and future public convenience and necessity permit the abandonment by the Chicago and North Western Transportation Company of that portion of its line extending from railroad milepost 389.1 near Somers, Iowa, in a southwesterly direction to railroad milepost 420.0 near Carroll, Iowa, a distance of 30.9 miles, all in Calhoun and Carroll Counties, Iowa. A certificate of abandonment will be issued

to the Chicago and North Western Transportation Company based on the above-described finding of abandonment, 30 days after publication of this notice, unless within 30 days from the date of publication, the Commission further finds that:

(1) A financially responsible person (including a government entity) has offered financial assistance (in the form of a rail service continuation payment) to enable the rail service involved to be continued; and

(2) It is likely that such proffered assistance would:

(a) Cover the difference between the revenues which are attributable to such line of railroad and the avoidable cost of providing rail freight service on such line, together with a reasonable return on the value of such line, or

(b) Cover the acquisition cost of all or any portion of such line of railroad.

If the Commission so finds, the issuance of a certificate of abandonment will be postponed for such reasonable time, not to exceed 6 months, as is necessary to enable such person or entity to enter into a binding agreement, with the carrier seeking such abandonment, to provide such assistance or to purchase such line and to provide for the continued operation of rail services over such line. Upon notification to the Commission of the execution of such an assistance or acquisition and operating agreement, the Commission shall postpone the issuance of such a certificate for such period of time as such an agreement (including any extensions or modifications) is in effect. Information and procedures regarding the financial assistance for continued rail service or the acquisition of the involved rail line are contained in the Notice of the Commission entitled "Procedures for Pending Rail Abandonment Cases" published in the FEDERAL REGISTER on March 31, 1976, at 41 FR 13691. All interested persons are advised to follow the instructions contained therein as well as the instructions contained in the above-referenced order.

##### NOTICE OF FINDINGS

Notice is hereby given pursuant to section 1a(6) (a) of the Interstate Commerce Act (49 U.S.C. 1a(6) (a)) that by an order entered on January 24, 1977, a finding, which is administratively final, was made by the Commission, Review Board Number 5, stating that, subject to the conditions for the protection of railway employees prescribed by the Commission, in *Chicago, B. & Q. R. Co., Abandonment*, 257 I.C.C. 700, and for public use as set forth in said order, the present and future public convenience and necessity permit the abandonment by the Burlington Northern Inc. of that portion of its line between Vaughn and Augusta, in Cascade, Lewis and Clark Counties, Montana, from milepost 0.10 near Vaughn, Montana, to milepost 42.24 near

Augusta, a distance of approximately 42.14 miles. A certificate of abandonment will be issued to the Burlington Northern Inc. based on the above-described finding of abandonment, 30 days after publication of this notice, unless within 30 days from the date of publication, the Commission further finds that:

(1) A financially responsible person (including a government entity) has offered financial assistance (in the form of a rail service continuation payment) to enable the rail service involved to be continued; and

(2) It is likely that such proffered assistance would:

(a) Cover the difference between the revenues which are attributable to such line of railroad and the avoidable cost of providing rail freight service on such line, together with a reasonable return on the value of such line, or

(b) Cover the acquisition cost of all or any portion of such line of railroad.

If the Commission so finds, the issuance of a certificate of abandonment will be postponed for such reasonable time, not to exceed 6 months, as is necessary to enable such person or entity to enter into a binding agreement, with the carrier seeking such abandonment, to provide such assistance or to purchase such line and to provide for the continued operation of rail services over such line. Upon notification to the Commission of the execution of such an assistance or acquisition and operating agreement, the Commission shall postpone the issuance of such a certificate for such period of time as such an agreement (including any extensions or modifications) is in effect. Information and procedures regarding the financial assistance for continued rail service or the acquisition of the involved rail line are contained in the Notice of the Commission entitled "Procedures for Pending Rail Abandonment Cases" published in the *FEDERAL REGISTER* on March 31, 1976, at 41 FR 13691. LA SALLE COUNTY, ILLINOIS**

#### NOTICE OF FINDINGS

Notice is hereby given pursuant to Section 1a(6)(a) of the Interstate Commerce Act (49 U.S.C. 1a(6)(a)) that by an order entered on February 18, 1977, a finding, which is administratively final, was made by the Commission, Commissioner Brown, stating that, subject to the conditions for the protection of railway employees prescribed by the Commission in *Chicago, B. & Q. R. Co., Abandonment*, 257 I.C.C. 700, and for public use as set forth in said order, the present and future public convenience and necessity permit the abandonment by the Burlington Northern Inc. of its line of railroad, a distance of approximately 14.49 miles between milepost 11.02 at L&S Junction to milepost 25.51 near LaSalle, Illinois,

located on the north end of the line located in LaSalle County, Illinois. A certificate of abandonment will be issued to the Burlington Northern Inc. based on the above-described finding of abandonment, 30 days after publication of this notice, unless within 30 days from the date of publication, the Commission further finds that:

(1) A financially responsible person (including a government entity) has offered financial assistance (in the form of a rail service continuation payment) to enable the rail service involved to be continued; and

(2) It is likely that such proffered assistance would:

(a) Cover the difference between the revenues which are attributable to such line of railroad and the avoidable cost of providing rail freight service on such line, together with a reasonable return on the value of such line, or

(b) Cover the acquisition cost of all or any portion of such line of railroad.

If the Commission so finds, the issuance of a certificate of abandonment will be postponed for such reasonable time, not to exceed 6 months, as is necessary to enable such person or entity to enter into a binding agreement, with the carrier seeking such abandonment, to provide such assistance or to purchase such line and to provide for the continued operation of rail services over such line. Upon notification to the Commission of the execution of such an assistance or acquisition and operating agreement, the Commission shall postpone the issuance of such a certificate for such period of time as such an agreement (including any extensions or modifications) is in effect. 14

AGENCY HOLDING THE MEETING:  
Securities and Exchange Commission.

FEDERAL REGISTER CITATION OF PREVIOUS ANNOUNCEMENT: 42 FR 17580-3, April 1, 1977.

PREVIOUSLY ANNOUNCED TIME AND DATES OF MEETINGS: 10 a.m., April 14, 19, 20, 21, 28, 1977.

CHANGES IN THE MEETINGS:

1. April 14—With respect to notice item 7 regarding proposed amendments to annual report Form U6S the Commission will consider a recommendation that it repeal Form 12-K under the Securities Exchange Act of 1934, and make other conforming changes in the rules to implement certain provisions of the Railroad Revitalization and Regulatory Reform Act of 1976. A companion recommendation would propose the publication of a notice of intent to adopt industry disclosure guidelines for railroads, including an inquiry into the disclosure of deferred maintenance and the acceptability of betterment accounting.

2. April 19—Item 7—Exchange request regarding proposed trading practices—Because of the need for additional staff consideration this item has been removed from the agenda.

3. April 19—Item 6—Because of a recent staff decision to solicit certain comments respecting the Lost and Stolen Securities program this item has been removed from the agenda.

4. April 20—Item 5—Proposed rule change of the NYSE relating to "percentage orders". The NYSE filed amendments to its proposal resulting in the need for additional staff consideration of the proposal. This item has been removed from the agenda.

5. April 20—Item 6—Chicago Board Options Exchange Proposal—Because additional staff consideration will be required of an anticipated communication from the CBOE this item has been removed from the agenda.

6. April 20—Item 7—Proposed amendment to Exchange Act Rule 17a-3(a)(9)—Because the comment period has been extended at the request of an industry association this item has been removed from the agenda.

7. April 21—Items 3 and 4, respectively proposed amendments to Rules 15b10-6 and 17a-4 and release on amendments to Rules 15c3-1 and 15c3-3. Because of the need for additional staff consideration of these matters they have been removed from the agenda.

8. April 28—Item 8 and 11 respectively amendments Rule 15c3-1 pertaining to transactions by market makers in listed options and petition for amendment to Rule 15c3-2. Because of the need for additional staff consideration of these matters they have been removed from the agenda.

Commissioners Loomis, Evans, and Pollack voted to approve the above changes.

Dated April 8, 1977.

GEORGE A. FITZSIMMONS,  
Secretary.

15

AGENCY HOLDING THE MEETING:  
Nuclear Regulatory Commission.

In accordance with the requirements of the Government in the Sunshine Act and the Commission's Rules implementing the Act, this Notice identifies an additional meeting scheduled for April 18, 1977, and a postponement.

ADDITIONAL CLOSED MEETING

By unanimous vote on April 12, 1977, the Commission determined pursuant to 5 U.S.C. 552(e)(1) and § 9.107(a) of the Commission's rules that Commission business requires that this agenda item be held on less than one week's notice to the public. The need for the meeting did not arise until April 12, and immediate discussion is required.

On Tuesday, April 12, 1977, the Nuclear Regulatory Commission (all members participating) voted unanimously to hold the following closed meeting:

MONDAY, APRIL 18

11 a.m.—NRC Authorization Bill (Authority to close: 5 U.S.C. 552b(d)(1) and 5 U.S.C. 552b(c)(9)(B) and 10 CFR 9.105(a) and 9.104(a)(9)).

The meeting will include discussion of possible testimony before Congress.

Attendees will include the Commissioners and their staff, P. Strauss the General Counsel, and members of his office, B. Huberman, the Director of the Office of Policy Evaluation and members of his staff, S. Chilk, the Secretary, and members of his staff.

The meeting will be held in the Commissioners' Conference Room, 1717 H Street, NW., Washington, D.C. For further information, contact Walter Magee, Office of the Secretary, 634-1410.

POSTPONEMENT

The meeting to discuss the Burgerak-tion petition scheduled for 11 a.m., Monday, April 18, 1977 has been postponed. It has not yet been rescheduled.

Dated at Washington, D.C., this 12th day of April, 1977.

For the Commission.

JOHN C. HOYLE,  
Assistant Secretary of the  
Commission.

Title 24—Housing and Urban Development  
CHAPTER X—FEDERAL INSURANCE ADMINISTRATION, DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

SUBCHAPTER B—NATIONAL FLOOD INSURANCE PROGRAM

[Docket No. FI 2845]

PART 1914—COMMUNITIES ELIGIBLE FOR THE SALE OF INSURANCE

Status of Participating Communities

AGENCY: Federal Insurance Administration, HUD.

ACTION: Final rule.

SUMMARY: The purpose of this rule is to list those communities where the sale of flood insurance is authorized under the National Flood Insurance Program.

Flood insurance policies for property located in the communities listed can be obtained from any licensed property insurance agent or broker serving the eligible community, or from the National Flood Insurers Association servicing company for the state.

DATES: The date that appears in the fourth column of the table is the effective

date of authorization for the sale of flood insurance.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, (202)–755–5581 or Toll Free Line 800–424–8872, Room 5270, 451 Seventh Street, Southwest, Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION: The Flood Disaster Protection Act of 1973 (Pub. L. 93–234) requires the purchase of flood insurance as a condition of receiving any form of Federal or federally related financial assistance for acquisition or construction purposes in a flood plain area having special hazards within any community identified for at least one year by the Secretary of Housing and Urban Development. The requirement applies to all identified special flood hazard areas without the United States, and no such financial assistance can legally be provided for acquisition or construction except as authorized by section 202(b) of the Act, as amended, unless the community has entered the program. Accordingly, for communities listed under this Part no such restriction exists, although insurance, if required, must be purchased.

less the community has entered the program. Accordingly, for communities listed under this Part no such restriction exists, although insurance, if required, must be purchased.

The addresses of the National Flood Insurers Association servicing companies, where flood insurance policies can be obtained, are published at § 1912.5 (24 CFR Part 1912).

The Federal Insurance Administrator finds that delayed effective dates would be contrary to the public interest. The Administrator also finds that notice and public procedure under 5 U.S.C. 553(b) are impracticable and unnecessary.

Section 1914.6 of Part 1914 of Subchapter B of Chapter X of Title 24 of the Code of Federal Regulations is amended by adding in alphabetical sequence new entries to the table. In each entry, a complete chronology of effective dates appears for each listed community. The entry read as follows:

**PART 1914—COMMUNITIES ELIGIBLE FOR THE SALE OF INSURANCE****Status of Participating Communities****AGENCY:** Federal Insurance Administration, HUD.**ACTION:** Final rule.

**SUMMARY:** The purpose of this rule is to list those communities where the sale of flood insurance is authorized under the National Flood Insurance Program.

Flood insurance policies for property located in the communities listed can be obtained from any licensed property insurance agent or broker serving the eligible community, or from the National Flood Insurers Association servicing company for the state.

**DATES:** The date that appears in the fourth column of the table is the effective date of authorization for the sale of flood insurance.

**FOR FURTHER INFORMATION CONTACT:**

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or Toll Free Line 800-424-8872, Room 5270, 451 Seventh Street, Southwest, Washington, D.C. 20410.

**SUPPLEMENTARY INFORMATION:**

The Flood Disaster Protection Act of 1973 (Pub. L. 93-234) requires the purchase of flood insurance as a condition of receiving any form of Federal or federally related financial assistance for acquisition or construction purposes in a flood plain area having special hazards within any community identified for at least one year by the Secretary of Housing and Urban Development. The requirement applies to all identified special flood hazard areas within the United States, and no such financial assistance can legally be provided for acquisition or construction except as authorized by section 202(b) of the Act, as amended,

unless the community has entered the program. Accordingly, for communities listed under this Part no such restriction exists, although insurance, if required, must be purchased.

The addresses of the National Flood Insurers Association servicing companies, where flood insurance policies can be obtained, are published at § 1912.5 (24 CFR Part 1912).

The Federal Insurance Administrator finds that delayed effective dates would be contrary to the public interest. The Administrator also finds that notice and public procedure under 5 U.S.C. 553(b) are impracticable and unnecessary.

Section 1914.6 of Part 1914 of Subchapter B of Chapter X of Title 24 of the Code of Federal Regulations is amended by adding in alphabetical sequence new entries to the table. In each entry, a complete chronology of effective dates appears for each listed community. The entry reads as follows:

**PART 1915—IDENTIFICATION AND MAPPING OF SPECIAL HAZARD AREAS**

**List of Communities With Special Hazard Areas**

**AGENCY:** Federal Insurance Administration, HUD.

**ACTION:** Final rule.

**SUMMARY:** The purpose of this rule is the identification of communities with areas of special flood or mudslide or erosion hazards as authorized by the National Flood Insurance Program. The identification of such areas is to provide guidance so that communities may mitigate hazards and reduce property losses by adopting appropriate flood plain management or other measures to minimize damage caused by floods or other hazards. It will enable communities to guide future construction, where practicable, away from locations which are threatened by flood or other hazards.

**DATES:** The effective date of identification is the date listed in the sixth column of the table or May 16, 1977, whichever is later.

**FOR FURTHER INFORMATION CONTACT:**

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, (202) 755-5581 or Toll Free Line 800-424-8872, Room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

**SUPPLEMENTARY INFORMATION:**

The Flood Disaster Protection Act of 1973 requires the purchase of flood insurance on and after March 2, 1974, as a condition of receiving any form of Federal or Federally related financial assistance for acquisition or construction purposes in an identified plain area having special flood hazards that is located within any community participating in the National Flood Insurance Program.

One year after the identification of the community as flood prone, the requirement applies to all identified special flood hazard areas within the United States, so that, after that date, no such financial assistance can legally be provided for acquisition and construction in these areas unless the community has entered the program. The prohibition, however, does not apply to loans by federally regulated, insured, supervised or approved lending institutions (1) To finance the acquisition of a residential dwelling occupied as a residence prior to March 1, 1976, or one year following identification of the area within which such dwelling is located as an area containing special flood hazards, whichever is later, or made to extend, renew, or increase the financing or refinancing in connection with such a dwelling, (2) To finance the acquisition of a building or structure completed and occupied by a small business concern, as defined by the Secretary, prior to January 1, 1976, (3) Any loan or loans, which in the aggregate do not exceed \$5,000, to finance improve-

ments to or rehabilitation of a building or structure occupied as a residence prior to January 1, 1976, or (4) Any loan or loans, which in the aggregate do not exceed an amount prescribed by the Secretary, to finance nonresidential additions or improvements to be used solely for agricultural purposes on a farm.

This 30 day period does not supersede the statutory requirement that a community, whether or not participating in the program, be given the opportunity for a period of six months to establish that it is not seriously flood prone or that such flood hazards as may have existed have been corrected by floodworks or their flood control methods. The six months period shall be considered to begin May 16, 1977 or the effective date of the Flood Hazard Boundary Map, whichever is later. Similarly, the one year period a community has to enter the program under section 201(d) of the Flood Disaster Protection Act of 1973 shall be considered to begin May 16, 1977 or the effective date of the Flood Hazard Boundary Map, whichever is later.

This identification is made in accordance with Part 1915 of Title 24 of the Code of Federal Regulations as authorized by the National Flood Insurance Program (42 U.S.C. 4001-4128).

Accordingly, § 1915.3 is amended by adding in alphabetical sequence a new entry to the table, which entry reads as follows:

§ 1915.3 List of communities with special hazard areas (FHBMs in effect).

# PART 1915—IDENTIFICATION AND MAPPING OF SPECIAL HAZARD AREAS

## List of Communities With Special Hazard Areas

AGENCY: Federal Insurance Administration, HUD.

ACTION: Final rule.

**SUMMARY:** The purpose of this rule is the identification of communities with areas of special flood or mudslide or erosion hazards as authorized by the National Flood Insurance Program. The identification of such areas is to provide guidance so that communities may mitigate hazards and reduce property losses by adopting appropriate flood plain management or other measures to minimize damage caused by floods or other hazards. It will enable communities to guide future construction, where practicable, away from locations which are threatened by flood or other hazards.

**DATES:** The effective date of identification is the date listed in the sixth column of the table or May 16, 1977 whichever is later.

## FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, (202) 755-5581 or Toll Free Line 800-424-8872, Room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

**SUPPLEMENTARY INFORMATION:** The Flood Disaster Protection Act of 1973 requires the purchase of flood insurance on and after March 2, 1974, as a condition of receiving any form of Federal or federally related financial assistance for acquisition or construction purposes in an identified plain area having special flood hazards that is located within any community participating in the National Flood Insurance Program.

One year after the identification of the community as flood prone, the re-

quirement applies to all identified special flood hazard areas within the United States, so that, after that date, no such financial assistance can legally be provided for acquisition and construction in these areas unless the community has entered the program. The prohibition, however, does not apply to loans by federally regulated, insured, supervised or approved lending institutions (1) To finance the acquisition of a residential dwelling occupied as a residence prior to March 1, 1976, or one year following identification of the area within which such dwelling is located as an area containing special flood hazards, whichever is later, or made to extend, renew, or increase the financing or refinancing in connection with such a dwelling, (2) To finance the acquisition of a building or structure completed and occupied by a small business concern, as defined by the Secretary, prior to January 1, 1976, (3) Any loan or loans, which in the aggregate do not exceed \$5,000, to finance im-

provements to or rehabilitation of a building or structure occupied as a residence prior to January 1, 1976, or (4) Any loan or loans, which in the aggregate do not exceed an amount prescribed by the Secretary, to finance non-residential additions or improvements to be used solely for agricultural purposes on a farm.

This 30 day period does not supersede the statutory requirement that a community, whether or not participating in the program, be given the opportunity for a period of six months to establish

that it is not seriously flood prone or that such flood hazards as may have existed have been corrected by floodworks or their flood control methods. The six months period shall be considered to begin May 16, 1977 or the effective date of the Flood Hazard Boundary Map, whichever is later. Similarly, the one year period a community has to enter the program under section 201(d) of the Flood Disaster Protection Act of 1973 shall be considered to begin May 16, 1977 or the effective date of the

Flood Hazard Boundary Map, whichever is later.

This identification is made in accordance with Part 1915 of Title 24 of the Code of Federal Regulations as authorized by the National Flood Insurance Program (42 U.S.C. 4001-4128).

Accordingly, § 1915.3 is amended by adding in alphabetical sequence a new entry to the table, which entry reads as follows:

§ 1915.3 List of communities with special hazard areas (FHBM in effect).

**CHAPTER I—BUREAU OF RECLAMATION,**  
**DEPARTMENT OF THE INTERIOR**  
**PART 423—1976-77 DROUGHT LOANS,**  
**GRANTS, AND DEFERMENTS**

Rules for Emergency Loans, Grants, and  
 Deferments. Under the Emergency  
 Drought Act of 1977

AGENCY: Bureau of Reclamation, In-  
 terior.

ACTION: Final rules.

**SUMMARY:** These rules provide guide-  
 lines on the implementation of the Bu-  
 reau of Reclamation Emergency Drought  
 Act of 1977, approved April 7, 1977, al-  
 lowing qualified applicants to obtain  
 loans, grants, and deferments to remedy  
 the effects of actual or prospective sub-  
 stantial economic injury resulting from  
 the 1976-77 drought. Areas eligible for  
 assistance may be designated by the  
 President or the Secretary of the In-  
 terior. The program includes short-term  
 actions to increase water supplies; makes  
 funds available for loans to repair, re-  
 place, or improve affected water supply  
 facilities in such areas; and provides au-  
 thority to establish a water bank of avail-  
 able water for redistribution.

**DATES:** These rules are effective on  
 April 14, 1977, and expire on Septem-  
 ber 30, 1977. Public comments on these  
 rules may be submitted for consideration  
 in future modifications or corrections.

**FOR FURTHER INFORMATION CON-  
 TACT:**

Eugene Hinds, Bureau of Reclamation,  
 Department of the Interior, Washing-  
 ton, D.C. 20240, 202-343-5104.

**SUPPLEMENTARY INFORMATION:**  
 Legislation to provide temporary author-  
 ities to the Secretary of the Interior to  
 facilitate emergency actions to mitigate  
 the impacts of the 1976-77 drought was  
 enacted by the Congress and signed by  
 President Carter on April 7, 1977. The  
 legislation provides the authority to ap-  
 propriate \$100 million to augment, uti-  
 lize, and conserve water supplies for ir-  
 rigation farming operations on projects  
 constructed or funded under Reclama-  
 tion law, Indian irrigation projects con-  
 structed by the Secretary, and irrigation  
 projects financed with non-Federal  
 funds. Certain fish and wildlife activities  
 are also covered. The objective is to  
 mitigate losses and damages due to the  
 1976-77 drought period.

The funds will be used to (a) establish  
 a water bank to assist water users to pur-  
 chase water from willing sellers, includ-  
 ing producers of lower value annual  
 crops, and to redistribute such available  
 water supplies for the maintenance of  
 higher value perennial crops, crops to  
 support foundation dairy and beef cat-  
 tle herds and other breeding stock; and  
 other uses as appropriate; (b) to aug-  
 ment water supplies in 1977 by permit-  
 ting water user organizations to under-  
 take construction; develop wells; build  
 pipelines; pump water from dead pool  
 storage, rivers, streams, and drains; and

other activities to alleviate the impact of  
 the drought; (c) to conduct studies to  
 identify opportunities to augment, uti-  
 lize, or conserve water supplies and eval-  
 uate potential facilities to mitigate the  
 effect of a recurrence of the current  
 emergency and make recommendations to  
 the President and the Congress. The  
 Secretary's authority under the Emer-  
 gency Fund Act of June 26, 1948, is  
 broadened to cover actions required be-  
 cause of the 1976-77 drought and to  
 allow projects financed with non-Federal  
 funds to obtain reimbursable loans from  
 the expanded Emergency Fund for  
 drought measures. However, the funds  
 for non-Federal projects are limited to  
 15 percent of the available funds, and  
 not more than \$1 million may be ex-  
 pended for any individual non-Federal  
 contracting entity.

During fiscal year 1977, a State water  
 resource organization may obtain emer-  
 gency funds up to \$1 million in a given  
 State for its drought emergency pro-  
 grams that provide benefits of a wide-  
 spread and diffuse nature, but the total  
 for this program is limited to 5 percent  
 of the available funds. Expenditures for  
 those State programs are nonreimburs-  
 able.

Funds are authorized up to \$10 million  
 on a nonreimbursable basis to purchase  
 or to acquire entitlement to water from  
 any available source to mitigate damages  
 to fish and wildlife resources caused by  
 drought.

The Department of the Interior has  
 determined that this document does not  
 contain a major proposal requiring prepa-  
 ration of an Inflation Impact Statement  
 under Executive Order 11821 and Office  
 of Management and Budget (OMB) Cir-  
 cular A-107.

It is hereby determined that publica-  
 tion of this proposed rulemaking is not a  
 major Federal action significantly affect-  
 ing the quality of the human environ-  
 ment and that no detailed statement  
 pursuant to section 102(2)(c) of the Na-  
 tional Environmental Policy Act of 1969  
 (42 U.S.C. 4332(2)(c)) is required.

Under authority of Pub. L. 95-18, it is  
 proposed to amend Subtitle B, Chapter  
 I, Title 43 of the Code of Federal Regu-  
 lations by adding a new Part 423, Subpart  
 A, as set forth below.

**Subpart A—Emergency Drought Act  
 Policies, Procedures, and Authorizations**

**§ 423.1 General.**

This Subpart A of Part 423 prescribes  
 the policies, procedures, and authoriza-  
 tions of the Bureau of Reclamation for  
 making loans and grants to contracting  
 entities, water districts and other enti-  
 ties, and deferring payments owed to the  
 United States under existing repayment  
 contracts pursuant to the Emergency  
 Drought Act of 1977.

**§ 423.2 Objectives.**

The basic objective of emergency loans  
 and deferment actions is to provide fi-  
 nancial assistance to eligible contract-  
 ing entities and agricultural operators  
 to purchase water; drill wells; install  
 pumps in wells, drains, lakes, and  
 streams; build diversion structures for  
 providing additional water; install wa-  
 ter conservation measures such as re-  
 placing open ditches with pipes; line  
 canals and laterals; install water meas-  
 uring devices; implement improved sys-  
 tem operations and irrigation practices;  
 acquire and transport water; defer in-  
 stallment payments on construction and/  
 or operation and maintenance costs  
 owed to the United States by existing  
 contracting entities for 1977 because of  
 hardship conditions created by the  
 drought; and all other appropriate ac-  
 tions to alleviate the effects of the  
 drought.

**§ 423.3 Applicant eligibility.**

Applicants eligible for loans and/or de-  
 ferments are contracting entities which  
 are located in an area that has been de-  
 termined by the President and/or the  
 Secretary of the Interior to be an emer-  
 gency drought impact area. (Loans re-  
 quested by individuals shall be processed  
 under existing authority of the Depart-  
 ment of Agriculture.)

(a) On projects constructed or fund-  
 ed under Reclamation law;

(b) On Indian irrigation projects con-  
 structed by the Secretary (rules and  
 regulations pertaining to Indian irri-  
 gation projects will be issued separate-  
 ly); and

(c) Irrigation projects financed with  
 non-Federal funds.

**§ 423.4 Definitions.**

(a) Act—Emergency Drought Act of  
 1977.

(b) Contracting Entity—(1) an organization that distributes water on projects constructed or funded under Reclamation law, (2) Indian irrigation projects constructed by the Secretary, (3) Non-Federal water using entity organized pursuant to State laws and as determined by the Bureau of Reclamation to be acceptable.

(c) Commissioner—The Commissioner of the Bureau of Reclamation.

(d) Drought—The 1976-77 drought.

(e) Reclamation—Bureau of Reclamation.

(f) Secretary—The Secretary of the Interior.

(g) Solicitor—Field or Regional Solicitor of the Department of the Interior.

(h) Water Bank—The program established by the act to finance purchases, sales, and redistribution of water.

#### § 423.5 Creation of the water bank.

Pursuant to the act, the Secretary or his designees will consult with the Department of Agriculture, universities, and other parties as appropriate to determine equitable water values. The Secretary may purchase, sell, and redistribute water which will be needed. The Secretary may authorize the Commissioner to establish water banks in each eligible district. The Secretary shall authorize the Commissioner to determine who shall receive the water, loans, and deferments under these rules.

#### § 423.6 Water bank operation for acquisition and priority for redistribution of available water.

(a) Funds available to the Secretary under the act may be used for loans to purchase water or entitlement to water and redistribute such water acquired for the water bank. Prices paid for water by the district or the Secretary can be negotiated; however, such sales and purchases are not to allow undue benefit or profit to the seller. Any purchased water is to be sold at a price to cover actual expenditures involved in acquiring and redistributing the water. The negotiated purchase price of the water may be determined by one or a combination of the following:

(1) Enterprise analysis showing net income adjusted for fixed and variable costs already incurred and associated variable costs or expenses foregone.

(2) A reasonable percentage of average gross crop values (3- to 5-year historic averages from annual Reclamation crop reports or other comparable census data).

(3) A reasonable return on investment plus fixed costs.

(4) Any other reasonable evaluation process or technique for an equitable measurement of the price of water which will not allow undue benefit or profit to the seller.

(b) Priority in allocating water for redistribution will be for use in the following order: (1) Preserving orchards and other perennial crops that have the longest remaining productive life, (2) Irrigating alfalfa or other forage or grain crops to support foundation dairy and beef cattle herds and other breeding

stock; and (3) Achieving crop maturity suitable for harvest if determined to be in the best interests of the contracting entity and the United States.

#### § 423.7 Purpose of loans pursuant to the Act.

Any contracting entities located in a designated drought area may be eligible to obtain loans for the following:

(a) Purchase and redistribution of water. (1) For uses in the order designated in § 423.6(b) above. (2) For any other need determined by the Secretary to alleviate conditions of the drought.

(b) Facilities. (1) The Secretary is authorized to make loans to water user organizations or contracting entities for such activities as the drilling of wells; installing pumps in wells, drains, lakes, and streams; building diversion structures for providing additional water; installing water measuring devices; implementing improved system operations and irrigation practices; acquiring and transporting water; and other appropriate actions to alleviate the effects of the drought. However, such facilities must be capable of providing the most effective emergency relief with the least capable investment. Any of the above work programs may be accomplished by the contracting entity or by Reclamation.

#### § 423.8 Application process for water bank loans.

(a) To the extent that this program is presently covered by the requirements of OMB Circular No. A-95, the procedure for drought assistance is as follows: Copies of the application will be sent to the State and areawide clearinghouses at the same time they are submitted to the funding agency. The applicant will also notify the clearinghouses that, because of the short time restrictions, any comments will have to be made almost immediately and addressed to the funding agency. If comments or objections from clearinghouses are not received prior to completion of application processing, they will not be considered.

(b) The application for a loan to obtain water or facilities pursuant to § 423.7(a) or § 423.7(b) shall be submitted to the appropriate Regional Director of the Bureau of Reclamation (addresses shown below).

The application shall include appropriate information as follows:

(1) Identification of contracting entity with name, address, telephone number, and title of the appropriate official.

(2) Identification of water conservation plan or plans, quantities of water involved, orchard or other perennial crops and/or crops for foundation livestock uses, purchase and sales price criteria, and other relevant data on water uses and expected results.

(3) Identification of plans to construct or install facilities showing the starting date, the expected completion date, and estimated cost.

(4) Relevant financial data, records, or statements which demonstrate or support the ability to repay the loans and the need for financial assistance.

(5) A statement or resolution setting forth the commitment and the expected time required to repay the loan covered by the application.

(6) Evidence that applicable State water laws and/or other water right entitlements have been complied with.

(c) Applications must be postmarked no later than June 1, 1977, to ensure eligibility under the initial allocation of funds. Applications postmarked after June 1, 1977, will be considered within remaining fund availability.

#### § 423.9 Loans (terms and conditions).

(a) Purchase and redistribution of water. (1) Federal financial assistance for the purchase of water or entitlement to water pursuant to § 423.7(a) will be handled through interest-free loans with repayment by the contracting entity over a period not to exceed 5 years. The contracting entity will arrange for purchase of available water for high priority agricultural uses with Federal assistance in locating sources of water and allocating supplies as identified in § 423.6(b). As an alternative, Reclamation may purchase available water and allocate and sell it to contracting entities.

(b) Facilities. (1) Any facilities obtained or constructed must be installed and operational on or before November 30, 1977.

(2) Federal financial assistance for facilities pursuant to § 423.7(b) will be handled through interest-free loans.

The loans will be repaid in annual installments without interest within 5 years unless otherwise determined by the Secretary or his designee. Such payments shall begin not later than the first year following the next year of normal water supply, as determined by the Commissioner.

(3) In the event facilities provided pursuant to § 423.7(b) generate benefits which are useable beyond 1977, the repayment period for such items may be established beyond 5 years beginning not later than the first year following the next year of normal water supply, as determined by the Commissioner; however, such repayment period shall be based on the payment capacity of the water users, or the estimated useful life of the facilities whichever produces a shorter repayment period.

(4) Operating costs associated with pumping water from ground water aquifers, dead pool storage, rivers, streams, and other sources, may be capitalized and included in the loan with the contracting entity if such costs would be in excess of the contracting entity's reasonable ability to pay such operation and maintenance costs as they occur.

(c) *Repayment contracts.* (1) Contracts for repayment of any loan will be developed separately and apart from any existing repayment and/or water service contracts between the United States and a given contracting entity. The contract will cover the terms and conditions for repayment specified above and will be approved by the appropriate Regional Director of Reclamation in behalf of the Secretary following review and certification of the contract's legal sufficiency by the Solicitor.

#### DEFERMENT OF EXISTING PAYMENTS

##### § 423.10 Deferment of 1977 payments.

The Secretary or his designee shall have authority to defer payments for construction installments and/or operation and maintenance costs owed to the United States for 1977 by existing contracting entities upon their showing of hardship conditions related to the drought in an area.

##### § 423.11 Eligibility.

Eligibility of the contracting entities within the designated drought areas for projects constructed or funded under Reclamation law will be determined on a case-by-case basis. The entity's ability to pay the 1977 payment or payments will be considered based upon a showing of hardship relating to the drought.

##### § 423.12 Application process for deferment actions.

(a) The application must be processed as provided by § 423.8(a).

(b) The application for a deferment action pursuant to this section shall include appropriate information as follows:

(1) Identification of the contracting entity with name, address, telephone number, and title of the appropriate official.

(2) Amount of 1977 payment or payments to be deferred.

(3) Justification for the needed deferment because of drought related conditions.

(4) Relevant financial data, records, or statements which demonstrate or support the need for financial assistance.

(5) A statement or resolution setting forth the need for the deferment and the commitment to repay the deferment covered by the application.

(6) Other relevant and supporting data or justification.

##### § 423.13 Deferment contracts.

(a) Construction installments and/or operation and maintenance costs owed to the United States for 1977 by existing contracting entities may be deferred upon a showing of hardship conditions relating to the drought. Such deferment action will be documented and a contract will be written using the following standards:

(1) Beneficiaries who receive the relief generally will repay the deferment. Any deferred payment or payments shall be rescheduled for repayment in annual installments, along with existing payments, as soon as practicable, within the water users' payment capacity. The initial payment for the deferred amount shall begin not later than the first year following the next year of normal water supply, as determined by the Commissioner. Such deferred payments may be added to the end of the repayment period if necessary to stay within payment capacity.

(2) Any interest bearing costs that are deferred will be added to the capital obligation and will bear interest at the authorized rate for project repayment during the time the deferred amount is outstanding.

(3) Provisions will be included for the contracting entity to repay the deferred installment earlier than the negotiated time period.

(4) Such contracts meeting the above criteria will be approved by the appropriate Regional Director of Reclamation in behalf of the Secretary following review and certification of the legal sufficiency of each contract by the Solicitor.

(b) The contract form will be simplified to the extent practicable but will properly reference existing contracts, amendments, or supplements. No new terms and conditions will be added except those required to repay the deferred amount and each contract will be negotiated based on the foregoing criteria.

#### PROGRAMS PURSUANT TO EMERGENCY FUND ACT OF 1948

##### § 423.14 Authority.

The Secretary is authorized for this drought period to expend funds allocated by the act and any other appropriations that deal with the drought through the Emergency Fund Act of 1948. The authority granted by the act shall cease on September 30, 1977.

##### § 423.15 Eligibility.

Applicants eligible for loans under this section shall be those designated in § 423.3(a), and as determined by the Commissioner to be able to repay the

loan: *Provided, however,* That each non-federally funded project may not borrow more than \$1 million and only 15 per centum of the total funds available may be used for non-federally funded projects.

##### § 423.16 Application process for programs pursuant to the Emergency Act of 1948.

The application must be processed as provided by § 423.8.

##### § 423.17 Terms and conditions for reimbursable funds.

(a) Emergency Fund requests will be reviewed on a first-come-first-served basis and disbursement will be made based on need as determined by the Secretary or his designee. Each reimbursable proposal must meet engineering and repayment capability.

(b) A contracting entity must be suitable to the United States. By appropriate resolution, the contracting entity must agree to enter into a repayment contract covering the costs of emergency work.

(1) Standard Bureau of Reclamation contract terms and conditions will apply. The 160-acre limitation will not be applicable for those projects not previously constructed with Federal funds.

(2) All costs shall be repaid without interest in accordance with § 423.9(b) above.

##### § 423.18 Procedures for State water resources agencies to obtain nonreimbursable funds.

(a) Nonreimbursable funds may be expended through State water resources agencies as designated by the Governor for drought emergency programs that provide benefits of a widespread and diffused nature, provided not more than \$1 million may be expended on behalf of any one State.

(b) The application must be processed as provided by § 423.8(a), and must be received by June 1, 1977, in order to be considered in the initial allocation of funds. The need for action must be attributable to the drought and the proposal must be a project consisting of physical structures or facilities or other conservation measures to alleviate the effects of the drought.

(c) The application for the nonreimbursable funds pursuant to this section shall include appropriate information as follows:

(1) Identification of the State Water Resource Agency or designee of the Governor with name, address, telephone number, title of the appropriate official.

(2) Identification of the plan or plans for the program, estimated costs, and schedule showing the estimated starting and completion dates for construction or installation of facilities.

(3) Compliance with all applicable State water laws and/or other water right entitlements is required.

(4) Proposed work program and supporting statements must demonstrate that the completed project will provide widespread and diffuse benefits in accordance with the act.

§ 423.19 Fish and wildlife mitigation procedures.

(a) Nonreimbursable funds up to \$10 million may be expended by the Secretary to purchase or otherwise acquire available water or entitlement to water to mitigate damage to fish and wildlife resources caused by the drought.

(b) The application must be processed as provided by § 423.8(a), and must be received by June 1, 1977, in order to be considered in the initial allocation of funds. The need for action must be attributable to the drought. Regional Directors of Reclamation shall submit any such applications they receive to the Commissioner with recommendations for consideration and approval.

(c) The application for the nonreimbursable funds pursuant to this section shall include appropriate information as follows:

(1) Identification of the appropriate State or Federal agency representing the fish and wildlife resources, including name, address, telephone number, and title of the contact official.

(2) Identification of the water acquisition plan, level and extent of coordination with State and local officials, the holders of the water rights and their willingness to sell, quantities of water involved, justification of the reasonableness of the purchase price, compliance with applicable State water laws, and other relevant information.

§ 423.20 Studies and reporting requirements.

(a) Reclamation is authorized to perform studies to identify opportunities to augment, utilize, or conserve water supplies available to Federal Reclamation projects constructed by the Secretary. Reclamation will undertake studies of means to mitigate the effects of a recurrence of the current emergency and to make recommendations to the President and to the Congress evaluating potential undertakings including but not limited to drilling wells, installing pumping plants, lining canals, replacing open ditches with pipelines, making alterations to outlet works of existing impoundments, and other actions as

appropriate. Study proposals may be submitted to the appropriate Regional Director by local interests at their own expense. Such studies and evaluations will be coordinated for input from other Federal and State agencies as appropriate.

(b) A detailed report on expenditures and accomplishments under the act will be prepared and submitted to the President and the Congress on or before March 1, 1978.

§ 423.21 Disclaimer.

Actions taken or water used pursuant to the legislation do not modify, alter, or otherwise affect existing Federal, Indian, State, local entity, and/or other authorities and rights to use water, nor is there any intent to modify interstate compacts.

Dated: April 12, 1977.

## Candidate and Committee Index of Filers

The Federal Election Commission today publishes an index to candidates, committees and individuals who have filed campaign finance reports under the Federal Election Campaign Act Amended. This index includes filers submitting reports between January 1, 1975 and December 31, 1976.

The Federal Election Commission is required by 2 U.S.C. Section 438(a) (6) "to compile and maintain a cumulative index of reports and statements filed with it, which shall be published in the FEDERAL REGISTER at regular intervals and which shall be available for purchase directly or by mail for a reasonable price." This index is published to meet that requirement. Additional copies are available from the Commission for \$.25 per copy.

Dated: April 6, 1977.

VERNON W. THOMSON,  
*Chairman for the Federal Election Commission.*

**CANDIDATE AND COMMITTEE INDEX OF FILERS**  
(January 1, 1975 through December 31, 1976)

**Purpose of the Index**

All campaign finance reports filed under the requirements of the Federal Election Campaign Act, as amended, are on file in the Public Records Office of the Federal Election Commission in Washington, D.C., and the Commission encourages the greatest possible use of these documents.<sup>1</sup> Since reports filed after January 1, 1975 now represent over 9,000 filers and over a million pages of documents, this index has been prepared as a reference to those candidates and committees from whom the FEC has received reports, and a guide to obtaining and using the reports.

**Contents of Reports**

Campaign finance reports on file with the FEC itemize the financial activity of Federal candidates and political committees, and are filed on a quarterly, monthly, and pre/post election basis. For general reference, each report also includes a summary page for the period covered, listing amounts of total receipts, total expenditures, cash on hand, debts owed, and other breakdowns.

**How to Review Reports**

All reports filed with the FEC are available for inspection and copying at Commission headquarters:

Public Records  
Federal Election Commission  
1325 K Street, N.W.  
Washington, D.C. 20463

Hours: 9 AM to 5:30 PM  
Monday through Friday  
Telephone: (202) 523-4181  
Toll Free Number: 800-424-9530

The Commission has available reference tables, ample work space, and knowledgeable staff to help locate documents. Since review may involve numerous reports with many pages, the Public Records staff is available to help narrow the scope of the review down to a size that can be handled.

**How to Order Reports**

Copies of all statements and reports on file with the Federal Election Commission can be ordered for \$.10 per page either by writing, visiting, or calling the Public Records Office at the Commission. All or part of a report may be photocopied. Persons requesting reports through the mail should identify the name of the candidate or committee and the period of time covered by the report.

If an order requires more than one half hour of Commission staff time, there will be a charge of \$2.50 for each following half hour. Authentication with the Commission Seal may also be obtained for a fee of \$2.00 per document. The Public Records Division staff is always available to assist persons in understanding the quantity of pages and cost involved in any order. Full payment in advance is required, and checks should be made payable to the "U.S. Treasurer."

**Restrictions**

Reports are made available for public inspection and copying "... Provided, That any information copied from such reports and statements shall not be sold or utilized by any person for the purpose of soliciting contributions or for any commercial purpose." (2 U.S.C. Section 438(a)(4))

**PARA PERSONA DE HABLAR ESPANOL**

Si usted tiene dificultades en entender el indice, escriba a Federal Election Commission, 1325 K Street, N.W., Washington, D.C. 20463.

<sup>1</sup> Reports on campaigns for the U.S. House of Representatives and the U.S. Senate may also be reviewed at the office of the Clerk of the House and the Secretary of the Senate, respectively. In addition, they should also be on file with the candidate's own Secretary of State.
